Recording report on the working of the — during the year 1915-16.

GOVERNMENT OF MADRAS
EDUCATIONAL DEPARTMENT

Read—the following paper :—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.E.S., C.I.E., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 16th June 1916.
No.—R.C. 3560/16.

I have the honour to submit herewith, for the information of Government, a copy of my Proceedings R.C. No. 3560/16, dated 6th June 1916, reviewing the report on the working of the Government College, Rajahmundry, during the year 1915-16.

ENCLOSURE.

Proceedings of the Director of Public Instruction, R.C. No. 3560/16,
dated 6th June 1916.

Read—the following paper :—

Letter—from O. J. COULDBREY, Esq., M.A., Principal, Government College, Rajahmundry.
To—the Director of Public Instruction, Madras.
Dated—the 8th April 1916.
No.—Dis. 95 of 1916.

I have the honour to submit the following report on the working of the College during the year extending from 1st April 1915 to 31st March 1916.

2. *Changes in the staff.*—I was in permanent charge of the institution throughout the year under report. There were some changes in the staff as detailed below :—

(a) M.R.Ry. P. Rajagopal Ayyar Avargal, M.A., L.T., chief lecturer in science, was permanently transferred to the Kumbakonam College, and M.R.Ry. R. Satagopa Ayyangar Avargal, M.A., L.T., has been permanently appointed in his place.

(b) M.R.Ry. R. Tatachar Avargal, M.A., L.T., assistant lecturer in mathematics, was transferred to the Teachers' College, Saidapet. He was relieved from 19th July 1915.

M.R.Ry. S. Muthukrishna Ayyar Avargal, M.A., L.T., has been appointed in his place.

(c) M.R.Ry. N. Raghavachari, M.A., L.T., sub *pro tem.* assistant lecturer in history, was transferred to the Teachers' College, Saidapet, on promotion and M.R.Ry. C. N. Ekambara Mudali, M.A., L.T., has been appointed to take his place.

Three of the assistant lecturers now working in the College hold permanent appointments as Sub-Assistant Inspectors of Schools up and down the Presidency. For perhaps sentimental reasons it seems desirable that these officers should be formally associated with the College and their actual profession whenever it is departmentally convenient.

M.R.Ry. S. Muthukrishna Ayyar, assistant lecturer in mathematics, has no permanent appointment at all, and I should be glad to see him given a permanent footing.

3. *Accommodation and equipment.*—The College still wants room in various ways. Much of the overcrowding of the large class rooms of late has been due to the huge bulk of the second year class, which no class room would contain. Now that third year intermediate students are to be exempted from keeping term, the second year class need be no bigger than the first, and the difficulty will vanish. But the number of small class rooms is not enough in view of the number of subjects

taught. It sometimes happens that a teacher has to hold a small class in a tiffin-room or elsewhere. The B.A. classes are growing and so is the library. There are no spare rooms at all for emergencies or changes of curriculum. I intend therefore proposing some kind of extension later, when I have seen how our numbers are affected by the new University arrangements regarding admissions to the Intermediate course, and the repeal of the regulation compelling failed Intermediate candidates to keep a third year.

The laboratory has been partially equipped with furniture, a sum of Rs. 1,584-8-0 having been sanctioned in Proceedings No. R.C. 6514/15, dated 26th August 1915, and utilized for the purpose. In addition to the above, an estimate for the working-benches in the chemical laboratory for Rs. 3,248 was recently sanctioned in G.O. No. 70 W., dated 15th January 1916 and the work has been entrusted to the Public Works Department. The Executive Engineer, Godavari Northern Division, informs me that an urgent order for these chemical benches has been issued to the Workshop at Dowlaishweram, and it is hoped that they will be supplied before the College reopens in July next. To complete the laboratory equipment, the Physics lecture hall must be provided with a gallery and the laboratory with more furniture. Provision for these two items has been made in the budget for 1916-17 submitted from this college. Certain other improvements such as (1) the removal of arches in the laboratory, (2) the construction of a new tower to support the water tanks, (3) the provision of a rotatory pump to lift water to the required height and (4) the construction of a staircase leading to the roof, were proposed during the year under report and administrative sanction has been accorded to them by you in Proceedings No. Dis. 7577/15, dated 14th December 1915. The work has not yet been commenced by the Public Works Department.

The Chemistry laboratory has suffered lately from thefts. First one and then the two remaining lead covers of three long tables have been removed at night. The raids took place within a few weeks of each other, and there was a precisely similar one made on the Training School laboratory shortly before. The booty could not have been easy to carry off and there is a Police station next to the laboratory end of the College but the thieves have not been found out.

College compound.—The fencing to the College compound including the hostel and the warden's quarters was formally handed over to the college by the Public Works Department during the year. The general result is an immense improvement, though the gate by the hostel seems unnecessarily ugly.

The acquisition of a plot of ground adjoining the college compound was proposed last year and the subject is under correspondence with the Revenue Department. Whenever effected, this will remove the undesirable necessity of having the latrines inside the compound and very near the lecture rooms, and tennis courts. Unhappily this undesirable necessity is still with us, for the acquisition takes a very long time.

4. *Appendix B (1)—Strength and attendance.*—The strength of the college on the 31st March 1916 was 325 against 312 on the corresponding date of the previous year, the increase being shared by the junior and senior B.A. classes.

As the second year class was growing unwieldy I was compelled still more than last year to limit the admissions into the first year class. I cannot say, however, that many of the rejected were more than doubtfully eligible. Owing to the dispensation recently given to failed students in the Intermediate examination, I shall now be able to admit eighty students into the first year class if eighty qualified are found among the applicants. In spite of my precaution, the numbers of the second year class somehow remained undiminished.

5. *Appendix B (2).*—Brahmans still form the bulk of the students. In spite of the increase in numbers during the year under report, the number of non-Brahmans and Muhammadans has decreased. The number of Indian Christians has slightly risen.

6. *Appendix B (3) and B (4).*—These statements do not require any special remarks.

Appendix B (5).—A fairly large number of students from the Kistna district joined the college.

7. *Second Language division.*—The following table shows the number of students studying the various second languages :—

	March 1916.	March 1916.
Sanskrit	11	6
Telugu	11	12
Urdu	6	1
Persian	6	Nil.
Total	34	19

8. *Divisions of special study.*—The following statement shows the number of students in the several divisions of special study :—

	Senior Intermediate.	Junior Intermediate.
Group I	54	36
" III	56	36
Total	110	72

	Senior B.A.	Junior B.A.
Branch I	13	12
" II-A	11	8
" IV	18	21
" V	22	23
" VI	2	3
Total	66	67

9. *Appendix C.*—This statement shows the number of volumes issued to the students and the staff.

Two hundred and fifty-six volumes were added to the library during the year under report, bringing the total number of volumes to 9,078.

The library is badly in need of philosophy books and a special grant of Rs. 500 in addition to the usual allotment for the college will be applied for.

The library classes are working as satisfactorily as before.

10. *College examinations.*—These examinations were, as usual, held for the senior classes in November last and for the junior classes in March and April 1916.

11. *University examinations.*—The results of the public examinations of 1915 are given in appendix E. One hundred and twelve students were sent up for the Intermediate examination, eleven of whom did not sit. Of the 101 that appeared, 38 came out successful. Of these 38, eighteen including four first classes belong to group I and twenty to group III.

Of the 63 failures, information is not available on behalf of eleven that appeared in other centres. Of the other 52, eighteen failed in one subject only as detailed below :—

English	16
Physics	1
Modern History	1
Total	18

Forty-five students were sent up for the B.A. Degree examination; sixteen passed in both the parts and nineteen in branches; ten failed in both parts.

	Percentage.	Percentage of this college.	Presidency percentage.
Intermediate	37.3	27.5	
B.A. { Part I	56.3	59.9	
" II	70.9	79.3	

There was a considerable rise in the percentage of passes but not in proportion to the rise of the Presidency averages. In the Intermediate examination, on the other hand, where we fared so ill the year before, we last year showed a better average of passes than most other colleges in the Presidency.

12. *Appendix F.*—This shows the receipts and charges during the financial year 1915-16 exclusive of charges on account of scholarships and buildings. There is an increase of Rs. 2,336-10-0 under "Receipts".

	Rs.	A.	P.
Receipts of 1914-15	28,905	2	0
" of 1915-16	31,241	12	0

The increase is due to the increase in the strength of the college.

The apparent increase of expenditure is due, I find, to a mistake in last year's figures, when nearly Rs. 6,000 spent through the Accountant-General on Europe stores was not included in the figure given in the report.

13. *Poor Scholars' fund.*—An amount of Rs. 110, being the interest on this fund for 1915-16, was distributed among three suitable applicants.

14. *Appendix G.*—This shows the scholarships awarded to students of the college during the year. Five students including two Muhammadans were in receipt of Government scholarships.

15. *College Council.*—Three meetings were held during the year under report and the Council is continuing to do satisfactory work.

16. *Games and athletics.*—The recurring contribution of Rs. 200 by the Government in addition to the usual subscriptions continues to be an invaluable help. The finances were administered by a committee consisting of Mr. Wilkinson (President), Mr. B. Raghavendra Rao, Mr. A. Chakravarti and Mr. M. Viyyanna, Demonstrator of the College (Secretary).

As in previous years, the games played were foot-ball, hockey, tennis and badminton. The foot-ball team were in the finals for both the Bell cup and the Nimbles trophy, but failed to achieve either. Hockey has languished somewhat after a bad defeat in the Guntur cup early in the season.

There were four tennis courts in working order.

Sports were held as usual on Darbar day.

17. The Metcalfe Literary Association has held debates and as usual has found a hard-working and zealous secretary, from the third-year class, this year in Andey Subba Rao. A part of "Twelfth Night" was staged at the annual celebration of the society, a very successful function, at which Mr. P. T. Srinivasa Ayyangar, Principal of the Vizagapatam College, was kind enough to preside. This celebration has come to be the most important and interesting of regular college social functions.

18. The strength of the hostel increased and ranged between 33 and 49. Many more could not be admitted for want of accommodation. The proposal to double the present accommodation and extend the kitchen has received the approval of the Director of Public Instruction, and the plans and estimates for the purpose must have reached the Superintending Engineer by this time from the District Collector and the District Medical and Sanitary Officer, to whom they were forwarded for countersignature. It is hoped that the above work will be taken up by the Public Works Department soon.

M.R.Ry. B. Raghavendra Rao has continued to act as warden of the hostel. All the students of the hostel owe him a deep debt of gratitude for his care and interest.

19. *Discipline.*—Satisfactory.

20. *Madras Educational rules.*—Such of the rules as are applicable to the college have been observed.

21. *Service registers.*—The entries were verified up to 31st March 1916.

General remarks.—It remains for me again to express my gratitude to the other members of the staff for their zealous co-operation in the work of the College.

APPENDIX F.

RECEIPTS and charges, 1915-16.

Items.	1914-15.			1915-16.		
	Rs.	A.	P.	Rs.	A.	P.
<i>Receipts.</i>						
College fees including reading room fees	28,745	0	0	31,004	0	0
Fines	73	6	0	106	3	0
Sale-proceeds of College calendars	86	12	0	109	14	0
Do. dealwood boxes	..	..	..	2	0	0
Do. produce of tamarind trees in the gymnastic ground.	..	..	..	3	0	0
Sale-proceeds of grass in the college and gymnastic compounds.	..	..	..	7	0	0
Sale-proceeds of broken furniture	..	..	..	14	3	0
Do. of a fallen tree	..	..	..	2	8	0
	28,905	2	0	31,241	12	0
<i>Charges.</i>						
1. Principal, Lecturers and Assistant Lecturers	38,536	9	1	40,405	13	11
2. Masters and Teachers including mechanic	3,120	0	0	2,989	4	2
3. Establishment—Permanent	1,755	8	0	1,726	6	0
Do. —Temporary	577	4	2	600	0	0
4. Contingencies and other miscellaneous charges	7,291	0	9	11,213	7	10
	51,280	6	0	56,934	15	1

Cost of Europe stores and railway freight was not included in this amount, while the amount shown under 1915-16 includes the expenditure under the above two heads. Hence the difference of Rs. 5,654-9-11.

APPENDIX G.

SCHOLARSHIPS AND PRIZES.

Serial number.	Name.	Class.	Amount.
<i>Government scholarships.</i>			
1. K. S. B. V. K. Somayajulu	Second-year class	Rs. A. P.	9 0 0 per month.
2. P. Ramachandrayya	Third-year class	14 0 0	do.
3. Mahabob Hussain	First-year class	9 0 0	do.
4. G. Venkatasubbayya	Do.	9 0 0	do.
5. Muhammad Abdul Khalick	Third-year class	14 0 0	do.
<i>Muhammadian scholarships.</i>			
1. Yusuff Khan Lodi	Fourth-year class	7 0 0	per month.
2. Sheik Abdulla	Do.	7 0 0	do.
3. Khalandar Hussain	Second-year class	5 8 0	do.
4. Muhammad Abdul Azim	Do.	5 8 0	do.
<i>Pittapur Raja's scholarships.</i>			
1. J. Kameswararao	Fourth-year class	100 0 0	for the two terms
2. D. Suryanarayana	Third-year class	50 0 0	for long term.
<i>Parlakimedi Raja's scholarship.</i>			
1. D. R. Patnaik	Fourth-year class	15 0 0	per month.
<i>Bhaskararao's prize.</i>			
1. T. Umakantam		7 0 0	per annum.
<i>Subrahmanyam Ayyar's prize.</i>			
1. V. Padmanabham		8 0 0	per annum.
<i>Sundararao prize.</i>			
1. Ayyagari Ramamurti		8 0 0	per annum.

1. P. Ramachandrayya		27 8 0	per annum.
<i>Poor Fund scholarship.</i>			
1. P. Venkataratnam	Third year	40 0 0	per annum.
2. G. Suryanarayanamurti	Do.	40 0 0	do.
3. P. Krishnamurti	First year	30 0 0	do.
<i>Coronation Darbar medal.</i>			
1. Pendyala Suryanarayana	Fourth year	28 0 0	per annum.

R.C. No. 3560/16, dated 6th June 1916.

Recorded.

2. The Principal's remarks in respect of additional accommodation are noted.

3. A sum of Rs. 2,400 has been provided in the budget for 1916-17 towards construction of a gallery and the supply of additional furniture for the laboratory.

4. There was a still further increase in the strength of the B.A. classes, but a fall in that of the Intermediate class.

5. The results of the University Examinations compared favourably with those of the previous year, the percentage of passes in the Intermediate Examination being above the Presidency average. It is noted, however, that the number of failures in English was very large both in the Intermediate and B.A. Degree Examinations.

6. The Director is glad to note that the College continued to maintain its efficiency during the year.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on (Press Clerk).

† Copies distributed on (Press Despatcher).

† To be initialled and dated.
