Sir,

I have the honour to submit that, in consideration of the fact that the District Board surrendered to Government properties to the value of Rs. 4,500/- belonging to the Board's old Technical Institute, an application was made to Government in this office letter R.O.C. No. 346 of 1912 dated 9th February 1913 for a recurring grant of Rs. 182 per annum from Provincial funds to supplement the annual income of Rs. 178 accruing as interest from the investment of the Victoria Jubilee Fund to enable the District Board to institute a scholarship of Rs. 30 per mensem in the Victoria Jubilee Technical Institute at Bombay. 2. The Dt. Board originally made a request for a permanent subsidy from Govt. The Govt., while recognizing the obligation to contribute in view of the transfer of the Trinivelly Technical Institute to them, sanctioned the contribution only for three years at the instance of the D.P.B., the object being that the Madura Technical Institute might commence work on new lines by then and that the Trinivelly Dt. Board might itself see the advantage of transferring the Scholarships to the Madura Institute. In this view it is desirable to keep the arrangement only temporary. The Govt. Scholarship Scheme in connection with the Bombay Institute has not been a success. It is therefore submitted that the grant may be continued for another year for the present. Subject to approval a draft is submitted below.

3. In connection with the proposal of the Coimbatore Dt. Board to grant a scholarship from local funds to a student of the district to undergo training at the Bombay Institute,

it was, however, pointed out by L.M. that it was doubtful whether contributions from local funds towards such philanthropic objects were legal, and it was suggested that the proposal should be negatived. The situation was, however, saved by the Scholarship being granted by foot under the Scheme sanctioned by them. The present case seems to be different from the Comibatore case above referred to. The amount which the Tinnevely D. Board is contributing towards the payment of the Scholarship comes out of the interest accruing from the endowment handed over to the D. Board by the Victoria Jubilee celebration Committee of Tinnevely, and not of the D. Board's own fund - para 2, 11 & 12 of the President's letter, dated 9th February 1913 on page 7 & 8 of G.O. No. 356. Sd. D. 23.4.13. This objection raised in the Comibatore case do not seem to be applicable to the present.

I am afraid a scholarship for one year would be of little value as it would only carry the holder of the scholarship through one-third of his course? Will Ed. kindly consider whether, if the scholarship is granted at all, it should not be for the full course?

There seems to be no objection to sanctioning ^{alone} the Profrant for the full period of a student's course. The ~~same~~ full course for a student at the Institute is, however, four, and not three, years. please see Extract from the Calendar printed on page 6 of G.O. 1029. Ed. dated the 1st September 1914. ~~Does~~ The Govt scholarship tenable at the Institute is also, for the same reason, available for four years - G.O. 1340. Ed. 8/8-12-15

It does not however, appear that the St. Board is going to stipend a new student from the next term. Apparently the old student is still to run his course. In para. 9 of the administration report of the St Board for 1913-14, the President stated that the old student completed his course in Dec. 1913 + that from January 1914 the Scholarship was "being paid to another student in the same institute."

- (K) - page 4 of Co. 1444 L. of 15-8-14. -; and in the report for 1914-15 it was stated that "the Board continued to pay a Scholarship of Rs 30 a month to a student of the St undergoing training in the "mechanical Engineering class" - page 4 of go 1426. L. of 6.10.15. Of the latter means that the same student, as referred to in the report for 1913-14, was in receipt of the Scholarship, he will terminate his course in 1918. (What month it is not possible to say as the session now commences in June + not January). It seems better therefore to ascertain definitely from the President of the Board when the term of the student, who has been receiving the Stipend since January 1914, terminates at the Institute, so

[Memo No. 1080-3 Edl., d/ the 27th April 1916]

From the D. S. B. 46, d/ the 13th May 1916.

The President of the D. Board, Tonnareilly, reports that the course at the Bombay Technical Institute of the student who was in receipt of a scholarship of Rs 30 p. m. since January 1914 came to a close by the 31st March last and that the Board has recently selected a ^{new} student for undergoing training at the institute on a scholarship of Rs 30 per mensem termable for four years from June 1916.

It is not known how the former stipendiary came to finish his course in a little over two years while the ordinary period of study at the institute is four years. Apparently he was an old student of the District undergoing ~~just before he took the course in~~ training at the Institute to whom the scholarship ~~for the textile manufacturing sector for the~~ ship was given as in a previous case ~~of awarding of the same certificate and~~ ^{separately} ~~the same for either of which~~ ^{over two years} ~~and~~ ^{of the} ~~institute's calendar for 1914~~

2 The question now for consideration is whether the grant of Rs 18.2 per annum should be
