Dear Mr. Rajagopalachari,

His Excellency understands that there is a school in Bodinayakanur which is largely supported by the Zamindari and that she is giving six acres of land for a new building and is most anxious that the institution be raised to the status of a high school. I am desired to ask you kindly to refer the matter to the Director of Public Instruction with a view to ascertaining whether there is any prospect of the Zamindari's wishes being met.

Yours sincerely,

Le Mohi

The Hon'ble

Diwan Bahadur P. Rajagopalachariar A.M., C.I.E.,

Secretary to Government, Educational Dept.

Educational Department

Under rule 22 of the Madras Educational Rules the recognition of secondary schools vests in the D.P.S. It is not known whether any application has been made to him by the correspondent of the school in question for raising it to the standard of a high school. The D.P.S. may be requested also to state whether any application has been received and whether there is any prospect of the Laminis' wishes in this respect being met.

U.O. T. No 24/1916, dated 15th May 1916.

The affairs of the school are at present in confusion and I have ordered that recognition will be withdrawn unless a satisfactory committee is formed and registered under the Indian Companies act of 1913, and a L.D. be nominated appointed. When this has been done if with the Laminis' help they can provide the necessary building, equipment and staff in the question of raising the school to a high school can be taken up.

The Laminis' manages is the Secretary of the committee and he was today.

In the case of schools like this one at Norwajk, maintained by a prosperous Estate and where the continuity of church there can be no doubt, is it really necessary to have a Committee? Is a Committee advisable in such

forale private schools? How
as the inden stems?

Mr. 16.

Rule 22(d) of the Madras Education Rules requires that the Director shall before according recognition to a secondary school satisfy himself as to "the constitution of the managing body". The term 'managing body' does not imply that a committee is necessary and hence a committee is not a sine qua non for all private secondary schools.

Rule 63 empowers the Director to withdraw the privilege of recognition from a school when such school has ceased to fulfil the conditions of recognition. It is understood that in the case of those institutions whose management has not been satisfactory the Director has of late insisted on a committee being formed and registered under the Indian Companies Act, 1913 with a view to place them on a ~~more~~ satisfactory footing. The Pochinayakanur school is apparently one of such institutions.

I do not think that
the Board's interference with the
discretion of the Director
in this matter.
