READ—the following papers :—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 4th March 1916.

No.—Ref. on Cur. 9609/15.

With reference to paragraph 2 of G.O. No. 1146, Educational, dated 3rd December 1913, I have the honour to submit herewith the manuscript and illustrations for the pattern book of decorated cottons received from Mr. Hadaway, Superintendent, School of Arts, Madras, for favour of approval and transmission to the Government Press for being printed. In consideration of the fact that there are only very few cotton painters still practising their art to whom copies of the work can, with advantage, be supplied, Mr. Hadaway is of opinion that an edition of 325 copies as per distribution list enclosed will suffice. This figure is, however, exclusive of the number of copies that might be intended for sale both in India and in England.

Office-note—from T. FISHER, Esq., I.S.O., Superintendent, Government Press.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 29th March 1916.
No.—1603.

In reply to the Educational Department Memorandum No. 826-1, dated the 17th March 1916, the Superintendent, Government Press, submits that Mr. Hadaway desires the work to be printed from blocks in the same size and form as the "Metal Work" issued in 1913, but as photographs have to be reproduced, supercalendered paper must be employed. In this form the cost will be about Rs. 3,855, Rs. 3,000 of which is for making the blocks and the book could be sold for about Rs. 14 per copy. For such a small edition it will probably be cheaper to produce the illustrations by lithography and a more durable paper could be employed, but I have no data of Survey office costs for lithographic work. Transfers from some of the original hand blocks might reduce the cost.

2. The Book section of the Press is not very busy at present.

Order—No. 577, Educational, dated the 26th May 1916.

The Government approve the proposal to print the pattern book of decorated cottons received from the Superintendent, School of Arts, Madras. The Superintendent, Government Press, will be authorized to entrust to the Principal of the Thomason College, Roorkee, the work of reproducing the illustrations on half tone blocks and he will be requested to have 400 copies of the pattern book printed.

2. The distribution lists submitted by the Director of Public Instruction are approved subject to certain modifications. The revised lists are appended to this order.

3. The Government consider that a few copies should be made available for sale both in India as well as in England. Forty and thirty-five copies have accordingly been set apart for the purpose.

4. The Superintendent, Government Press, will be requested to have copies distributed in consultation with the Superintendent, School of Arts, in accordance with the lists appended.

5. The copies intended for artisans and others (in list No. IV) should be forwarded for distribution to the Collectors of the districts concerned, in consultation with the Superintendent, School of Arts, who will furnish a list of the noteworthy artisans with particulars as to their names and addresses.

6. The cost of the publication should be debited to the head 30-C. "STATIONERY AND PRINTING—Government Presses—Secretariat Presses".

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 577, EDUCATIONAL, DATED
THE 26TH MAY 1916.

[SUBJECT.—Pattern book of cotton printing.]

From the Director of Public Instruction, No. 9609-15, dated the 4th March 1916.

In their resolution Nos. 423-431, Education, dated the 29th June 1905, printed with G.O. No. 487, Educational, dated the 14th July 1905, the Government of India ordered the preparation of illustrated pattern books of the Indian art industries, and suggested that the Principals of the Schools of Art should meet and settle certain necessary details. The Principals of the Schools of Art of Calcutta, Bombay and Lahore and the Assistant Superintendent of the School of Arts, Madras, accordingly met in a conference to discuss the various details connected with the preparation of the proposed pattern books and made certain recommendations (vide G.O. No. 797, Educational, dated the 29th November 1907). The conference agreed, among other things, that the selection of the particular artistic industries to be first dealt with should be left to the decision of the local Governments; but also suggested that "cotton printing" should first be dealt with in Madras (vide paragraph 9 on page 4 of G.O. No. 797, Educational, dated the 29th November 1907). This Government, however, considered it desirable that the volumes relating to metal work (brass and copperware) which were then under preparation should be completed before those, on "cotton printing" were taken up (vide paragraph 7 of G.O. No. 705, Educational, dated the 10th October 1908).

2. The pattern book on brass and copperware was accordingly completed, and 1,000 copies were printed at the Government Press and distributed free to bona fide artisans and to art and technical schools, museums, public libraries, etc. Mr. Hadaway was at the same time asked to undertake the preparation of a similar book on "cotton printing" (vide G.Os. No. 535, Educational, dated the 18th June 1912 and No. 1146, Educational, dated the 3rd December 1913).

3. The Director of Public Instruction now submits for approval and transmission to the Government Press for being printed, the manuscript (letter press) and illustrations for the pattern book of decorated cottons received from Mr. Hadaway. The Director has also forwarded a distribution list for 325 copies as shown below:—

I Important institutions and other provinces	..	..	..	202
II Officers and others	..	..	..	30
III Schools, Colleges and libraries	..	..	..	30
IV Artisans according to districts.	..	..	..	63
				325

It may be noted that, in view of the fact that there are only very few cotton painters still practising their art to whom the copies can, with advantage, be supplied, Mr. Hadaway has proposed only 63 copies for distribution among artisans, against 687 copies of the pattern book on brass and copperware distributed to them free (vide distribution list No. IV on page 7 of G.O. No. 353, Educational, dated the 31st March 1914). It is submitted that the proposed distribution may, under the circumstances, be approved. The number of copies required for sale in India and in England may be fixed at 40 and 35 respectively (cf. paragraph 2 of G.O. No. 353, Educational, dated the 31st March 1914). The total number of copies required will then be 400.

4. Before directing the Superintendent, Government Press, to print 400 copies of the book, it seems desirable to know the approximate cost of printing them. It is therefore submitted that the Superintendent, Government Press, may be requested to furnish an estimate of the probable cost in consultation with Mr. Hadaway. The draft memorandum is submitted for approval.

A.S.—16-3-16.

T.K.—16-3-16.

P. RAJAGOPALA ACHARIYAR—17-3-16

[Memorandum No. 826-1, Educational, dated the 17th March 1916.]

From the Superintendent, Government Press, No. 1603, dated 29th March 1916.

The Superintendent, Government Press, states that the total cost of printing the 400 copies will be about Rs. 3,855 of which Rs. 3,000 is for making the blocks; but he suggests that for such a small edition it will probably be cheaper to produce the illustrations by lithography. He is also of opinion that transfers from some of the original hand-blocks might reduce the cost.

2. It may be noted that in connection with the publication of illustrated pattern books, the Superintendent, Government Press, stated "it can hardly be economical to have blocks made for a small edition of this class of work—lithography is the usual process. If a larger edition than 2,000 is required the line block may be cheaper" (page 3 of notes to G.O. No. 397, Educational, dated the 6th July 1909). Mr. Hadaway was thereupon consulted whether the work of reproducing the drawings, might be entrusted to the Survey Office, Calcutta, or to the Thomason College, Roorkee or to any firm in London and he was of opinion that better results could be got and more cheaply by having all the drawings reproduced in England. Accordingly in G.O. No. 397, Educational, dated the 6th July 1909, he was allowed to have the drawings required for the blocks reproduced in London. In regard to the publication of the pattern book on cotton-fabrics, however, he suggested that the work of printing the plates and making the half-tone blocks could be done at Roorkee College as it would much simplify the getting out of the book—vide his demi-official dated the 1st November 1913 on page 4 of the notes with G.O. No. 1146, Educational, dated the 3rd December 1913.

It would therefore seem that the Roorkee College could reproduce the illustrations more cheaply than an English firm. Further in view of the present war conditions it may be difficult and somewhat more costly to get the blocks made in England. It is therefore submitted that the Director of Public Instruction may be requested u.o. to ascertain the views of Mr. Hadaway whether the illustrations may be reproduced by lithography with a view to economy, or whether the work of printing the plates and making the half-tone blocks could be done at the Roorkee College.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The best course seems to place below a copy of a letter from Mr. Hadaway—which I do.

J. H. STONE—29-4-16.

To the Educational Department.

*Letter—*from Mr. W. S. HADAWAY, Superintendent, School of Arts, Madras.
*To—*the Hon'ble Mr. J. H. STONE, C.I.E., Director of Public Instruction.
*Dated—*the 26th April 1916.
*No.—*Ref. on Cur. 656 of 1915.

In answer to your Proceedings Ref. on Cur. No. 9609 of 1915, dated 22nd instant, I have the honour to state that the value of the book on cotton prints, etc., depends entirely on the care with which the illustrations are reproduced.

If they are done by lithography, the book would be quite worthless.

The only proper way to reproduce the illustrations would be half tone blocks and the Roorkee College do these very well.

Personally, I would much prefer that the work were not published, if it has to be done by the lithographic process.

All the illustrations are filled with minute and intricate detail which would be lost or obscured if lithographed.

EDUCATIONAL DEPARTMENT.

Mr. Hadaway is of opinion that the illustrations should be reproduced on half-tone blocks and that the work may be entrusted to the Thomason College, Roorkee. If

P.R.—13-5-16.

this proposal is accepted, the Superintendent, Government Press, may be authorised to get the illustrations reproduced in the Roorkee College and he may be asked to print 400 copies of the book.

P.R.—13-5-16.

2. The copies intended for the artisans and others in the several districts may be forwarded by the Superintendent, Government Press, in consultation with Mr. Hadaway, to the Collectors concerned for distribution (cf. paragraph 4 of G.O. No. 353, Educational, dated the 31st March 1914).

3. In the distribution list submitted by the Director of Public Instruction, it is observed that 30 copies are proposed for distribution among officers and others inclusive of 20 copies for Mr. Hadaway. But the names of officers and others to whom the ten copies have to be distributed are not given (list No. II on page 6 of G.O. No. 353, Educational, dated the 31st March 1914). As it is desirable to enter the names as far as possible in list No. III, the following distribution is suggested:—

His Excellency the Governor	1
Director of Public Instruction	1
K. T. B. Tressler, Esq.	1
D. T. Chadwick, Esq.	1
Dr. F. Marsden	1
W. S. Hadaway, Esq.	20
M.R.Ry. Velayuda Asari Avargal	1
M. E. Couchman, Esq., I.C.S.	1
Other officers, etc.	3
	30

P.R.—13-5-16.

If the above suggestion is approved, the names will be entered in the list No. III.

4. The Superintendent, Government Press, estimates the cost of an edition of 400 copies at about Rs. 3,855, of which Rs. 3,000 are for making the blocks. As there

P.R.—13-5-16.

is no provision in the budget to meet the charge, it is submitted that the Financial Department may be requested to make an additional allotment of funds for the purpose.

5. A draft order is submitted below which, if approved, may issue with the concurrence of Financial.

FINANCIAL DEPARTMENT.

The cost of printing 400 copies of the pattern book of decorated cottons is estimated at Rs. 3,855 made up of—

	RS.
(a) Cost of blocks and reproduction (to be entrusted to the Principal, Roorkee College)	3,000
(b) Cost of printing	855
	<u>3,855</u>

2. Item (a).—Although paragraph 1337 of the Civil Account Code, Volume II, prohibits inter-provincial adjustments, the Roorkee College appears to have been charging other departments and Governments for work done by it—vide G.O. No. 1089, Revenue, dated 8th May 1907 (papers V and VI on pages 3-4 of Government Order).

3. The cost (Rs. 3,855) is debitable to 30 C. STATIONERY AND PRINTING—GOVERNMENT PRESSES—cf. paragraph 4 of G.O. No. 1908, Revenue, dated 19th August 1915, and G.O. No. 538, Revenue, dated 25th February 1915. It may be left to the Superintendent, Government Press, to meet the expenditure from his budget grant for the current year and to come up for an additional allotment later on if necessary. Paragraph 6 of the draft may be altered as shown below:—

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
