G.O. No. 13, Educational, dated 3rd January 1914.

ABSTRACT.—Sanctioning a grant not exceeding one-half of the actual expenditure nor Rs. 9,500 towards the cost of carrying out certain improvements to the building occupied by the Coronation Secondary school at Srivaikuntam in the Tinnevely district.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 23rd June 1916.

No.—Ref. on Cur. 4033/13.

A maximum grant of Rs. 9,500 was sanctioned in G.O. No. 13, Educational, dated 3rd January 1914, towards the cost of carrying out certain improvements to the building occupied by the Coronation Secondary school, Srivaikuntam. On the suggestion of the Superintending Engineer, VI Circle, the management have carried out certain additional works which involve extra expenditure over and above the sanctioned estimated amount and have asked for additional grant. The Superintending Engineer has forwarded for sanction a revised estimate for this extra expenditure with a comparative statement of differences—vide his letter No. 2490, dated 21st March 1916 (copy enclosed). It will be seen therefrom that the amount according to the revised estimate is Rs. 20,450 against the sanctioned estimate of Rs. 19,000. The extra cost involved is Rs. 1,450. I have the honour to recommend that an additional grant not exceeding one-half of this amount, viz., Rs. 725 may be sanctioned.

2. The revised estimate, the comparative statement of differences and plans are herewith submitted.

ENCLOSURE.

Letter—from M.R.Ry. Rao Bahadur L. D. VENKATARAMA AYYAR Avargal, B.A., B.C.E., Superintending Engineer, VI Circle.

To—the Director of Public Instruction.

Dated—Tiruchinopoly, the 21st March 1916.

No.—2490.

I have the honour to forward herewith for your countersignature and transmission to Government for sanction a revised estimate amounting to Rs. 20,450 for certain improvements to the existing Coronation Secondary school at Srivaikuntam the grant for which amounting to Rs. 9,500 which is one-half of the estimated cost of the improvements to the building was sanctioned in G.O. No. 13, Educational, dated 3rd January 1914.

2. The necessity for the revision is chiefly due to the fact that the walls marked AB, BC OD, FE and EA in the plan were ordered to be demolished to the basement level and reconstructed with walls 1' 6" thick as it was observed by the Superintending Engineer Mr. Kharegat during his inspection of the building in August 1914 that the walls FE and AB which had been exposed by the correspondent at the time were found to be constructed of stretchers laid to each face of the wall with filling of half bricks and that the walls 1' 3" thick consisted of three separate walls half bricks without any bond and that they cannot safely carry an upper storey.

3. It is reported by the Executive Engineer that the existing walls FK, KL and LD were also demolished and rebuilt by the school authorities at their own cost with walls 1' 6" thick as they had it appears their own misgivings about the strength of these walls. The cost of the demolition and reconstruction of these walls has not therefore been included in the revised estimate under reference.

Order—No. 729, Educational, dated 4th July 1916.

In the circumstances stated the maximum amount of the grant sanctioned in G.O. No. 13, Educational, dated the 3rd January 1914, towards the cost of carrying out certain improvements to the building occupied by the Coronation Secondary school at Srivaikuntam, will be raised from Rs. 9,500 to Rs. 10,225.
