It is not clear whether the Additional member refers to the opening of Govt. schools or ~~schools~~ to the opening of schools by local bodies with the help of Provincial grants. The general policy of the Govt. is to open new elementary schools through local bodies. It is presumed that the additional member refers only to such schools.

2. The Govt. do not follow any settled programme in the opening of new schools. Whenever funds are available for the purpose, a lump provision is made in the C.B.R. & and the D.P.D. after consulting local bodies, submits proposals for the utilization of the amount—please see para. 2 of the Director's letter on page 2 of L.P. no 1353 Edl., dated the 8th December 1915. In the ensuing year's budget estimate a provision of 1.24 lakhs was first entered on account of payment of subsidies to local bodies towards the payment of additional capitation allowance and the opening of higher standards in existing schools. At the suggestion of the Finance Committee the opening of new schools has also been ^{included} ~~noted~~ as one of the objects on which the above allotment could be utilized. It may be ~~also~~ noted in this connection that at the meeting of the Finance

Committee the Director pointed out that the sum of 1.24 lakhs was not sufficient for the payment of additional capitation allowance and the cost of opening higher standards.

The portion of this lump allotment that will be set apart for new schools is not therefore likely to be much. The Director ~~will~~ after scrutinizing the ^{applications} ~~proposals~~ of local bodies will in the usual course submit proposals to the Govt. for the utilization of this portion of the lump provision. It is not therefore possible to state at present whether any and if so, what grant could be allotted to the South Arcot district for opening new schools.

3. It may also be noted that the additional member moved a resolution at the ^{last} meeting of the Legislative Council recommending a provision of one lakh in the C.B.R. for 1916-17 for the opening of new elementary schools. This was opposed by the Govt. and lost.

4. The following draft answer is suggested:-

"The Govt. have now no proposals before them for opening new elementary schools. They will be formulated in the course of the year by the D.P.D. in consultation with local bodies, if funds are available."
