(Through the Accountant - General).

Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for the payment with effect from 1st July 1916 of an allowance of Rs. 5/- per mensem each to the Drawing Masters employed in the Government Secondary Training School, Tanjore and the Government Higher Elementary Training School, Calicut, in the circumstances set forth below.

2. At Calicut there are at present a Higher Elementary Training School for Masters and a Secondary Training Class, the latter of which will have to be attached to the Brennen

College

2/3
College, Tellicherry, on receipt of sanction to the scheme for the establishment of Model Secondary Schools. The staff of the Secondary Training Class consists of two teachers -- one permanent in the cadre of Sub Assistant Inspectors sanctioned under the scheme for reorganization (G.O. No. 512 Educational, dated 4th June 1913) and the other temporary on Rs. 60/- per mensem sanctioned in G.O. No. 720 Educational, Mis., dated 3rd July 1915 in view to the admission of an increased number of students of the secondary grade. There is no separate drawing master for this class, and the drawing master attached to the Higher Elementary Training School on Rs. 30/- per mensem has been teaching the subject to the secondary students as well.

121
At Tanjore there is besides a higher elementary training section (temporary) and a lower elementary training school a Secondary Training Class which will eventually have to be transferred to the High School at Tiruvalur; a drawing master on Rs. 20/- per mensem is attached to this class and he has been giving instruction in drawing to the higher elementary and lower elementary students as well in the absence of a separate drawing master for them.

As the extra work done by these two drawing masters is outside the sphere of their legitimate duties, besides being arduous, the Inspector of European and Training Schools recommends the grant of a special allowance of Rs. 5/- per mensem to each of them, as a temporary measure until the Secondary Training Schools at Calicut and Tanjore are transferred to Tellicherry and Tiruvalur, respectively.

I consider the proposal not only to be reasonable but also to be more economical than the appointment of a separate drawing master for the secondary class at Calicut and the higher and

3/4
and lower elementary training classes at Tanjore.

The allowance may be paid with effect from 1st July 1916. In this connection I beg to point out that provision for an assistant drawing master on Rs. 20/- per mensem has been made in the proposition statement relating to the Brennen College, Fellicherry, and the High School at Tiruvalur under the Model Secondary School scheme to enable the drawing masters of those institutions to undertake the extra work they will be called upon to do in connection with the secondary training classes under the above scheme.

3. I shall submit the necessary re-appropriation statement for meeting the extra charge during the next official year on receipt of the Civil Budget Estimates for that year.

I have the honour to be,

S i r,

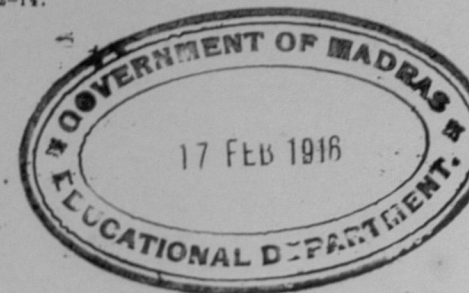

Your most obedient servant,

C. Krishnaswami

for Director of Public Instruction.

2. There is no audit objection to the proposal being sanctioned by Government.
3. The allowance in question if sanctioned will be treated as remunerative personal allowance.
4. The necessary reappropriation in next year's grants should be made before the extra expenditure is actually incurred.
