(Designation) SUPERINTENDING ENGINEER, I Circle.

Chief Engineer

To The Secretary to the Government of Madras,

PUBLIC WORKS Department.

Sir,

In submitting herewith an application for permanent exemption from the examination rules on behalf of one A. Suryapracasarow, a permanent clerk in the Godavari Eastern Division, I have the honour to state as follows:--

2. A Suryapracasarow is an unpassed candidate and entered the department in April 1900 as a temporary clerk. Subsequently the examination restrictions for posts carrying a pay of Rs.20 and below were removed and the candidate was taken into the permanent clerical establishment as a clerk on Rs.20 in the year 1909. Since then he has been doing the duties of a section clerk.

In 1913 ~~when~~ he was made a store clerk in the Godavari Eastern Division. In all these capacities he discharged his duties to the entire satisfaction of his superiors. In November 1914, the clerk requested that he might be permanently exempted from the examination rules and this request was supported by Mr. Connell, the then Executive Engineer, Godavari Eastern Division. As the case made out by the Executive Engineer was not found to be sufficiently strong to warrant a recommendation for permanent exemption, his request was negatived. Again in June 1915, Mr. Lace, the then Executive Engineer, Godavari Eastern Division renewed the clerk's application for exemption and stated that the clerk has been doing the work of the Accounts section in addition to his own and requested that in consideration of his long service of 15 years in the department and the good work he has been doing, his case ^{might} ~~may~~ be recommended to Government as deserving of special consideration. The application was not however then recommended by me as I considered that the clerk's capacities should be tried for some time more by giving him more important duties. Mr. Ferns now reports that he has since tried the clerk by giving him a change in his duties such as establishment and other miscellaneous items of work which give sufficient opportunity for his capabilities being tested. He has also stated that he found the clerk's knowledge in English equivalent to that of an average school final candidate if not superior while he has shown himself sufficiently capable in acquiring experience and knowledge of work, and doing it satisfactorily. It is also reported by the Executive Engineer that there is a dearth of intelligent and capable men in those parts and that it will therefore be an advantage in view of their consistently good work to encourage such experienced men as the clerk under reference by giving them a change to rise higher than a pay of Rs. 20.

3. As three successive Executive Engineers have strongly supported the clerk's application for permanent exemption and as the clerk possesses uniformly good reports, I have no hesitation in recommending his case for your favourable consideration and I request that the clerk may be permanently exempted from the examination rules to hold posts carrying a pay of Rs. 40 and below.

I have the honour to be,

Sir,

Your most obedient servant,

M. R. K. Angal

	A. Suryaprakasaram 32 years Passed Lower Secondary Examination.		Clerk Permanent		Up to Rs: 40/-		Matriculation or School final Examination.		Permanent		Permanently		This is the first application for exemption.		The clerk holds a substantive appointment at Rs: 20 and is proposed to be taken to higher grades when opportunity arises, being a useful clerk.		The few passed men available in these parts have been found to be men of poor intelligence and capacity who are unable to give satisfaction in the discharge of duties required of them. This clerk though an unpassed candidate, possesses knowledge in English equal to a School final candidate of our superior schools and the head is far ahead of these men in point of intelligence and capacity for work. He has given satisfaction in the discharge of work as a store clerk and a change of duties was given by entrusting him with establishment & various other things of work in which he has given equal satisfaction. I am satisfied that he will do well for work in a similar office and deserves the encouragement now sought for him.		(Sd) A. E. Fergus, Revenue Survey.

2 The candidate is a permanent clerk on Rs. 20/- in the Godavari Eastern Division, I Circle. He has worked under three Executive Engineers and has ^{it is stated,} earned ~~and~~ uniformly good reports. His knowledge in English is said to be equivalent to that of an average School Final student and he has given satisfaction in the discharge of different classes of clerical work. In view of these facts and in view of the fact that

there is a dearth of intelligent and capable men in the Godavari Dt., the exemption of the candidate may, perhaps, be recommended so as to ~~enable~~ enable him to hold posts up to, at least, Rs. 30/- against Rs. 20/- suggested by the S.I. It is

submitted in this connection that there are precedents in which unpassed candidates in the same Circle have been similarly exempted for similar reasons. If the proposal at A above is approved, the file may be transferred to Educational u.o. for according the necessary sanction.
