GOVERNMENT OF MADRAS

EDUCATIONAL DEPARTMENT

READ—the following papers :—

I

Letter—from the Hon'ble Mr. H. S. DUNCAN, M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 12th May 1915.
No.—Ref. on Cur. 273.

I have the honour to submit herewith plans bearing Nos. 183 (a) to 183 (f) with estimates amounting to Rs. 10,577 relating to the extension of the hostel accommodation of the American College, Madura, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned. From the plan, it will be seen that the latrine is proposed to be constructed in fairly close proximity to the kitchen and rooms; but in the circumstances stated by the correspondent in his letter dated 22nd December 1914 (copy enclosed), this may be allowed.

2. The grant, if sanctioned, will be met from the hostel allotment.

ENCLOSURE.

Letter—from the Correspondent, the American College, Madura.
To—the Director of Public Instruction.
Dated—the 22nd December 1914.

I have the honour to forward herewith application for grant toward the cost of certain improvements to the hostel of the American College, Madura, as follows :—

- (1) Extension of the main building—Both wings are to be extended.
- (2) Extension of the bath-house.

I might say that the management has some hesitation in proposing a latrine so near the living quarters. It is thought however that the special thoti now employed by the college will under the arrangements proposed be able to keep the latrine sufficiently clean so as to be free of offensive smells. It will be separated from the kitchen not only by the solid wall at the end of the kitchen but also by a wood godown and barber shop.

The latrine is planned in accordance with the plan for public latrines published by the Madras Sanitary Engineer.

It might be added that should the latrine later prove to be incurably offensive, the seats could be removed and the room turned into a very satisfactory students' living room with very little extra expense.

As has been pointed out in appendix M a new latrine for the hostel is an urgent necessity, and in case the proposed arrangement is not considered satisfactory, the college authorities would be glad for suggestions.

The management hope some day to put in a septic tank for the college premises, but the time does not yet seem to have come for that, unless the Director has something to recommend along that line.

The management wish to have the work completed by July 1915, if possible.

II

Note by the Chief Engineer, Public Works Department, No. 205-D., dated 22nd June 1915.

The Director of Public Instruction submits for a grant-in-aid, through the Educational Department, detailed estimates amounting to Rs. 10,577 and six plans bearing Nos. D.P.I. 183 (a) to 183 (f) towards the extension of the hostel accommodation of the American Mission College, Madura.

2. The plans and estimates have been examined in the Chief Engineer's office and it is observed that they contain various defects, a few of which are pointed out below—

(1) The arrangement of latrines with living rooms above and with kitchens in close proximity is most insanitary. The employment of the special scavenger referred to by the correspondent will not mitigate the nuisance.

The latrines should be detached from the hostel.

(2) The headway of about 5 feet under the girder of the staircase room is not sufficient.

(3) The sizes of the joists supporting the floor and roof is shown as 3" x 7" on D.P.I. No. 183 (e) and 2 1/2" x 5" in the detailed estimate.

(4) The size of doors in ground floor is shown as 3' x 7' on D.P.I. No. 183 (d) and 3 1/2' x 7' on D.P.I. No. 183 (e) and in the detailed estimate.

(5) A section across the proposed veranda (upper floor) and covered passage (lower floor) has not been submitted.

(6) The details for connecting the wings and the central portions of the hostel by means of a "bridge" have not been furnished.

(7) Complete plans of the ground and first floors showing, in distinguishing colours, the existing building and the proposed extension are necessary.

(8) The sizes of roof timbers have not been noted on the section along A, B in D.P.I. No. 183 (f).

(9) The fire-places in the "bath-house" are not in a convenient position, and the connection of the roof with the chimneys is not satisfactory.

The fire-places may be built along the end walls which should be gabled.

3. With these remarks, the plans and estimates are returned for revision in an intelligible form. A competent person should be employed for this work.

S. B. MURRAY,
 Chief Engineer, P.W.D.

III

Memorandum No. 1822-2, Educational, dated 1st July 1915.

The plans and estimates relating to the extension of the hostel accommodation of the American Mission College, Madura, received with the letter from the Director of Public Instruction R.O.C. No. 273, dated the 12th May 1915, are returned to him for resubmission after revision in accordance with the instructions contained in the Chief Engineer's note No. 205-D., dated the 22nd June 1915 (copy enclosed).

(By Order)

E. A. HARVEY,
 Under Secretary to Government.

To the Director of Public Instruction with plans and estimates and copy of Chief Engineer's note.

IV

Letter—from the Hon'ble Mr. J. H. STONE, M.A., C.I.E., F.R.E.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.
Dated—Madras, the 4th April 1916.

No.—R.C. 273/15.

With reference to your Memorandum No. 1822-2, Educational, dated 1st July 1915, relating to the extension of the hostel accommodation of the American Mission College, Madura, I have the honour to submit herewith fresh plans and estimates received from the correspondent for the proposed extension. The original plan of extending the wings of the existing building has been given up and the present proposal is to construct a separate block just opposite to the existing one. The total cost of the scheme now proposed is estimated at Rs. 30,000 and I recommend that a grant not exceeding one-half of this amount may be sanctioned.

2. The expenditure will be met from the allotment under "hostels."

V

**Note by the Chief Engineer, Public Works Department, No. 4019-C,
dated 9th June 1916.**

The Director of Public Instruction submits through the Educational Department five plans and detailed estimates amounting to Rs. 30,000 for a grant-in-aid towards the cost of extending the hostel accommodation of the American Mission College, Madura.

2. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations carried out:—

(1) Altering sizes of girders, and spacings and scantlings of timbers so that the terraced floors and roofs may carry a live load of 80 lb. per square foot.

(2) Making provision for some of the walls and roof timbers omitted in the estimate for "bathing-shed."

The total amount of the estimates remains unaffected by these alterations.

3. Detailed estimates for the latrine and covered passage have not been submitted.

4. It is recommended that the veranda piers may be rearranged so as not to obstruct doors and windows.

5. (a) *The rates for terraced roofing.*—Mangalore tiled roofing, brick work with table moulded bricks in lime mortar and some other items are lower than the current schedule rates of Madura special division.

(b) The Superintending Engineer should satisfy himself that good materials and workmanship are used; that the position on the site and the foundations provided in the plans and estimates are suitable.

6. With these remarks the plans and estimates, as altered in the Chief Engineer's office aggregating Rs. 30,000 are recommended for approval.

S. B. MURRAY,
Chief Engineer, P.W.D.

Order—No. 697, Educational, dated 26th June 1916.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs. 15,000, towards the cost of extending the hostel accommodation of the American Mission College, Madura, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note, dated the 9th June 1916, are adopted; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid as funds become available.

PUBLIC WORKS DEPARTMENT.

*Note by the Chief Engineer, Public Works Department, No. 205-D.,
dated the 22nd June 1915.*

The plans and estimates have been scrutinised in the Chief Engineer's office and the remarks of the Chief Engineer are contained in his note read above. It will be seen that the proposals have been found very defective in several particulars and some of the defects are detailed in paragraph 2 of the Chief Engineer's note. The Chief Engineer therefore recommends that the plans and estimates be returned A for revision. The attention of the school authorities should be drawn to paragraph 3 of the note. With these remarks the case may be returned to Educational.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on †(Press Clerk).

† Copies distributed on †(Press Despatcher).

† To be initialled and dated.

TO PRESS, MADRAS COTY.

APPENDIX M.

CHAPTER VIII, RULE 52.

Application for aid towards the cost of improving the Hostel of the American College.

School
College at Madura in the District
of Madura

Number and date of the Proceedings or Memorandum recognizing the school under the Madras Educational Rules

Pro. D.P.I. No. ¹⁰⁰¹⁶
28/8/91

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

A brief history of the institution was sent in with my application for a grant toward the construction of two small kitchens and dining rooms. This application was dated 14th April, 1914.

There have been some changes in the staff since the previous application was sent in. The present members of the staff are as follows:-

Rev. W.M.Zumbro M.A., Principal, and Professor of English
Rev. W.W.Wallace, M.A., Vice Principal, Professor of English
Edgar M.Flint, Esq., M.A., Professor of Physics.
Rev. A.J.Saunders, M.A. History.
Peter Isaac, Esq., B.A.L.T., Lecturer in Logic.
S.Mahadeva Iyer, Esq., B.A.L.T. Mathematics.
M.Ramaswamy Iyer, Esq., B.A.L.T., Physics.
J.V.Thomas, Esq., M.A., History.
M.S.Ramaswamy Iyengar, Esq., B.A., History.
P.R.Krishnaswamy Iyengar, Esq., B.A., (Honours) Lecturer in English
A.N.Panikkar, Esq., B.A., "
M.V.Narayanawamy Iyer, Esq., M.A., Tutor in English.
R.Bushanam Iyer, Esq., B.A., Lecturer in Natural Science.
M.Veeraragava Iyengar, Esq., B.A. Demonstrator.
K.Ramiah Iyer, Esq., B.A., "
A.Karmega Konar, Tamil Pandit.
S.Seshasastrial Sanskrit Pandit.
Eswara Warrior Malayalam Pandit.
Mrs.E.M.Flint, M.A., Lecturer in Latin.
P.M.Packiam, Assistant to the Librarian.

26
History of the Institution—cont.

At present the College offers the following courses of study:-

I INTERMEDIATE.

B
Groups I and II, and in Group III, Ancient History, Modern History, Logic, Sanskrit, Tamil, Malayalam, and Latin.

II B.A. DEGREE PASS COURSE.

Group II A- Physical Science. Physics. (To begin on the completion of the new Science Hall in 1916.)

Group V, History and Economics.

The first storey of the Hostel was completed in 1909. The second storey and a bathing shed were added during 1913-'14.

3 7

NOTE.—If there be any striking variations in the strength as shown above such variations should be accounted for.

Character of and necessity for the proposed work in detail.
STRENGTH.

At present 70 students live in the hostel and 159 take their meals in the various dining rooms. Those not living in the hostel are accommodated in the rented houses, located some distance away from the College grounds.

Proposed Additions:

A. EXTENSION TO THE MAIN HOSTEL.

The main hostel has a wing at either end. (See plan enclosed). The Ground floor of each wing is used for a dining room and kitchen. The first floor is used for students rooms.

It is proposed to put an extension to each wing as follows:-

I On the ground floor:

(1) Wood go-down and general store room.

There is already a small store room for food supplies near each kitchen. Larger room is required for the larger number of students now taking meals in the Hostel. Moreover there is no place for keeping firewood, and provision for this has become an urgent necessity.

(2) Barber Shop.

At present there is no special place where students may have barbering done; the result is that for this purpose they sit anywhere along the verandahs of the Hostel.

(3) The present latrine is located about 130 feet from the hostel. It is quite inadequate for the needs of the present number of students, and is also in such bad repair that in any case a new latrine should be provided at once.

Moreover the distance of the latrine from the hostel is such that at night, and especially during the rainy season, the students are not inclined to go to the latrine, but instead merely go outside the hostel building.

It is proposed to provide nine seats in the latrine for each wing.

(4) A covered passage way is proposed from the main part of the hostel to the latrines.

II ON THE FIRST FLOOR.

⁴⁰⁰ The rooms for students are proposed for the first floor each room to accommodate three students. As already intimated a large number of students now have to be accommodated in rented houses. Both wings are to be extended as indicated above.

B. Extension to the Bath house.

In the bath house which was built during 1913-'14, no provision was made for taking oil baths. A small temporary shed at the end of one wing of the main hostel has been used hitherto for this purpose. This shed must be removed when the extension proposed in A, above carried out.

The present bath house provides only for shower baths and it is not desirable that oil baths should be taken here. It is therefore proposed to add a small extension to either end of the bath house, so as to accommodate separately the Brahmins and Non-Brahmins. It is proposed to have in each extension a place for heating water.

(i) Is a sketch plan of the proposed site and building attached?

Yes.

(ii) Does it show—

(a) The relation of the proposed building or extension to the existing buildings? Yes.

(b) Any alteration in existing buildings necessitated by it?

No alterations proposed.

(c) The purpose to which the existing buildings are now put?

The existing buildings are now used for hostel purposes.

(d) The purpose to which they will be put when the new building or extension is complete?

They will continue to be used for hostel purposes when the extension is completed.

NOTE—Any notes that cannot be conveniently inserted in the plan may be given under each of the above headings.

(a) Probable cost of the proposed work. Extension of Main building, Rs. 9100
Bath house, Rs. 1477
Total --- Rs. 10577

(b) Whether the management has the necessary funds to complete the work in the event of the application being favourably considered.
The necessary funds are available.

(c) Whether the managing body has been registered under the Indian Companies Act of 1882 and if so, whether attested copies of the Memorandum of Association and the Articles of Association are submitted.

Not registered.

(d) If the aid sought for is towards the cost of site, declaration that it is the cheapest suitable site.

Not for site.

(e) Declaration that the management is prepared to execute the prescribed deed if required by the Director to do so.

A deed will be executed if desired.

(f) If the property is not owned by the correspondent, declaration that the owner or his or her legal representative will execute the deed or will be made a party to the deed.

The property is owned by the American Board of Commissioners for Foreign Missions, and the deed will be executed by a duly authorized attorney of the Board.

(g) In the case of mission institutions the name and address in full of the person who holds a power of attorney on behalf of the mission to execute the prescribed deed.

Rev. W. W. Wallace, Madura.

(h) Name, designation and qualification of the person by whom detailed plans and estimates and specifications will be prepared.

M.R.RY.T.S. Subramanian Iyer, a certified draughtsman with eleven years experience in the Public works department.

(i) Whether the title to the property is clear and in order and by whom the title-deeds were examined.

The title of the property is clear. About one half of the site was bought from the Government and the remainder from the Society connected with the American Madura Mission. The title deeds were examined by the attorneys of the American Board.

(j) The latest date on which the management wishes to (i) begin the work and (ii) complete the work.

The management wishes to begin the work at the earliest date possible, and to complete it in any case by July 1st, 1915.

(k) Is the declaration with regard to encumbrance, alienation and the conditions of recognition and aid attached?

Yes.

(l) Amount of building grants drawn by the institution in previous years with the number and date of the sanction and the purposes for which given (Particulars should be given for 20 years). Rs. 922 sanctioned in Proceedings of the D.P.I. No. 4505 of 1912, dated 24-6-1912, for construction of a gass house. Rs. 16,837, sanctioned in proceedings of the D.P.I. No. 6139 of 1911, dated 6-5-1913 for completion of Hostel building.

(m) If the aid sought is towards the construction of a hostel, declaration that the hostel will be managed according to rules approved by the Director of Public Instruction.

The hostel will be managed subject to rules approved by the Director of Public Instruction.

(n) The treasury at which the grant is sanctioned is to be payable.

Madura.

(o) The annual expenditure incurred in the upkeep of the institution and how much of it is met from—

ORDER.

P.S.

No. 697 Edl, dated 26.6.18 1916

The Govt are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs 15,000, towards the cost of extending the hostel accommodation of the American Mission College, Madura, subject to the following conditions:-

- (1) that in carrying out the work the suggestions of the Chief Engineer in his note dated the 9th June 1916 are adopted; and
- (2) that all the conditions

prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid ~~from the~~ ^{as funds} ~~period assignments for~~ ^{to order} ~~it~~ ^{becomes} available.
