Station M A D R A S, Dated the 23rd June 1916

From (Name) The Hon. Mr. J. H. STONE, M.A., F.R.H.S., C.I.E.

(Designation) Director of Public Instruction.

Madras.

To The Secretary to the Government of Madras,

Educational Department.

Sir,

With reference to Government Memorandum No. 1127-2 Educational dated 22nd April 1916 on the subject of providing special scholarships to Uriyas studying for Engineering subjects, I have the honour to state that the Principal, College of Engineering, Madras, was consulted in the matter, and was also requested to report whether there was any need for similar scholarships for students of other backward communities. A copy of his letter on the subject R. C. No. 98/16 dated 8th June 1916 is enclosed herein with a copy of the statement submitted by him. It will be seen from this statement that during the five sessions

4:26a.
encl. 6 copies

2 3/

4

A

sessions referred to there was only one application from a Uriya student, while there were a few applications from students belonging to the backward classes. It seems therefore that for the present there is no need for any additional scholarships special to Uriyas but preferential claims to a certain number of scholarships out of the 22 termed "open" by the Principal in his letter may be given to Uriyas and other backward class students in future, and it will probably be sufficient to fix this number at present at a maximum of 3 in any one year.

I have the honour to be,
Sir,
Your most obedient servant,

R. G. Arive.

14
23.6.16.

For Director of Public Instruction.

K.V.

With reference to your Proceedings M.R.C.No. 3649 of 1916
dated 18th May 1916, I have the honour to submit herewith a
statement showing the number of applications received from and
admissions of students of the backward classes including Uriya
during the past 5 years. I may say it is my practice to admit
students of these classes whenever they are at all possible,
but in some cases owing to their being much over the age limit
and of a low standard of general education it is inadvisable
to do so in their own interests.

2. Under the rules of the College, there are at present
31 annual Government scholarships of which 22 are what may be
termed open and 9 special by preference to Muhammadan, Indian
Christian, European and Eurasian in the order named. During
the last five sessions (1911-12 to 1915-16 inclusive), of the
total 100 open annual scholarships, awarded in the first year
of each course by selection and in succeeding years on the
results of the examinations, 75 have been held by Brahmans,
18 by Non-Brahmans, 6 by Indian Christians and one by a
Muhammadan, and of the 38 special scholarships 24 have been
held by Indian Christians, 9 by Brahmans and 5 by Muhammadans.

3. The foregoing seems sufficient provision for Muham-
madans for the time being, but the offer of additional special
scholarships limited to particular backward classes might
attract students of those classes, and I would suggest that
one way of doing this would be for Government to announce
that the Principal has authority to grant annually a limited
number of such scholarships - say one of Rs. 15 per mensem
to a student joining the Engineer Class and two of Rs. 10
for the Probationary Subordinate class, or a larger number
if it is considered expedient - tenable for the complete
college course subject to the satisfactory progress and
conduct of the holder. The award should depend on the

with sub. class - 4

Prob. Sub. " 2

Prob. Sub. " 8

Total 22

25
particular circumstances and qualifications of the applicants
and be left to the discretion of the Principal.

4. Assuming the full number as above to be awarded
and that all complete a four years' course, it would mean a
maximum of 12 scholarships, but with some not proceeding to
the Upper Subordinate Course and one or two possibly failing
the average would probably not be more than ten.

U.O. No. 821-1 dated 23.3.16

To

The

Eol

Department. with Q.29

Saw

CM. 112
23.3.12
Legislative Department.

The Hon'ble Raja Sri Madan Mohan Singh Deo.

Educational Department.

Q 29. (a) Is the Government aware of the fact that Uriyas have no facilities for Technical education such as Engineering, medicine etc?

(b) Will the Government be pleased to institute some special scholarships for the encouragement of Uriyas in those branches of Education as is done in the case of Muhammadan and others?.

It is presumed that facilities referred to

in clause (a) of the question are obviously the special scholarships adverted to in clause (b).

In this view ~~therefore~~ both the clauses of the question may be dealt with together and be disposed of by one answer.

2. The Educational department is concerned with the institution of scholarships for the study of engineering only. It is understood from Legislative that a copy of this question has now been sent to Public (medical) so far as it relates to scholarships for medical study.

3. In the Madras Engineering college, besides the ordinary Government scholarships awarded to the best students of the engineer and subordinate classes on their merits, one special scholarship is available in each of these classes for the best Muhammadan, Indian Christian, European or Eurasian student in those classes. The Uriyas ~~are not included in~~ these special --

classes

PP 39 & 43 of the
College calendar

Not
referred to
but referred to
29-3-46

classes and any Uriya student who gains admission to the institution must ~~therein~~ seek a scholarship ~~from~~ by merit from among the general Govt. scholarships alluded to above. The question whether the Uriyas should be given the benefit of ^{Special} ~~the above~~ scholarship along with the four -- ~~communities~~ communities mentioned above is one for ^{separate} consideration in consultation with the D.P.I. It has first to be ascertained whether there will be any Uriya student in the Engineering college to claim the scholarship and whether it is necessary to extend the special scholarship ~~from~~ -- ~~to~~ to the Uriya community also. If it is decided to consider this question separately, the following answer may be given so far as -- Educational is concerned:--

"The suggestion made by the Hon'ble Member will be considered ~~therein~~".

The file may now be sent to Public (medical) for furnishing a consolidated answer to Legislative.

Public Dept.

U.S.

Dep: 29-3-16

p 121 of the Med College
Calendar, 1915-16
(p 121)

Attention is invited to pages 119 and 121 of the Medical College calendar for the academical year 1915-16. To encourage Muhammadans for the study of medicine, Govt have set apart two out of the six Govt free scholarships attached to the Medical College, to Muhammadan applicants fulfilling the necessary conditions for the scholarship.

The Wenlock scholarship of the monthly value of Rs 20 is also available to a Muslim student studying for the M.B. & B.S. degrees. No similar scholarships appear to have been specially set apart for Uruja candidates studying for Medical degrees. They will have to take their chances along with the ^{students of} other communities in applying for the remaining four free scholarships.

2. As regards medical schools, in para 2 of G.O. no 196 Oct 8 14. 2. 12 it was ordered that 75 per centh of the stipends ^{for Sub. Med. Dispensary pupils} should be reserved for

qualified candidates from the districts of
Ganjam, Vizagapatam, Godavari etc.
As the Urijas are mostly from the
Ganjam and Vizagapatam districts,
this may be held to apply to
them also; but from ~~the~~ Sir
John Atkinson's note of 1.2.12 on
page 3 of notes to G.O. 176 Pat of 14.2.12
it will be seen that Telugus were
meant.

3. It does not appear that the
question of granting ^{other facilities} scholarships to
Urija candidates seeking medical
education has been considered before.
The question is one for separate consi-
deration in consultation with the S.G.

4. The answer suggested in Educ
on page 4 ante may hold good
for Public (medical) also. As the
question is mainly an educational
one, the answer for the whole question
may perhaps be given in the Educ
dept.

NOTES.

Page 8
Educational Dept.

The question and answer as finally approved were as follows:

Scholarships for the encouragement of technical education among Uriyas.

51 Q.—(a) Is the Government aware of the fact that Uriyas have no facilities for technical education such as engineering, medicine, etc.?

(b) Will the Government be pleased to institute some special scholarships for the encouragement of Uriyas in those branches of education as is done in the case of Muhammadans and others?

51 A.—(a) The Government colleges are open to all classes so far as accommodation is available. Seventy-five per cent of the stipends for sub-assistant surgeon pupils are reserved for natives of eleven districts, of which Ganjam and Vizagapatam are two.

(b) The question of granting special scholarships to Uriyas will be considered.

2. A draft memo to the J.P.D.

requesting him to report on the question of the provision of special scholarships to natives for the study of engineering subjects is submitted for approval.

3. A copy of the question and answer may also be forwarded to Public Medical w/o for necessary action in regard to scholarships for medical study.
