[Despatch Abstract.]

Stipendiary grants

Permitting the Director of Public Instruction to arrange for the payment up to 30-3-16 direct to the teachers under training in the B. G. M. training school at Kettur of the amounts hitherto paid the correspondent of the school as — on their behalf.

There is no proposal to transfer
Basel property to another mission.
The proposal is to reorganize the
Home Board as an to include German
This proposal has been made as we know
but whether the Home Board will consent
we do not know. The D.P.I. was told to
report about the
transfer of the
Leipzig mission.
Report has not yet been
submitted with but
attached for
information.
It is requested
that this may be
returned as soon as possible.
AKS

II. The transfer of the mission property of (a) the
Basel Mission and (b) the Leipzig Mission to Missionary Societies
from neutral countries:

Both these cases have been stated in the memorandum on
behalf of the German Missionaries in the Madras Presidency already
submitted to His Excellency by Mr. Maclean, pp. 1 and following.
The question of
arranging to carry
on mission schools
after the grants are
discontinued is
under reference
to the D.P.I.
who has not yet
reported what
he proposes to do.
AKS

III. The grants to the schools of these Missions:
In view of the negotiations for the transfer of these Missions
to neutral Missionary Societies, Government are requested to re-
consider their Order for the withdrawal of the grants on September
30, 1915, as it would be a very great loss from an educational
point of view, if the schools had to be closed. It would also
involve a large number of school teachers being thrown out of
employment.

IV. Grants to students at the Basel Mission Normal Training
School:
Mr. Maclean writes as follows:- "In the case of the Basel
Mission Normal Training School at Nettur the Manager has been informed
that no grant could be given for those who were admitted for training
in July 1915, and that in the case of those admitted in July 1914
grant will be stopped at the end of September 1915. The notice comes
from the Inspector of the Eighth Circle who says he is acting under
Government Orders. I wonder if Government has fully considered this
matter or whether it is simply a case of taking it for granted that the
stoppage of grant must include stoppage of stipends. These stipendary
grants are paid to students who count upon them when they enter upon a
course of training and not to the Mission as such. In the case of the
students admitted in 1914 this decision means that they will have to
discontinue their course unless they can support themselves from their
own resources for about six months, or the Basel Mission is able to
make a special allowance. In the case of the students admitted in 1915
it will probably mean that they will have to be cast adrift, the
result of which will be that the total number of trained teachers

D.P.I. to be asked
to report with the Home
Board on this property.
This point has
not been
been specifically
raised but the
general orders
as to grants are
doubtless appli-
cable to these
stipendary grants.
The D.P.I. will
doubtless take this
matter into con-
sideration when
reporting formally
on the future
management of
hostile mission
schools. AKS

available for the country will be reduced. It seems very hard that this should be done at this stage. Had the Mission known at the beginning of July that no grants would be sanctioned they would have refused to open a new class. Until a few days ago they had no idea that the application for stipendary grants would be refused."

Sir,

With reference to the reminder dated 25th November 1915 on G.O.No. 686 Edl., dated 25th June 1915, I have the honour to state that no secondary or training schools under the management of hostile missions will be closed during the current year on account of the withdrawal of aid, but that it is not possible to state at present which of these institutions will be compelled to close next year. No action seems necessary with regard to the elementary schools maintained by these missions as the majority of the schools which the missions will be compelled to close will probably be continued by the teachers now working in them and thus

Sir,

P. 692 F.

With reference to Government Memorandum No. 4235-1
Educational, dated 7th December 1915, I have the honour to
state that the Correspondent of the B.G.M. Training school
for masters at Nettur informs me that the school is being
conducted as usual, its efficiency not being allowed to
suffer in any way in spite of the cessation of all its
grants. There are in the school 18 pupils in their second
year course of training to whom stipendiary grants were paid
up to 31st October 1915 and 39 pupils in their first year
course of training to whom no stipendiary grants have been
paid. The Correspondent adds that the management is unable

vide G.O. 946 SDP

DR

to give to the students any compensation from Mission funds for the stipends withdrawn and that consequently the majority of the students find it very difficult to support themselves while attending the Training school. I have also received a petition from these students requesting that they may be paid stipendiary grants while under training as hitherto.

* regulated by art. 47 of the Fr. M. Code.

2. I consider that these stipendiary grants which are usually drawn by the Correspondent of the school and subsequently disbursed by him to the pupils on whose behalf they

As is done in the Govt. Training Schools.

were drawn might be treated as stipends and disbursed direct to the teachers under training. Considering the pecuniary difficulties of the students under training in the school

I have the honour to request that I may be permitted to arrange at once for the payment of stipends to these pupils even at some sacrifice of complete consistency of procedure and policy pending orders on the proposal already made by

(y) me in my D.O. letter No. 164/15, dated 5th November 1915 of putting officers of the department in charge of the teaching work of the Basel (German) Mission. The Sub-Assistant Inspector of Schools, Tellicherry Range may be directed to draw the amount required every month and disburse it to the pupils direct who will acknowledge its receipt. If no satisfactory arrangement for the transfer of management of the school can be effected by 1st April 1916 the stipends will cease to be paid and the teachers under training in the school will be transferred to the Government Training schools for masters in the Malabar District.

In accordance with G.O. No. 1461 Ed. 24.12.15 (X)

His Excellency has kindly said that he would be glad to see me this afternoon at 3 o'clock with reference to the cases of the German Missionaries in South India. I have received since my last interview with His Excellency rather a large number of requests of various kinds from different people. I think you still have with you the letters which I sent you last Thursday and also the statement submitted by Mr. Maclean. I am sending you enclosed an abstract of the second batch of the cases that have been referred to me.

Para. II. There is no proposal to transfer Basel property to another Mission. The proposal⁴ to re-organize the Mission Home Board so as to exclude Germans. This proposal has been made as we know but whether the Home Board will consent we do not know.

The Director of Public Instruction was told to report about the transfer of the Leipzig Mission. His report has not yet been dealt with but is ~~attached~~ attached for information. It is requested that this may be returned as soon as possible.

The D.P.D. has ^{specifically} referred to the question of stipends granted to the students of the training school at Netter mentioned in memo. no. 3078-1 d 9. 9. 15, in the current reply. Since, however, he states that no training school under the management of the hostile missions will be closed during the current year on account of the withdrawal of aid, a separate report on the question of the stipends under reference need not be insisted on.

2. As the question of the future management of the schools conducted by the hostile missions is separately under consideration, no action is necessary on the present communication. It may be recorded. Before the schools, if any, come to be closed next year, orders would have issued on the question referred to above. If not, the D.P.D. will address Gorkh again.

Mr. 26. From the D.P. R.O. No 38 Cl. 4th January 16.

In G.O. No. 1461 Dtd. 24-12-15 the Govt. have instructed the D.P. to give notice that recognition will be withdrawn with effect from the 31st March 1916 from all schools hitherto under the control of the hostile missions unless they are transferred to the management either of Govt. or a local Board. If in accordance with that order the Nethur training school is transferred to the Public management from 1st April 1916 there is no trouble about the payment of stipends to the students undergoing training in that institution. If, on the other hand, no such transfer takes place, the D.P. proposes to transfer the students to Govt. training schools. This proposal to pay the stipend direct to the students is only a temporary measure ~~ending~~ till 31st March next. In the interests of education the proposal ~~deserve~~ ^{appears to} ~~be~~ ^{special}
