Mr SERIES.

G.O. No. 190

DATED 22.2.16.

[Despatch Abstract.]

Registrar of Boats Informing the
G.P.D. that accommodation is likely
to be available for the office &
library of the _____ in the
Engineering College Buildings at Chepauk
when the College is removed to the
new buildings under construction
at Guindy and that therefore the
question of providing additional
accommodation to the office of the
_____ should be deferred.

Submitting for the administrative approval and sanction of Government plans and estimates amounting to Rs.10,000/- towards the cost of extensions to the buildings occupied by the Registrar of Books, Madras.

ENCLOSURES.

R. C. No. 10325/1914

Station Madras, Dated the 11th January 1914

From (Name) the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S.,
C.I.E.,
(Designation) Director of Public Instruction,
MADRAS.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

The office of the Registrar of Books, Madras, has for some years past been labouring under the disadvantage of insufficiency of accommodation. A temporary relief was however given in 1910 by having the verandah behind the library room terraced and enclosed and used for storing books. It is now reported that the verandah as well as the library room has become overcrowded with almirahs containing the books registered since 1867 and that there is little space for keeping the publications that are presented for registration. In these circumstances, I have the honour to

request that Government may be pleased to accord their administrative approval to the enclosed plans and estimate amounting to Rs.10,000/- for an extension of the building so as to provide the accommodation required for at least the next ten years.

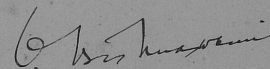

The room called "Visitors' Room" in the plan will of course be used as occasion arises for the storage of books.

It was suggested some time ago that the Registrar and his library might be accommodated in the new College of Engineering. But such little information as I have leads me to believe that this idea has been given up.

I have the honour to be,

Sir,

Your most obedient Servant,

for Director of Public Instruction.

OFFICE NOTE.

SUBJECT. Extension of buildings for the of
Library of the Registrar of Books

From the D.P.D., No. 6825/4, dt. 11.1.16.

Register No. 129 Ed.

The D.P.D. requests administrative approval to the plans and estimates amounting Rs 10,000, submitted by him, for an extension of building in which the office and library of the Registrar of Books are accommodated. In this connection, attention is solicited to page 13 of notes to G.O. No. 809 Ed. of the 29th August 1913, from which it will appear that the Engineering College buildings at Chapank, will, when the College is removed to Guindy, be available for the accommodation, ^{namely}, of the office and library of the Registrar of Books. It is understood that the College of Engineering is now in the course of construction and it is not known how long it will take for its completion. It may probably take three years before the present Engineering College buildings become available and of course there will be some difficulty in finding accommodation for keeping the publication

publications that are presented for registration in the meantime. But this temporary difficulty will have to be put ^{up} with, since in view of the present financial situation, it seems desirable to avoid all additional expenditure unless it is of imperative and immediate necessity. It is therefore submitted that the P.D. may be informed that a portion of the present buildings of the College of Engineering at Chapeau will be available for the accommodation of the office and library of the Registrar of Books as soon as the college is removed to the new buildings under construction at Guindy and that it is therefore unnecessary to construct additional buildings to the office of the Registrar of Books at a cost of Rs 10,000. But before passing ~~orders~~ orders, the P.W.D. may perhaps be requested to state when the buildings at Guindy, may be expected to be completed.

information obtained
from Budget Section

The actual expenditure on the new Engineering College work during 1914-15 was Rs 88,670 & the S.E. Circle expects to spend about Rs 87,000 during 1915-16. A sum of Rs 2,50,000 has been proposed for the work in the budget for 1916-17. Thus a sum of ^{about} Rs 4,55,670 only will have been spent at the end of 1916-17 against the estimate of Rs 14,96,485- a revised estimate has also been received & is under scrutiny in the Chief Engineer's office. As the progress of the work depends mainly on the provision of funds for the same, it may be presumed that the Engineering College buildings will take more than three years to be completed. It is for orders whether Educational may be informed accordingly on a reference to the S.E. Circle, need be made on the point.

8.2.16

Many and varied have been the proposals for the eventual utilisation of the present College of Engineering. The new college will not be ready for another 3 years or least, so if the S.E.S. considers his proposed extension "imperatively urgent" he had better press its claims.
