To The Chief Secretary to Government,
Political Department, Madras.

Sir,

With reference to G.O.No.915 Edl. Mis. dated the 9th August 1915, I have the honour to inform you that grants are now given by the Travancore Darbar to several orphanages maintained by private bodies within the State to which poor European and Anglo Indian children may be admitted. The need for special schools for such children has not arisen so far in Travancore, as so many as 239 such children are studying in the ordinary schools of the State and that among these there are 27 Boarding Establishments aided by the Darbar to which such children are eligible for admission. If however special

~~2~~

schools for pupils of European descent come into existence, the Darbar will be prepared to aid them as is done in Mysore. In these circumstances, the Travancore Darbar feels that it will not be justified in paying boarding grants to poor -- European and Anglo Indian children prosecuting their studies outside the State.

2. In the Cochin State there is at present no class of Anglo Indians for whom any distinctive treatment is called for and it is not likely that such a class will come into -- existence in such numbers as will necessitate a consideration of its treatment as a matter of principle.

The Darbar points out that the Educational facilities provided in the State are very extensive, and in the chief centres adequate provision exists for the education of Anglo Indians. There is therefore no necessity for them to seek admission to Educational institutions outside the -- borders of the State. Should any special case arise in the State in which the existing facilities are not adequate the Darbar will be prepared to consider it on its merits.

I have the honour to be,

Sir,

Your most obedient servant,

R. H. Luaham
R e s i d e n t.
