(Through the Accountant - General).

Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for the employment for a period of nine months from 1st July 1916 of an additional assistant on Rs. 60/- per mensem in the Government Secondary Training Class, Mangalore.

2. There is at present a single teacher for this class in the care of Sub Assistant Inspectors of Schools as under the scheme of re-organization of Government Training Schools one teacher was considered sufficient for Mangalore under

under the impression that not more than five Canarese candidates would have to be trained therein. The Inspector of Schools, 9th Circle, now reports that his experience of schools in the South Canara District has led him to think that a much larger number of students than five should be admitted for training in future if the demand for secondary grade teachers is to be adequately met, and both he and the Inspector of European and Training Schools therefore recommend that 20 students be admitted into this school in July next as in the other Secondary Training Schools and that an additional teacher on Rs. 75/- be employed to supplement the work of the single teacher who cannot be expected to take the class in all the subjects. I support the inspectors' proposal as there is at present a great dearth of Canarese teachers of the secondary grade and as the Secondary School Leaving Certificate Scheme has increased the number of persons who have gone through a secondary course and are willing to be trained as teachers. The pay of the post may be fixed at Rs. 60/- per mensem as the salary sanctioned under similar circumstances for the assistant in the Government Secondary Training Class at Calicut, in G.O. No. 720 Educational, ^{dated} 3rd July 1915.

3. I shall submit the necessary re-appropriation statement for meeting the extra charge on receipt of the Civil Budget Estimates for 1916-1917.

I have the honour to be,
Sir,
your most obedient servant,

Ch. S. S. S.
for Director of Public Instruction.

Rep. 8.2-16.

Financial Department.

The expenditure involved in the proposed employment of a temporary teacher on Rs 60 per mensem for 9 months from 1-7-16 has apparently to be considered as one of imperative and immediate necessity. The draft order may, it is submitted, be accepted.

2 The Director of Public Instruction promises to forward a re-appropriation (para 3, page 205)

$$8 \times 60 = 480$$

statement in the beginning of the official year 1916-17. As there is sufficient time for the small amount required in 1916-17 being included in the next year's budget, it is for orders whether the Accountant-General may be asked on receipt of the Educational department proceedings on this case to include the necessary provision in the budget estimates for 1916-17, by manipulating the amount deducted for probable savings. If so, Educational may be requested to omit para 2 of the draft and to inform the Director of Public Instruction that the necessary provision will be made in the next year's budget.
