Sir,

(W)

In their order No. 95 Edl. Mis., dated 22nd January 1914, Government sanctioned the proposal to open a Fifth Standard in the Model School attached to the Government Training School for Masters, Rayachoti, for a period of two years from 14th 15th January 1914 and to employ an additional teacher on Rs. 30/- per mensem with a local allowance of Rs. 6/- per mensem, and in G.O. No. 848 Edl. Mis., dated 6th August 1915, sanction was also accorded to the opening of a sixth standard in the school for a period of ten months from 1st August 1915 and to the employment of an additional teacher on Rs. 35/- per mensem with a local allowance of Rs. 7/- per mensem. The inhabitants of Rayachoti have

have since submitted a petition praying for the continuance of these two classes and also for the opening in the school of a seventh standard from July next. The Inspector of European and Training Schools whom I have consulted recommends the continuance of the fifth standard for a further period of two years from 1st April 1916 on which date the sanction for the employment of the teacher who was entertained on 1st April 1914 expires, and also the opening of a seventh standard with a teacher on Rs. 40/- plus Rs. 8/- local allowance from 1st July next. He anticipates that if a seventh standard is opened there will be

it may be gathered that the fifth and sixth standards have been fairly well attended and that a seventh standard is likely to be successful.

2/ In this connection I beg to state that the Inspector of Schools, Third Circle, informs ^{me} that there are about 20 pupils waiting for admission into the infant standard and that the parents are anxious to get them admitted into the school. There are at present five teachers on the permanent staff of the school viz., one on Rs. 25/-, 2 on Rs. 20/- each, one on Rs. 15/- and the last on Rs. 12/-, and two on the temporary staff, viz., one on Rs. 30/- and the other on Rs. 35/- exclusive of a local allowance not exceeding 20 per cent of their pay. As the strength of the infant and first standards has already gone beyond the maximum limit, it will be necessary to split each of them into two sections in case new admissions are made and as the present staff is fully engaged the Inspector recommends the employment of an additional teacher on Rs. 20/- per mensem, this

rate of pay being proposed in view to secure the services of a qualified secondary teacher. I consider the employment of an additional teacher to be necessary so as to make the model school thoroughly efficient since it has to perform for Rayachoti the function of an Incomplete Secondary School and since boys go from it to the high schools at Cuddapah and elsewhere, but I am of opinion that a pay of Rs. 15/- per mensem is sufficient for the present.

3/ I have the honour accordingly to request that you will be so good as to obtain the sanction of Government (1) for the continuance of the fifth standard and the retention of the teacher on Rs. 30/- plus Rs. 6/- Local Allowance for a period of two years from 1st April 1916, (2) for the opening of a seventh standard in the school and for the employment of an additional teacher on Rs. 40/- plus Rs. 8/- Local Allowance for a period of one year from 1st July 1916 and (3) for the employment of an additional teacher on Rs. 15/- per mensem plus Rs. 3/- Local Allowance for the lower classes for a period of one year from 1st April next -- the local allowances proposed in the last two cases being the maximum admissible but subject to reduction at the Director's discretion.

4/ I beg to add that though the Sixth standard has been opened since August last no additional teacher has yet been entertained, the matter being still under correspondence with the Inspector, and that the need for the continuance of the teacher has therefore not yet arisen.

5/ Provision for the salary of the temporary teacher on Rs. 30/- plus Rs. 6/- has been included in the Budget Estimates for 1916-1917 and I shall submit the necessary re-appropriation statement for meeting the expenditure on account of the other two proposals on receipt of the final edition of the Civil

2. Local allowance: The local allowances in all these cases follow the 20 per cent rate ^{on pay} granted to the permanent teachers in this Model School. The reason why these allowances are given is explained in the Finl. Sept. notes on pages 6+7 of G.O. 848 d. 7-6-15. The allowances need not be objected to. It has been separately proposed that the local allowances granted to the permanent teachers in this school should be treated as compensatory. Educational may be requested to add a sentence to the draft that the allowance to the temporary teachers will be treated as compensatory.

3. Rates of pay 1st 2nd 3rd 4th 5th 6th 7th 8th 9th 10th 11th 12th

These rates may be accepted. The rate of Rs. 40 in item VII corresponds to the pay (Rs. 40) drawn by the First Assistants in the Higher Elementary Training Schools and does not seem high.

Item VIII. The lowest rate of pay in this school is Rs. 12 + 2 $\frac{2}{5}$ (l.a.). It is for orders whether this rate will not suffice instead of the rate proposed by the D.P.I. viz. Rs. 15 + 3 (l.a.) for this additional teacher who is for lower standards only.

Subject to orders on the above points, the draft order may be accepted in Financial.

In this connection it is observed that the teacher's post on Rs. 35 + 7 created in G.O. No. 848.2d.L. 6-8-15 for the purpose of opening a sixth standard has so far not been filled up, though the class in question has been started. Evidently the D.P.I. has managed with the existing staff, and he proposes to continue this economical arrangement in 1916-17 in so far as the teaching of the 6th standard is concerned.
