From (Name) The Hon. Mr. J. H. Stone, M.A., F.R.H.S.C.I.E.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Sir,

Dated the 4th December 1915.

From;

Executive Engineer P.W.D. Madras.

Ag. Professor of Civil Engineering,

College of Engineering, Madras.

To.

The Secretary to Government

Educational Department, Madras.

Through,

The Principal

College of Engineering, Madras.

Sir;

I have the honor to request that you will be good enough to obtain sanction of the Government for an advance of Rs. 2160/ to me for the purchase of a motor-car, and that recoveries of the advance may be made in 36 equal monthly instalments of Rs. 60/ each from my salary.

2. My substantive appointment is in the P.W.D. as an Executive Engineer, and I am now acting as the Professor of Civil Engineering in the College of Engineering, Madras. This city being a place of fairly long distances, a motor-car will considerably economise time in attending the college generally. Further, unlike the staff of Arts Colleges, the Professor of Civil Engineering has frequent outdoor duty, in the weekly inspection of works, weekly survey classes, yearly survey camps for about 5 weeks at a time etc., for all of which a motor-car will be most useful.

3. When I revert to the P.W.D. sooner or later, the car cannot but be of great service there too. The survey camp for the current session will commence on the 3rd January 1916

and if I could purchase a car before that date it will be most useful for the camp work, particularly because the Professor of Civil Engineering is to superintend all the survey classes stationed in various places.

I beg therefore to request that you will be pleased to obtain the necessary sanction for the advance.

I have the honor to be

Sir

Your most obedient servant.

Manickam

for the purchase of a
 motor car or a motor boat

Under art. 137 (i) (i) of the Civil Account Code
 "An advance will be given only when the Local Govt.
 considers that it is in the interest of the public
 Service that the officer should use a car or a boat
 in the discharge of his duties" The

The duties of a Professor in a College do
 not seem to necessitate the maintenance of a motor
 car. Accordingly the application of Mr. Kershaw
~~who is~~ ~~formerly a~~ ~~now~~ permanently post is that
 of an Inspector of Schools and who is now acting
 as Professor of Chemistry in the Presidency College, was
~~referred~~ rejected - Lys no. 1269 Edl., dated the 23rd
 May November 1915. Mr. Manikka Nayakar,
 however, states in para. 2 of his letter, that he
 has frequent outdoor duty. The Principal (Mr. James)
 also observes that the Professor of Civil Engineering has
 a good deal of outdoor supervision work and that
 a car would economise time. It is, however, ^{doubtful} ~~certain~~

page 2 of Cf

whether the outdoor duties specified in para. 2 of the application ~~do not~~ ^{will} require the maintenance of a motor car for their efficient discharge.

2. Orders are solicited. P.W.D may perhaps be consulted also.

early and returning here again
by 10 a.m. for other classes, and
he also frequently takes parties
of students on visits to works in
outlying parts of the City. ^{within his car}

During survey camp he has found
change of camps at places some
distance apart - this year for instance

In reply to your note
Dt. 8.1.16 re Mr. Manickam's application
for an advance to
purchase a motor car, as far as
college work is concerned I can
say that the Prof. of C. Engg. is
responsible for the work of the
early morning survey classes,
which necessitates his coming

as first I was inclined to agree with Educational that a car was unnecessary, but after hearing further from Mr James - please see his letter below - about Mr Manickam Naikes duties in connection with college work I think the advance asked for may be given

Financial in

Financial Department

Please see go. no 590, Iml, dated 27.8.14 (and the notes therein) for a precedent. As the test whether it is in the interest of the public service that the Professor of civil Engineering in the College of Engineering should have a motor-car, ^{is satisfied} there is no objection to the grant of an advance for the purchase of the car.

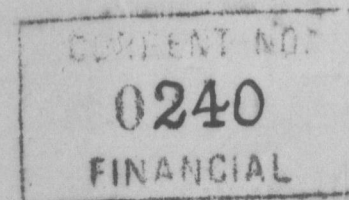

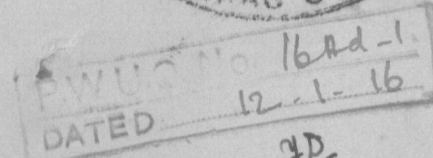

1407 15.1.16 Judging from the description of the duties of this Professor Financial would not object to an advance.
