Spare copies

No. K 141

Station Madras, Dated the 29th February, 1916.
1 March.

From (Name) K.T.B. Tressler, Esq.,

(Designation) Director of Industries,

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

To meet a pressing demand, Mr. Hudson of Velacheri School, has undertaken to write a manual of wood work, proof of which I herewith submit.

2. As I considered that this work, which has been prepared on lines suggested by me to suit my industrial schools, should be an official one, I have asked Mr. Hudson to give me first refusal of the publishing rights and this he has kindly consented to do.

3. If these rights are acquired, an honorarium should be paid for the labour involved in preparation. I suggest Rs. 500 as a reasonable figure but the actual amount is left to the discretion of Government.

2

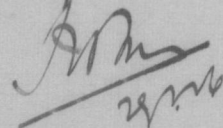

4. I propose to publish the book as one of a series of Departmental Manuals, of which I have written another and have in preparation a third. I am strongly of opinion that this Wood Work Manual should be acquired in the public interest and request that early orders may be passed on this point as Mr. Hudson wishes to publish the book one way or another.

5. I can meet the cost of the honorarium from the savings under "grants" for industrial schools.

I have the honor to be,

Sir,

Your most obedient servant,

Director of Industries.

NOTES.

OFFICE NOTE.

SUBJECT. Publication of Mr. Hudson's
Manual of wood work.

From the D. J. K. 141, dt 29. 2. 16.

Register No. 808.

The Director of Industries proposes to publish the book "Manual of woodwork" written by Mr. Hudson, Superintendent of the American Advent Mission Industrial School, Kela cheri. The ~~book~~ book is said to be written on lines suggested by the Director and the latter therefore desires that it should be published as a Departmental manual. It is submitted that the Govt. usually pay honorarium for writing a book when ~~no~~ private enterprise does not come forward to ~~the~~ undertake the work, or the book is written at the instance of the Govt. In the present case, it appears from Mr. Brester's letter that Mr. Hudson will ~~keep~~ himself published.

(This is the principle on which the Govt. have recommended the payment of honorarium to Mr. Morgan for writing certain irrigation manuals.)

publish the book if it is not taken over by Mr. Treasurer. It therefore seems ~~an~~ undesirable ~~idea~~ that the Govt should interfere in the matter. Further, the number of industrial schools in this Presidency is only about 40 and in only a few of these wood-work is one of the subjects taught. It may not therefore be necessary to incur a large expenditure in the printing of the book besides the payment of the honorarium. In these circumstances, it is for orders whether the Director may be informed that the Govt are unable to approve his proposal to undertake the publication of the book and to pay an honorarium to Mr. Hudson.

13.3.16.

Mr. Treasurer has not explained the advantages of publishing this book as an Official Manual. The advice of the Chief Engineer, P.W.D. may be obtained A.O.

15/3/16. With P.O. S. (L.O.) please offer remarks. 16.3.16

I can see no reason why Govt should under-take the publication of a general technical work of this kind

~~W.N.~~
21-3-16

The author wishes to publish the book one way or another. The obvious thing is let him do it his own way, and if the Director of Industries wants copies he may be allowed to purchase them
