From (Name) The Hon. Mr. J. H. Stone, M.A., F.R.S., C.I.E.
 (Designation) Director of Public Instruction.

Madras.

To The Secretary to the Government of Madras,
 Educational Department.

Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for the printing at the Government Press, Madras, of the following papers prepared by the Principal, College of Engineering, Madras, which embody the results of his work done in the laboratory.

i Professional paper No. 7 - a note on the deflection of some rails.

ii Professional paper No. 8 - The strength and elastic properties of some South Indian and other timbers.

Similar papers were formerly printed by the Superintendent, at the Government Press, Madras, without any reference to Government, but in the present instance he requests that

the

the sanction of Government may be obtained for ^{their} ~~this~~ printing at the Press. A copy of his letter on the subject is herein enclosed.

*sent
in a separate
packet.*

2. The manuscripts of the papers and the diagrams, in original, are herewith submitted for perusal and favour of return.

3. The number of copies required are 250 of each.

I have the honour to be,

Sir,

Your most obedient servant,

[Signature]
for Director of Public Instruction.

3

Letter Mis. No. 7549 dated 2nd October 1915, from the Superintendent, Government Press, to the Director of Public Instruction, Madras.

(copy not sent)

Adverting to your letter ref. on G. No. 6714 dated the 24th September 1915, I have the honour to state that as pointed out in my letter to the Principal, College of Engineering, No. 6643, M.R., dated 8th June 1915, the Professional Papers (unlike No. 6 printed in 1911) contain a larger number of pages with expensive illustrations and diagrams. I therefore request you will be good enough to obtain the sanction of Government for printing the same at the Government Press as per G. O. No. 1199 Public dated 25th November 1902, the work being of an unusual character and publications of a similar nature but smaller, namely, Bulletins of the Presidency College, etc., having been printed under special orders of Government (see G. O. No. 864 Mis. Edl., dated 30th September 1912).

Ref on Cur No. 6714 / 1915.

Station Madras, Dated the 11 January 1916

From (Name) The Hon. Mr. J.H. Stone, M.A.C.I.E., D.R.H.S.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

page 4 Supra
In reply to Government Memorandum No. 4173-1 Edl., dated, 7th December 1915, I have the honour to state that 250 copies of each of the Professional Papers referred to are required by the Principal, Engineering College, and to enclose herewith a copy of his letter R.C. No. 480 of 1915, dated 6th January 1916, furnishing information regarding the approximate cost of printing these copies and the officers to whom they are to be distributed.

I have the honour to be,
Sir,
Your most obedient servant

for Director of Public Instruction.

M. S. S.

11.1.16

Letter from the Principal, College of Engineering, Madras,
R.C. No. 480 of 1915, dated 6th January 1916.

In reply to your Proceedings Ref on Cur No. 6714/15.,
dated 11th December 1915, I have the honour to state that I have
ascertained from the Superintendent, Government Press, that the
approximate cost of printing and paper of Professional Papers
Nos. 7 and 8 is Rs. 23/- and 96 respectively excluding the cost
of ^{the} diagrams. The blocks for the latter will cost I gather
about Rs. 8/- each.

2. In regard to distribution, perhaps, I should explain in
the first place that the intention of this series of papers,
started over 15 years back, is to put on record and make avail-
able for general use and reference selected information we
obtain in the course of our laboratory testing work and the
results of any special investigations undertaken in our labora-
tories. These two papers in particular embody the results of
considerable labour extending over several years and are of
permanent value for reference purposes both in college and in
connection with the design of structures etc., in practice.

3. Up to now, it has been the practice to distribute copies
of the papers to such officers as it is considered the infor-
mation will be of some interest, to members of the college
staff for use in their instructional work, and to other eligible
persons who apply from time to time. On some occasions, also
the Chief Engineer, Public Works Department, has asked for copies
for distribution to officers of his department.

(True Copy)
