Approving the proposal of the Director of Public Instruction to permit the Mysore students studying in the — to undergo the practical course in the Public Works Department of the Mysore State.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 8th June 1916.

No.—Ref. on Cur. 3972.

I have the honour to submit herewith the enclosed copy of letter from the Principal, College of Engineering, R.C. No. 92 of 1916, dated 16th May 1916, regarding the practical course of the Mysore students in the College and to recommend that, in the circumstances stated therein, the students in question be permitted to undergo their practical course in the Public Works Department of the Mysore State for purposes of rules 16 and 21 of the College rules, subject to the condition that they receive regular and systematized instruction in practical work and are under no circumstances regarded as subordinates available for ordinary routine departmental work, that monthly reports are sent to the College by the Divisional officers concerned giving full particulars of the progress of the students and the work on which they have been engaged and that the subsistence allowances of the students are paid by the Mysore State. The diploma would, in the usual way, be granted to these students on receipt of a statement from the Chief Engineer, Mysore, certifying to the satisfactory completion of their practical course.

2. I shall submit a draft of the alterations in the rules of the college necessitated by the above proposal on receipt of the orders of Government on this communication.

ENCLOSURE.

Letter—from the Principal, College of Engineering, Madras.

To—the Director of Public Instruction, Madras.

Dated—the 16th May 1916.

No.—R.C. 92 of 1916.

I have the honour to state that I have received a communication from the Chief Engineer, Mysore, requesting that Mysore students studying in this College may be allowed, if they so desire, to put in the year of practical training, which completes the College course, in the Public Works Department of that State.

2. Apart from the fact that this would mean that the full course of training of such students would not be under the direct control of the Government of Madras, I see no very particular objection to its being done, provided that it is clearly understood that the students are to receive regular and systematized instruction in practical work and under no circumstances regarded as subordinates available for ordinary routine departmental work and that monthly reports are to be sent to the College by the Divisional Officers concerned giving full particulars of the progress and the work on which the students have been engaged. At the end of the year, a statement would be required from the Chief Engineer, Mysore, certifying to the satisfactory completion of the course of training, on receipt of which the diploma would be granted in the usual way.

3. It is presumed that the subsistence allowance of the students would under these conditions be paid by the Mysore Government.

4. I have discussed the matter with the Chief Engineer, Madras, and as I gather he has no objection to the proposal I would request the favour of orders on the subject.

Order—No. 706, Educational, dated 28th June 1916.

The Government approve the proposal of the Director of Public Instruction to permit the Mysore students studying in the College of Engineering, Madras, to undergo their practical course in the Public Works Department of the Mysore State, subject to the conditions detailed in the Director's letter read above.

2. The draft notification promised in paragraph 2 of the Director's letter will be awaited.

NOTES CONNECTED WITH G.O. No. 706, EDUCATIONAL, DATED
THE 28TH JUNE 1916.

[SUBJECT.—*Practical course of the Mysore students reading in the Engineering Colleges, Madras.*]

From the Director of Public Instruction, No. 3972/16, dated 8th June 1916.

EDUCATIONAL DEPARTMENT.

There appears to be no objection to the Director's proposal to permit the Mysore students of the College of Engineering to undergo their practical course in the Public Works Department of the Mysore State subject to the safeguards specified in the Director's letter. The Chief Engineer, Madras, also appears to agree to the proposal—paragraph 4 of the Principal's letter.

2. A draft order is submitted. If approved, it may be forwarded to the Public Works Department for acceptance or remarks.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
