From (Name) The Hon. Mr. J.H. Stone, M.A., C.I.E., F.R.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

I have the honour to report that owing to the
prevalence of plague in Coimbatore the Government Training
Schools for masters and mistresses in the town were, on the
recommendation of the Collector, ordered to be closed until
the 31st January 1916. As the Collector who was again consulted
about the reopening of the latter school after that date wired
back to say that there was no objection to its being reopened
and that it would be better for the pupils and teachers to
get themselves inoculated, I instructed the inspectress to arrange
for the reopening of the school on the 1st instant and also to

advise

advise the students to get themselves inoculated.

2. The Inspectress now reports that plague is raging severely in the town, no part of it being free from infection, that a Muhammadan mistress of the local Muhammadan Girls' School has already been attacked, that she is nervous about the health of the other teachers and that as it is not safe to allow the Training School for mistresses to work in the town in the interests of the staff and students she suggests that it be removed immediately to Palghat, where two houses are reported to be available for its accommodation. The railway fare of the staff and students from Coimbatore to Palghat and back, house rent at Palghat and some petty carriage and coolie hire will alone constitute the extra charge involved by the proposal.

*What this would be
should have been
stated though
roughly.*

3. In the circumstances set forth above and in view of the difficulty experienced in inducing female students to get themselves inoculated and of the urgency of the matter -- the closing of the school having already affected their term attendance -- I have in anticipation of the sanction of Government ordered the immediate removal of the Training School for mistresses from Coimbatore to Palghat as a temporary measure and request that my action may be approved.

*the question
is whether that
town?*

4. The extra charge can be met from the budget provision for Government Schools Special -- Training Schools for Mistresses.

5. I beg to add that I have also received telegrams from the Headmaster and students of the Training School for Masters requesting the immediate transfer of the school from Coimbatore and that I have called for a report from the Inspector. I shall

address

address Government later on the subject if necessary.

I have the honour to be,

S i r,

Your most obedient servant,

W. H. Thompson

for Director of Public Instruction.
