DATED 12-7-16

## [Despatch Abstract.]

Sulbiyeg Approving the proposal of the Coondapur Taluk Board to attach the sum of Rs 5093 in the Sulbiyeg Sanctioned in the previous years for the maintenance of its elementary schools towards the construction of the buildings for some of the schools.

\* X X X

8. Special grant for the maintenance of elementary schools. Out of the grants made during the previous years for the maintenance of ordinary elementary schools there is a balance of Rs.5,903. This was practically a saving owing to some of the schools having been opened late after the subsidy was sanctioned and also to the payment of a lower rate of salary to untrained teachers (vide the correspondence read in G.O.No.320 Ed1., dated 24th March 1916). The Educational officer propose to utilize it for providing buildings to some schools which are badly in need of them. In the budget proposals for the current year Rs.4,000 have been re-allotted for constructing buildings for the schools at Yermal, Kaup and Kota. The girls' school at Udipi also requires extension as the present building is quite insufficient.

The balance of Rs.1,900 will be utilized for it. As this is a non-recurring expenditure, I request that the Government will be pleased to accord sanction to divert the expenditure as proposed.
