The humble representation of Sagaram Janarthanam,

Temporary Draftsman, Kistna Western Division Office, Bezwada.

Most humbly sheweth that,

The applicant studied in the Draftsman class of the College of Engineering, Madras, for a whole term of three years from 1906 and was unfortunately plucked in the final examination in 1908 for want of a few marks in the grand total although he passed all the individual subjects prescribed for the examination.

2. The Draftsman class having been abolished in 1908, the applicant had no further chance of qualifying himself in the said test. The unsuccessful candidates of that year were therefore specially given a proficiency certificate noting therein the degree of efficiency of each student in the important subjects of the test in addition to the usual attendance certificate. The certificate granted to the applicant produced herewith, shows that he is not deficient in any of the subjects.

3. The applicant has been serving in the Department in various capacities ever since he left the College giving perfect satisfaction to his superiors in the discharge of his duties. A statement of the services rendered by him and copies of testimonials granted to him by the different

4. Though the applicant had undergone a 1 year course in the Draftsman class, and had acquired thorough knowledge of the Departmental work by his experience in the Department, he is being treated no better than any person without training in any recognised institution.

5. The applicant approached the Chief Engineer on a previous occasion on the subject of permanently exempting him from the said test, but he was not fortunate enough to get permanent exemption though he was strongly recommended by the Officers under whom he was serving at the time (Vide copies of recommendations enclosed).

6. The applicant begs to add that in other Departments of Government, the very fact that a man has got training in the College of Engineering, Madras, is taken as a qualification for the post of Draftsman vide a notification in the Fort St. George Gazette, Part II dated 28th September, 1915, page 1837, copy of which is herewith attached.

pp 8 supra

7. The applicant having had further departmental experience in addition and in view of the fact referred in para 6 begs that the Superintending Engineer, II Class will kindly place his unfortunate case once more before the Chief Engineer for reconsideration and for obtaining for him exemption of Government from the examination rules in the Educational Department or as an alternative to obtain for him permission to study for a course of one year in the Final Lower Subordinate Class so that he may qualify himself as a Lower Subordinate.

(This certificate is granted to students who failed at final examination of the Draftsman class in December 1908, as, owing to the abolition of the above class they will have no further opportunity of qualifying as formerly, at a subsequent examination.)
.....

Certified that S. Janarthanam attended the Draftsman Class during the years 1906, July 1907 to December 1908, and that his proficiency in the various subjects, as evidenced by the final examination December 1908, was as follows:-

Geometrical and Freehand Drawing.	Satisfactory.
Building Construction. and Drawing.	Moderate.
Machine Drawing.	Moderate.
Estimating.	Moderate.
Drills and Exercises.	Satisfactory.

This is to certify that S. Janardanam worked under me for nearly four years first as a temporary tracer for $2\frac{1}{2}$ years and then as a temporary draftsman for nearly $1\frac{1}{2}$ years. He always worked hard and willingly and gave perfect satisfaction. He deserves every encouragement by being taken into the permanent establishment as a Sub-Overseer.

No. 657 W 22-12-15.

✓ Forwarded to the Chief Engineer, P.W.D.

✓ It is submitted that there is constant difficulty in this Circle in obtaining really competent draftsmen. Applicant has been well tried and has not merely scraped through the Lower Subordinate test, which many men have done without being really fit for employment as draftsmen. When, therefore, a draftsman has served under several different Executive Engineers, and for nearly four years under one officer who does not usually give praise where it is not due, and has consistently given satisfaction, there are strong prima facie grounds for granting the exemption prayed for.

✓ The application is strongly recommended for favourable consideration.

P.W.D.

SUBJECT. Application for permanent exemption from the examination rules of S. Janarthanam.

From The S.E. II Circle No. 657W & 22.12.13

Register No. 2782 P/15.

S.W.

Attention is invited to the notes to memo. No. 7676C & 18.10.13. His previous application & 28.6.13 for permanent exemption from the examination rules was rejected on the ground that many qualified men were then available and yet had not been made permanent for want of vacancies. But the conditions have since ~~been~~ changed and the general complaint in the P.W.D. is ^{want} ~~a dearth~~ of qualified lower Subordinates for the posts of Suboverseer and draftsman,

'X'

2. In G.O. R No. 278 Edl & 1.10.

the applicant Mr. S. Janarthanam was granted a temporary exemption for

p3 c.f.

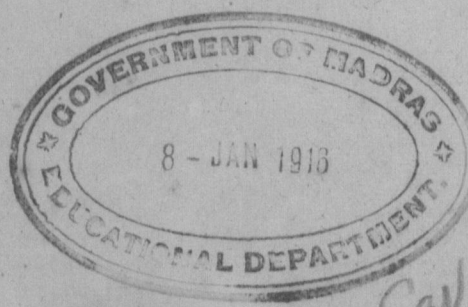

from the L.S. test from 21.8.15 to 31.3.1916.
Moreover, the S.E. II Circle in his endorse-
ment read above strongly ^{recommends} support the
present application. In these circum-
stances, the file may be sent to Edu-
cational with a recommendation
that the permanent exemption
sought for may be granted. For a
precedent, please see Ep. R No. 1166 Edl
Dated 26.10.15. Apparently the S.E. II C.
intends to ^{take} conform the applicant
into the permanent establishment.
