To The Secretary to the Government of Madras,

EDUCATIONAL Department.

Sir,

With reference to Government memorandum No. 4440-1 Educational, dated 18th December 1915, I have the honour to state that the publication in the Fort Saint George Gazette of the list of marks obtained by all the candidates at the Secondary School Leaving Certificate Public Examination is useful because when fraud in the certificate books of the holders regarding these marks is suspected the point can almost always be settled by reference to the list published in the Gazette. It is also a preventative of fraud by making it more dangerous. As however the new rules framed by the Syndicate of the

University

university of Madras regarding the eligibility of Secondary School Leaving Certificate holders for admission to University courses of study will make the list of marks less useful I consider that the publication of the marks may be discontinued, and do not propose to have the list published in future.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction.

The Hon'ble Mr. Stone, C.I.E., Commissioner for Government Examinations, and his Secretary, Mr. Maddox, have to be congratulated on the expeditious way in which the results of the Special Test Examinations are published in the Fort St. George Gazette. The Officials of Government anxiously look for these results, as their promotion in most cases depends on their success. These examinations begin in the last week of October and the results begin to appear in the second week of December! Another feature is the appearance of the failure lists immediately after the publication of the pass lists. It is really creditable that the results of so many tests, for which thousands of candidates appear, are published in so short an interval.

at School.

(2) That such moderated marks
will also be entered in the S.S.T.C.
