2. With reference to the Secy's query at B on the previous page it is sub^d that exemptions are generally applied for and sanctioned in cases where men ~~with~~ possessing the requisite qualifications are not available. Please see E₁ the recommendations made in the go^s quoted in the previous page. This question was raised by the Board last year in connection with the exemption of one Sundaresa Sastri in the Trichinopoly district. The Board stated:-

"In this connection the Board begs to bring to the notice of Govt. the large number of exemptions which have to be applied for on behalf of the Minor irrigation staff in various districts on account of the great difficulty experienced by Collectors in recruiting passed men. During the nine months from January to September 1915, not less than 3 applications for permanent, and 5 for temporary, exemptions from the upper subordinate test have been sought for and sanctioned by Government and 5 temporary exemptions from the lower subordinate test had to be granted by the Board

"and extended for further periods in 3 cases.
 "The paucity of qualified candidates
 "does not appear to be confined to one
 "district or a group of similarly circum-
 "stanced districts but is apparently
 "felt by Collectors all over the Presidency,
 "applications for exemptions received so far
 "having come from such widely
 "scattered districts as Vizagapatnam,
 "Godavari, Bellary, Anantapur, Cuddapah,
 "Chittoor, Trichinopoly and Salem.
 "The Board is not sure whether this
 "state of things is due to lack of
 "qualified men or to the insufficiency
 "of the pay and prospects of the
 "minor irrigation staff in spite of
 "their recent improvement under G.O.
 "2586 Rev. D. 5.9.1944 and ventures to
 "suggest that the Chief Engineer may
 "be consulted on these points".
