To The Secretary to the Government of Madras,

Educational Department.

Sir,

With reference to G. O. No. 1106 Educational Mis. dated 4th October 1915 and in continuation of my letter R. C. No. 8130 of 15 dated 22nd January 1916 regarding the rules to be observed in the designing and construction of school buildings I have the honour to inform you that I have already consulted the Chief Engineer and that I propose, with your approval, to consider the question along with the revision of the Madras Educational Rules which is to be taken up shortly.

2. It seems to me preferable to keep all the rules about the character of school buildings to the Madras Educational Rules and I would invite your attention in this connection to the existing

2 3
existing rules 30 to 37. It will suffice to say in the Grant-in-Aid Code that in planning new buildings the requirements set forth in the Madras Educational Rules must be kept in view.

I have the honour to be,

Sir,

Your most obedient servant,

G. Krishnamoorti

SUBJECT. Rules to be observed in the designing and construction of school buildings.

In view of the general revision of the Madras Educational Rules and the Grant-in-aid Code to be taken up shortly, it seems unnecessary to consider separately, in advance, the rules regarding the designing and construction of school buildings. The D.P.D.'s proposal to consider them along with the General revision and to incorporate them in the existing codes in the manner explained in para. 2 of his letter may be approved. The following d.o. is submitted for approval. It follows the

- (R) precedents on page 6 of G.O. No. 540 E.S.D. of the 17th May 1916 and on p. 5 of G.O. No. 603 E.S.D. of the 1st June 1916:-
