Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 20th March 1916.
No.—2127.

I have the honour to submit, for the sanction of Government under section 25 (1) of the Indian Universities Act, 1904, the enclosed alterations in the regulations for the B.S.Sc. degree examination which were recommended to the Senate by the Faculty of Medicine and were adopted by the Senate at its adjourned meeting held on March 4, 1916.

The alterations provide for antedating Part I of the examination so as to allow of the valuation of the work of candidates in that part being completed before the commencement of Part II of the examination, and also for candidates who fail in Part I being permitted to appear for Part II in a subsequent year without payment of fees for that part a second time. The course for the examination has been altered so as to definitely include the study of tropical diseases therein and in the time-table of the examination the previous omission of any reference to Geology and Vaccination has been remedied and other consequential alterations have been made.
