Station Madras, Dated the 16th June 1915

From (Name) the Hon'ble Mr. H.S. Duncan, M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

Educational Department.

Sir,

With reference to G.O.No. 1143 Mis., Edl., dated 6th October 1914 and in continuation of my letter R.C.No. 3423 of 14, dated 26th March 1915, I have the honour to state that there are at present 12 Elementary schools for girls at Masulipatam of which five have standards above the fourth, One of the latter viz., the C.M.S. Sharkey Memorial Girls' school which was formerly an incomplete secondary school is now working as a higher Elementary school with standards fifth to seventh. It will thus be observed that the higher education of girls at Masulipatam has been amply provided for by these five schools which are under Mission management.

can

The Inspectress of Girls' Schools, Northern Circle, recommends the taking over under departmental management of the Lady Amphthill Hindu Girls' school, Buttayapet, which is centrally situated and which has a good building of its own, being the gift of a local Zamindar. It is further largely attended by caste Hindu Girls. It is reported that the school is run by local subscriptions so very irregularly paid and so very small in amount as to affect seriously its financial stability. Notwithstanding this drawback it commands at present a strength of 153 pupils in five standards as shown in the margin and has possibilities of developing into a Secondary school under departmental management. The

Inspectress further states that the Manager has offered the building with the furniture, appliances etc., as a gift to Government, and suggests that the school be retained in its present building as on account of its central

situation it will safe-guard the interests of the existing schools and that some of the adjoining land be acquired for extensions and for the provision of a play ground. The Inspectress's proposal seems to me to be well worth a trial and I accordingly beg to recommend that sanction be accorded to the taking over of the Lady Amphthill Hindu Girls' School, Buttayapet, Masulipatan, under Government management with effect from 1st March 1916 and to its being worked as an incomplete secondary school with the fifth as the highest class. The charges on account of establishment, contingencies and equipment will be as follows:-

As the school is to be an incomplete secondary one it is desirable to have an Anglo-Indian Headmistress on a consolidated salary of Rs.90 per mensem as in the case of the larger Government Girls' Schools in the Central and Southern Circles.

2. If the proposal meets with the approval of Government I shall include the necessary provision in the Budget estimate for 1916-17.

3. I submit herewith for information a statement showing particulars as to number of standards and strength in the several girls' schools in the town of Masulipatan.

that there are twelve ele-

teaching up to the 8th

"that the higher educa-
tion of girls at Masulipatam

necessity for his part

quite clear. In a place

effort is so conspicuous
at least of the twelve

develops naturally in

Secondary School, and it does not therefore seem desirable that the Govt. should enter into competition and, by establishing a Govt. Secondary School, check the development of institutions under private management into Secondary Schools.

The Director will be requested to examine the question in the light of the above remarks and submit a further report to the Govt.

The Secretary to the Government of Madras,
Educational Department, Madras.

Sir,

With reference to your letter NO.1144

(A) mis of 1914 dated 6-10-14, I have the honour to request you to be so kind as to let me know, if there is any near probability of establishing a Secondary school for girls at -- Masulipatam. A Lower Secondary school for girls from -- the first form up to the third form was started here some three years ago, and was working successfully, when ---- the Gentleman, who started the same, gave it up all on -- a sudden. The school had 30 girls, and was improving every year. We represented these facts to the then Inspectress of schools, Mrs. Rhenius, and after inspecting the place, she was pleased to inform us in November 1914, that she would recommend the starting of a Lower Secondary school, which, she hoped, would be sanctioned by the Government. We have been maintaining the school for the last 11 months, in the hope that the Government would soon be pleased to take it up. A large amount of money has been collected for the purpose and we now feel unable to draw in more money. We had to give up the Head Mistress owing to the high salary which the post carried, and consequently elderly girls have ceased to attend. This experiment of maintaining a girls' Lower Secondary school for over three years, has proved beyond doubt, that if a non- sectarian school with Lady-teachers is started, even elderly girls would be sent --- to school.

We have been seeing from the News Papers that the Government is kindly trying to give an impetus to the education of the girls, and we are thankful for the same, as no nation can improve with its female population living in gross ignorance.

The Ladies' Association, therefore prays that early attention may be paid to the subject. There are at present 9 girls' schools, with about 1200 pupils on their rolls. ^{This} town is an educational centre, and it is therefore, a great desideratum that there should be not a single secondary school in the place. We request you very earnestly to be so good as to order the -- starting of a secondary school here, at a very early date.

Hoping to receive an early and favourable reply,

I beg to remain

Your most obedient Servant,

M. Rajabayamma

Sir,

With reference to Government Memorandum No. 2129-1 Edl., dated 23rd July 1915 and in continuation of my letter R. C.No.8428/14, dated 19th November 1915 regarding the proposal for taking over Lady Ampthill Hindu Girls' school, Buttayapet, Masulipatam, under Government management, I have the honour to note in the margin the programme for the opening of new secondary schools for girls in the different circles as

formulated

formulated at the Conference of Inspectresses and to state

The following places should have Secondary Girls' schools in the order given below:-

Northern Circle.	Central Circle.	Southern Circle.
1. Rajahmundry	1. Cuddalore	1. Mangalore
2. Masulipatam	2. Vellore	2. Madura
3. Kurnool	3. Salem	3. Calicut

that I consider
that it should
be followed.
It will be ob-
served that it
was decided that
a secondary
school for

girls was more necessary at Rajahmundry than at Masulipatam and I beg to suggest that the proposal for taking over the Masulipatam school under Government management be accordingly postponed for the present.

2. I beg to add that I am calling from the Inspectresses proposals for either taking over under departmental management three girls' schools under private management or raising to the Secondary grade three Government Elementary Girls' schools, one in each circle and that I shall address Government on the subject on receipt of their reports.

our of
Re - the taking the Lady Smith
Hindus girls' School, Pettayapet, Masulipatam, under
departmental management and its conversion
into a secondary school

In the Northern circars there are secondary schools
for girls in the following places.

District.	Name of school.	Highest form.	Strength (as the 31st August 1911)
Vizagapatam.	Queen Mary's school.	4th	146
Guntur	A.E.L. Mission school	6th form	43
Nellore	A.B. Mission school.	6th	51

In Masulipatam also there was a secondary school--Sharkey
Memorial Boarding school. It is now reported to be working
as a higher elementary school, but no information is fur-
nished as to why the school has been reduced to the ele-
mentary grade. The Mission schools at Guntur and Nellore
are apparently not popular. The school at Vizagapatam
is a Government school and it was established in 1912 --
mainly with a view to securing a supply of educated caste
widows who will ultimately become teachers. The school
is for the present on a temporary footing for a period of
five years.

2. The Andra Mahila Sabha, Masulipatam, which is an association of ladies, at a conference held at Bezwada in April 1914 passed a resolution requesting Government to establish a girls' high school in every district and one in particular at Masulipatam, the headquarters of the ^{Krishna} ~~Krishna~~ district, in which the number of literate girls was stated to be largest, and also submitted a memorial addressed to this -- Government and another addressed to the Government of India in both of which the request for the establishment of a Government Secondary School for girls at Masulipatam was repeated. The Director of Public Instruction who was consulted by His Excellency wrote as follows:-

"It is the intention of Government to increase the number of girls' high schools as necessity for them becomes apparent. The progress of the Queen Mary ^{high} school at Vizagapatam is being carefully watched. The question of the establishment of a school for Masulipatam teaching above the 4th standard will be considered." Thereupon the ^{ladies'} ~~ladies'~~ association at Masulipatam was informed that the question of the

establishment of a secondary school for girls at Masulipatam would be duly considered and the D.P.I. was at the same time requested to ascertain ^{and} report whether there was no girls' school in the town teaching above the 4th standard, and if there was none how the need for higher education of ~~girls~~ girls there ~~might~~ might be supplied. Vide papers with ~~in~~ G.O. 1143, 1144 dated ^{10/2} 6-10-14.

The D.P.I. ~~now~~ points out that there are at present five elementary schools for ~~girls~~ girls at Masulipatam with standards above the 4th and that the higher education of girls at that place has thus been amply provided for by these ~~4~~ schools. It ~~was~~ however to be noted that all these ~~14~~ ^{since} schools are under mission management and that none of them are secondary schools.

4. The D.P.I. therefore apparently considers it desirable to establish a Government secondary school for girls, and for this purpose submits proposals for taking over under the Government control the Hindu girls' school ^{at Baitayakot} which is largely attended by caste Hindus and which has possibilities of developing ~~in~~ into a secondary school. The proposal is to take over a private Educational institution at Manipalpatam Nuan as the "Lady Anpithill Hindu Girls' School" under departmental management with effect from the 18th March 1916, and to work it as an incomplete Secondary School with the fifth class as the highest.

2. The proposals involve (i) a recurring expense of Rs. 2576 p-2 as per details on pp. 2-3 of C.F. and (ii) a non-recurring expenditure of Rs. 1000 on furniture and equipment. The details of the recurring expenditure call for the following remarks:-

Cardew's note of 23.5.12. on p. 5 of notes to p. 479 Ed. of 31.5.1912 from which it will be seen that the principle of employing European or Eurasian headmistresses in important centres with a view to attracting caste girls to girl schools has long been approved. C.S. 13.7.15

The Director states that there are 12 Elementary Schools at Manipalnam of which 5 have standards above the fourth, one of them up to the 7th. He goes on to say "It will thus be observed that the higher education of girls at Manipalnam has been amply provided for". Why, if this is so, does he now propose that the Govt. should start a Secondary School? May it not safely be presumed that one at least of these 12 schools will naturally develop naturally into a Secondary School? In a place where private effort is so conspicuous is there any need, or is it desirable, that Govt. should enter into competition?

By establishing a first Sec 7 school, check
the development of private institutions under
private management into secondary schools.
Educ? will perhaps be so good as to
examine further. Fin? is bound to try to bring
down the Educ? budget where the need for
growth is not quite clear.
