To

The Chief Engineer, P.W.D

Through

The proper channel.

Sir,

I respectfully beg to submit that I have completed the course of 2½ years in Civil Engineering in C.N.Institute Madras, and possess its group certificate. I have also -- passed the Government Technical Examination in the following subject:--

- | | | |
|---------------------------------------|----|------------------|
| 1. Building, Drawing & Estimating | .. | Advanced Grade |
| 2. Building Materials & Construction. | .. | Intermediate Do. |
| 3. Surveying and levelling | .. | Do. Do. |
| 4. Bridge Work | .. | Do. Do. |
| 5. Earth-work and Road-making | .. | Elementary Do. |
| 6. Geometrical Drawing | .. | Do. Do. |
| 7. Free-hand outline drawing | .. | Do. Do. |

I beg to state also that I was employed as an Assistant Overseer in charge of Staff Quarters under construction in Madras Harbour Works, as an Overseer Draftsman in the -- Malaria Office, attached to the Sanitary Commissioner's --- Office, Madras, as a Sub-Overseer in the Presidency Division, D.P.W., and as a Draftsman in Town planning Office. I beg to add that I have been discharging my duties to the entire - satisfaction of my superiors which fact can be verified from the copies of testimonials herein attached.

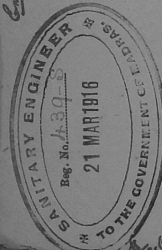

I humbly request you to be so good as to obtain the sanction of Government for exempting me from the Lower --- Subordinate Test. I beg to add that similar exemptions --

3 copies of
Certificates

have been granted in Government Order Nos. 45 Educational, dated 11th January 1916 and 91, Educational, dated 31st January 1916.

For which act of kindness I shall ever feel -- grateful.

I beg to remain,

Sir,

Your most obedient servant,

M. P. Radmanabham.

Draftsman, Deputy Sanitary
Engineer's Office,
Southern & Western Circles,
M a d r a s.

Sanitary Engineer's endorsement No. 264 dated 11th May 1916
67.

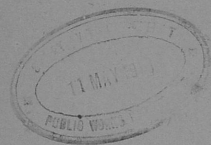

F o r w a r d e d.

I do not see sufficient reasons for recommending the applicant for the exemption for which he requests sanction.

The applicant is no longer employed in this office. He was employed as a temporary draftsman by the Deputy Sanitary Engineer, Southern and Western circles, from 13th December 1915 to 31st March 1916 during which period he was absent for 21 days owing to small-pox.

The delay in forwarding the application to the Chief Engineer was due to the fact that I considered it necessary to make enquiries about the applicant's work and services, when the above facts were elicited.

Chung Chung
10-5-16
AG. Sanitary Engineer to Government.

3 5
Engineering College,
Madras,
25th February 1915.

Through the kindness of Dr. Skinner, I have had the assistance of Mr. M.P.Padmanabam as draftsman here for about a month past. He has helped me very diligently and satisfactorily, and with quite a number of plans, -- some dealing with portions of Madras and others with Provincial Cities. He has also been making decided progress in town planning and has shown personal initiative in -- dealing with city improvements, and in suggesting the lay out of new quarters, the improvement of insanitary neighbourhoods, paracherries etc. Hence I should be very glad to retain his services still longer were I not now leaving Madras.

I thus have pleasure and confidence in recommending him for the appointment for which he is a candidate, and in expressing my sincere belief that he will discharge his --- duties in a conscientious and satisfactory way.

Sd./ Patrick Geddes.

TESTIMONIALS.

Special Malaria Office,
27, Nungambakkam High Road,
MADRAS, 6th May 1915.

Mr. M. P. Padmanabhan has been working in this Office as an Overseer-draftsman for about 3 years. He is quick in understanding things and has done the work entrusted to him to my satisfaction. I am sure he will give the same satisfaction to his future employers.

(24) J. K. Lankeshwari,

P.W. Department

Subject: Permanent exemption from passing the L. Subordinate test of M.P. Padmanabham.

page 12 of CN 1122 AD, from the Sup. Engr. N. 26th Ed. 11-5-16

DW
W.

The following statement shows the subjects prescribed for the Lower Subordinate examination of the College of Engineering, Madras, and the Govt. Technical examinations passed by the applicant.

Subjects for the L.S. class	Technical examinations passed by the applicant
1. Drawing (a) Freehand & Model Drawing.	Freehand Outline Drawing (24)
(b) Geometrical Drawing.	Geometrical Drawing (24).
(c) Machine Drawing.	nil
(d) Building Drawing.	Building Drawing & Estimating (Advanced grade)
(e) Drawing & estimating.	
(f) Hydraulic Engineering.	nil
2. Applied Mechanics.	"
3. Construction.	Building materials & Construction (24)
4. Surveying	Surveying & Levelling (24)
(a) Chain, compass, plane table levelling	
(b) Theodolite Survey	nil
5. Workshop practice.	nil
	Bridge work. Trackwork & Road-making

2. It will be seen from the above statement that the applicant has not qualified himself in the following subjects which are prescribed for the lower subordinates of the College of Engineering, Madras. —

- (1) Machine Drawing
- (2) Hydraulic Engineering
- (3) Applied Mechanics
- (4) Meodditte Survey and
- (5) Workshop Practice.

But he has passed in addition the Govt. Technical examinations in Bridge-work (Int), and Earthwork and Road making (2e), which are not required for the lower subordinates. It is pointed out in this connection that one S. N. Venkatarama Iyyar, who has similar educational qualifications and who was not in the service of this Deptt. has been granted permanently exempted from the Lower Subordinates' test, vide G.O. No. 913d of 31-1-16.

3. The Sanitary Engineer through whom the present application is forwarded does not recommend the application, ~~but~~ ~~he has not~~ ^{nor has he} given his reasons therefor. It is now for consideration, whether, in spite of the remarks of the Sanitary Engineer, under whom the applicant worked only for $3\frac{1}{2}$ months, the exemption may

may be recommended in his Dept. or whether the Sanitary Engineer may be asked to state give his reasons for not recommending the applicant for the exemption.

For orders.

ck.
22.5.16.

The Sanitary Engineers endorsement is not clear. It is submitted it is more a question of whether the technical examinations the applicant has passed are equivalent to the L.S. test, than how he worked when employed in the P. San. Eng. office. From personal knowledge of the standard required to pass Advanced Building Drawing & Estimating, & Intermediate Building Material & Construction, Bridgework, & Surveying & Levelling I think he must be quite as well qualified, educationally, as a man who has passed the L.S. test.
