Sir,

With reference to G.O. No. 632-W. dated 4th May 1912 Communicated with Endorsement No 1857-1 Educational dated 10th July 1912, I have the honour to state that, in addition to the ordinary five appliances, namely, five buckets and hand fire-engines, it appears to me desirable that the museum buildings should be provided with the "minimax" chemical hand fire-extinguishers. I would propose

OFFICE NOTE.

SUBJECT. Providing Museum buildings with
minimum fire extinguishers.

From Lie S. G. M No 125 of the 28 February 1916

Register No. 1053 25!

The S. G. M requests sanction to ^{(the purchase of} ~~for~~ six minimum "Chemical hand fire extinguishers" to be placed in the museum theatre, the Museum office, the Staffing room all of which are provided with electric light & fans and therefore liable to risk of fire by fusion and also in the Conventual building. He proposes to purchase them through Messrs Parry & Co. Madras at a total cost of Rs 320 (6x55).

The Accountant General however invited attention to Memo No 6349-1 dated 28.12.15, which lays down that sanction should be accorded only to ~~such~~ expenditure such proposals as are of imperative & immediate necessity, or of immediately remunerative character. As the Museum is already supplied with ordinary fire appliances such as buckets and hand fire engines ^(p. 1 of) it is for consideration whether the Supt's proposals may be negatived. If however the minimum extinguishers are considered necessary

the

the P.W.D. may be requested to provide the buildings ~~to provide the buildings~~ with the appliances (cf. ^{para 2} R.O. No. 2 W, 2, the 24-2-16).

1. As the cost ^(should) ~~will~~ more appropriately be met ^{from the provision} under 45 Civil Works than under 26 St Scientific etc Dept - provincial museums - petty construction and repairs, it is submitted that the reappropriation statements now ^(forwarded) ~~submitted~~ need not be sanctioned.

3. With these remarks, the file may be transferred to the P.W.D. W.O.

Under para 2 of No 1729 W of 25.11.12 it is the Departmental Head of the Office occupying the building that should bear the cost of the initial outlay on the provision of fire protection appliances. For a precedent please see para 8 Recd of 19.1.14. The file may therefore be returned to Educational for the issue of orders.

Attention is solicited to paras 2 + 3 of the proceedings of the Board of Revenue on pages 2 + 3 of G.O. 444 W, of the 2nd March 1915, in which the Board raised a definite issue as to who should bear the cost of providing fire extinguishers, inasmuch as G.O. 1729 W, of the 25th November 1912, did not issue definite instructions in this respect, and the requested orders on this point.

As the P.W.D. did not issue instructions on the subject, it was ascertained from Financial that the cost should be more appropriately met from the

the provision under 45 Civil Works than under 26 B.6-Scientific^{etc} Deptts - Provincial Museums - petty construction and repairs, and the file has therefore been transferred to P.W.D.

2. As, however, the P.W.D. now state that the cost should be met by the head of the office as in the case of the supply of ~~the~~ fire buckets, it is submitted that the Supd. Govt. Museum may be requested to state whether the cost ^(the six 'minimax' appliances) can be met from contingencies, or by reappropriation from the provision in the current year's budget ^(before the purchase is sanctioned). A draft memo is accordingly submitted for approval.
