Sir,

Through the Director of Public Instruction,

Madras.

Sir,

I have the honour to submit herewith a copy of resolution No. 30 passed by the District Board at its meeting held on the 21st October 1915 in the matter of the future education of the children who are now receiving instruction in the B.G.M. Schools in this district.

2. I have already asked the Sub Assistant Inspector of Schools, the Nilgiris, to furnish me with an estimate of the annual maintenance charges of the B.G.M. Educational institutions, of which there are 26 in this district and in respect of which the Provincial Grants are to be stopped from

p3 inf

from 1st November 1915 under G.O.No.946, Educational, dated 30th August 1915.

3. In some cases, it may be possible to amalgamate a B.G. M.school with a Local Fund School where both are situated in the same hamlet or within a short distance. The other Mission Societies working on the Nilgiris are (1) the Church Mission Society (2) the Catholic Mission Society (3) the Wesleyan Mission Society and (4) the C.E.Z.M.Society. I have not consulted any of these Societies to ascertain their willingness to take any of the above schools in the absence of definite orders of Government regarding the future management of the B.G.M.Schools.

I have the honour to be,

the future education of the Badaga population affected by the necessary

taining 1,644 pupils in this district as the inefficiency consequent up-
on a prospective reduction of expenditure must have already commenced to

The general question of the management of the schools belonging to the Basel Mission is separately under consideration. A reference is issuing to the Collector of Malabar to ascertain the amount available from the mission Industrials towards the maintenance of the mission schools including those on the Nilgiris. No separate action seems possible on this. Perhaps an interim reply may be given to the President. A draft memo. is submitted below.
