GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from F DEWSBURY, Esq., Registrar, University of Madras.

To—the Secretary to Government, Educational Department.

Dated—Senate House, the 16th November 1915.

No.—7242.

I am directed by the Syndicate to request the sanction of the Government under section 25 (1) of the Indian Universities Act, 1904, to the enclosed alterations in the regulations for the examinations for the L.M. & S. and M.B. & B.S. degrees, which were adopted by the Senate at its adjourned meeting held on 23rd October 1915.

2. I am to explain that it has rarely been found possible to adhere strictly to the dates and hours fixed by the existing regulations for these examinations, and the Syndicate has regularly been obliged to exercise its powers under Regulation 96 (vi) of dispensing with a strict compliance with those regulations. For the last three years the Medical examinations have begun in March instead of April, so as to allow of the publication of the results in time for the authorities of the Medical College to make their arrangements for the following academic year: further, the rule that the written answer papers of candidates for examinations in medicine must be valued before they are examined orally or clinically is impossible of observance in all cases under the time-tables of the existing regulations.

3. The proposed alterations in the dates and time-tables of these examinations will remove the difficulties above explained. It is intended that the changes in the regulations shall come into force at once.
