Station Madras, Dated the 11th July 1916.

From (Name) The Hon. Mr. J. H. Stone, M.A., C.I.E., F.R.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

In submitting herewith a petition from T.S. Muhammad Hussain Sahib Bahadur, Assistant Inspector of Schools, Kistna District, applying for further extension of service, I have the honour to recommend that his request be refused and that he be required to retire with effect from the 12th August next, which is the date up to which his present extension was sanctioned in G.O. No. 208 Edl. Mis., dated 25th February 1916. He was first required to retire from 16th February 1916 in G.O. No. 1029 Edl. Mis., dated 20th

September 1915; but, when he applied for three months' privilege leave for which he was eligible I was inclined to recommend it as a special case and Government, in their orders

(C) Nos. 25 Ldl. R., dated 28th January 1916 and 208 Ldl. Mis., dated 25th February 1916, were accordingly pleased to grant him the leave and also to sanction the necessary further extension of his service up to the 12th August 1916. The Inspector of Schools, 2nd Circle, M.R.Py. Rao Bahadur V.R. Venkatarama Ayyar Avargal has observed as follows in regard to the work and character of this officer :-

"From what I know of his work and character as Assistant Inspector, Kurnool District, and from the way he does his work now he is not quite what he represents himself to be. His work is not thorough and his character is -----

cb para 2 of 2023 questionable."

letter on 29/10/1929
29.7.15 (B)

In these circumstances I do not consider that he deserves any further extension of service.

I have the honour to be,

Sir,

Your most obedient servant,

G. Viswanathan

for Director of Public Instruction

From

T.S. Muuhammad Husain Sahib Bahadur, B.A.,

Assistant Inspector of Schools, KISTNA DISTRICT.

To

The Secretary to Government,
Educational Department,
Stonehouse Hill.

Through The Director of Public Instruction, and
the Inspector of Schools, 11 Circle.

Hon'ble Sir,

With reference to G.O No. 208 Edl.mis dated 25-2-'16 communicated with Proceedings of the Director of Public Instruction Ref. on C No. 34 of 16 dated 3-3-16, I beg respectfully to approach you -- with the humble petition on the subject of my further extension in service, as my present financial circumstances are not such as to enable me to retire on the 12th August 1916 for the reason that my two daughters' marriages yet to be performed cannot be successfully done, inasmuch as the bridegrooms' parties demand large -- dowries beyond my control at the present state of my finance which I could not improve though the Government was pleased to grant me on the last occasion a short extension only.

2. From the fact that in the whole of my service rendered to the State, it will be seen from my service register, that I was not absent from duty for more than 9 or 10 months at the utmost, you will be pleased to infer that the whole of my precious life would have been sacrificed on behalf of this benign Government for the Educational Department and that my general health should presumably have been sound enough to work so energetically for the whole period. From the copies of extracts (enclosures 1 to 3) touching upon my work from the very beginning showing uniform diligence and efficiency, you will also find that I am quite capable of discharging my duties with the same diligence and efficiency for some time more. Hence you will be kind enough to observe that my case deserves some special concession as is extended to many officers of this department under Article 459 (h) of the Civil Service Regulations

5 16
~~G.O.P.~~ in which it is laid down that officers who are --- physically fit and practically efficient should be retained in service till their sixtieth year, but as a matter of fact my case grows much stronger for such a concession when my present age is only 56 years.

3. My general popularity ^{admitted} administered from time to time in the several districts I had served will also tend to give my case a favorable consideration and I beg to quote below some instances in support of them.

(a) When I was in charge of Bellary District in 1909 the then Director of Public Instruction had effected my transfer to the Guntur District on public grounds but the -- Inspector of Schools, Mr. Champion, fearing that this circle would lose an efficient officer had strongly protested --- against that transfer.

(b) While I was in Guntur District in the years 1910 & 1911, how I was liked by subordinate officers (Sub Assistants) and Mission Managers of Schools can be seen from the two enclosures herein submitted (Enclos. 4 & 5); and in view of the same old popularity, I was ~~also~~ invited by the District Collector of Guntur and the other leading functionaries to take special part in all the functions at the time when His Excellency the Governor visited that place in --- December 1915, although I was far away from them in Masulipatam. Some of the invitation cards are also enclosed --- herein for ready reference.

(c) During my stay in Kurnool for 3 years (1912, 1913 & 1914) the improvement I effected therein and the -- impartial attention I paid to the education of all communities can well be imagined from a kind perusal of G.O.1305 L dated 9-8-1913 (copy enclosed Flag A); and when my transfer to Kistna District was notified in 1915, the public in

page 6 & 7 of the
G.O. 1305 L

general protested against it and requested the Director of Public Instruction unanimously to have it cancelled. But their protest could not stand, as that transfer had taken place at my own personal request to the present Director of Public Instruction when he visited that district in -- 1914.

(d) Ever since my transfer ^{to Kistna} in May 1915, I have been commanding cheerful obedience from all my subordinates and it is gratifying to note that the several circulars - issued by me from time to time as a guide to them in the - discharge of their duties have been appreciated by them - and acted on most willingly and there has been no com- plaint of any kind from them or from the public in general against me till now.

4. I further beg to place before you that, in considera- tion of continued efficiency combined with my general -- popularity among my subordinates and people in general, I have been given regular promotions in the usual course -- from time to time when I was in Guntur, Kurnool and even in Kistna District and I have much pleasure to say that the - present Director of Public Instruction was so graciously - pleased as to recommend me to the Government for privilege leave in consideration of my long and faithful unblemished service.

5. In conclusion, I beg to place for your sympathetic - consideration the fact that my retirement now will cause - a great hardship to my family and loss to the Government - as well, and pray that you will be so good as to recommend me to the Government, so that I may be retained in service for such period as you may deem justifiable in my present distressed circumstances.

I beg to remain,
Hon'ble Sir,
Your most obedient servant,

R. S. K. Rao

Sir,

Owing to the large crowd of people present yesterday at the Corner Stone laying for the Sylvanus Stall Girls' High School, I regret that I did not have an opportunity to speak to you. Therefore I send this note of thanks for so kindly coming & helping to make our programme a success. I was very much impressed with many of your remarks & trust the thought seeds which you sowed will bring forth fruit to the glory of God.

I enclose list of members of the District Board which you kindly loaned me. Please accept many thanks for same.

Respectfully yours,

Extract from official records about the work of T. S. Muhammad Husain Sahib Bahadur, B.A., during his service of 32 years in the Educational Department in different capacities from time to time.

I. Work as a Normal Student.

(A) Principal's Certificate.

This is to certify that T. S. Muhammad Husain was a student in this Institution during 1884-85, and that both in his conduct and studies he gave me complete satisfaction.

Muhammad Husain is a very diligent and painstaking young man, and is likely to develop into a very successful teacher.

Madras, 2nd March, 1885.

(B) Normal Certificate.

PUBLIC INSTRUCTION.

NORMAL CERTIFICATE.

MADRAS.

This is to certify that T. S. Muhammad Husain, a pupil of the Madras Government Normal School, who passed the General Education Test for the Second Grade, and who was tested in the Theory of School Management in December 1884 and favorably reported on by the Inspector as to his ability in Teaching and Reading, is declared to have gained a normal Certificate of the First Class.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 4th June, 1885.

(C) Certificate of Pass in Psychology on Educational Bearing and History of Education.

PUBLIC INSTRUCTION.

CERTIFICATE.

PASS.

T. S. Muhammad Husain having been declared to have passed in the Final Examination in the Principles and History of Education and School Management held in December 1884 in connection with the Triple course of lectures delivered at the Government Normal School, Madras, the Director of Public Instruction is pleased to confer on him this certificate.

(Signed) D. DUNCAN,
Ag. Director of Public Instruction.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 18th June, 1885.

(D) Inspector's Report, No. 2573 dated 4th September 1885 para 2, Sec. 3.

"Among the 1st Class F.A's. is the single Mussalman student, a Master from the Government Madrassa-i-Azam, who has since reverted to his post, and whose work, I am glad to be able to state, shows greater efficiency as a teacher that Normal training *should* always give, in energy too, the Headmaster reports him to afford a good example, an example, I may remark, that is not altogether superfluous in the School."

(E) Director's Proceedings thereon, No. 6446, dated 30th September 1885.

"The success of the Mussalman student is noted with pleasure."

II. Work as a teacher in Government Madrassa-i-Azam.

(F) Inspector's Report No. 3736 dated 6th January 1888.

"T. S. Muhammad Husain Sahib introduced printed forms of substantial paper for maps. In Euclid, lessons brought in tangible illustrations, both evidence of interest in his work."

"The Map-drawing in the school gave me great satisfaction. In this matter, I believe, a good deal of the credit is due to one of the

Assistant Masters, T. S. Muhammad Husain Sahib, who had got substantial paper of uniform size printed with a border and the name of the school, and by this means had led the boys to take a pride in the work."

(G) Proceedings of the Director of Public Instruction thereon, No. 1728, dated 15th March 1888.

"The Director is glad to note that the Map-drawing in the school was so very satisfactory. The interest taken in the teaching of the subject by T. S. Muhammad Husain Sahib is commendable."

(H) Proceedings of the Director of Public Instruction No. 3214, dated 4th May 1888.

"The Director is pleased to appoint T. S. Muhammad Husain Sahib to be Sub. Pro. 2nd. Assistant Master, Madrassa-i-Azam, with effect from the 1st July next *vice* Ahmad Husain Sahib who resigns on the 30th June."

2. "The Director makes this appointment to mark his appreciation of the manner in which Muhammad Husain has worked in the School, and also in view of his patient industry in improving his own education. If he continues to give satisfaction, he will be confirmed on obtaining his Degree, subject to any changes which the reorganization, if carried out, may render necessary."

III. Work as Sub-Assistant Inspector of Muhammadan Schools, Northern Circle, First year's work.

(I) Inspector's Report on First year's work in 1890.

Para 12. Sub-Assistant Inspectors.—I am on the whole satisfied with the work of Mr. Husain Sahib.

Para 13. The work of these officers (Inspecting School-masters) appears to have been properly supervised by the Sub-Assistant Inspector.

Para 19. The efforts of Husain Sahib in raising the tone and discipline of his schools are praiseworthy.

Para 20. Considering this was the first time that Mr. Husain Sahib had to write a report and that this is the first report on the Muhammadan Schools in the Northern Circle, the way in which it has been drawn up is in my opinion very creditable to Mr. Husain Sahib,

Director's Review Para 14. There is sufficient evidence to show that the Sub-Assistant has been discharging his duties efficiently.

(K) The improvement made in the District of Kurnool in 1913-14 even when no subsidy for opening New Schools for boys was sanctioned is shown in the subjoined statement.

IV. Work as Assistant Inspector of Schools in Kurnool District—First year's work 1912-13.

(J) Government Order No. 1305 L. dated 9th August 1913, para 7.

During the year under report 151 new Elementary Schools were opened with the aid of special grants made for the purpose and the attendance of pupils in the Board schools showed a marked advance from 7,521 to 12,168. The total number of boys and girls under instruction in all the educational institutions in the District represented 28.8 and 5.2 per cent respectively of the total male and female population of school going age against 27.8 and 4.4 per cent in the previous year. *

* The working of the Sessional Schools was satisfactory; thirty students were sent up for examination and all passed.

It is gratifying to note that fourteen more schools for Panchamas and five more schools for Chenchus were opened during the year. The attendance in these institutions rose from 220 to 765 in which number 23 chenchu girls were included this being a novel and interesting development.

Extract from the Administration report of the Assistant Inspector of Schools, Guntur District for 1910-1911 submitted in his No. Dis. 19 of 1911 dated 13-6-1911 to the Inspector of Schools, II Circle.

The Sub-Assistant Inspector of Schools, Narsarowpet Range in his letter No. 326, dated 25-3-11 writes :—

“Thus more work was done in bringing the scheme of studies of the Elementary Schools into practice in the year 1910 than in the year previous to it 1909 or in other words much more solid work was done in the regime of the present Assistant Inspector of Schools, Guntur District than during the regime of the previous Assistant Inspectors of Schools that swayed the destinies of the teachers and the taught in the present Guntur District.”

2. Sub-Assistant Inspector of Schools, Tenali Range in his No. 750 dated 28-3-1911 writes :—

“During the year 1910 I encouraged the teachers in the purchase of the apparatus and appliances but practically sufficient number of teachers did not supply them until the year 1910 when your circulars and enthusiastic lectures inspired me to work more vigorously. I have made it almost a rule not to take for grant a school without supply being made of the necessary apparatus and appliances though owing to the apathy of Repalli Supervisor there are still a few schools in his Sub-Range which still suffer from their want. I gave him strict instructions and I hope that the same state will not be continued during the current year.” “I do not remember of any circulars or instructions given before your arrival.”

3. Sub-Assistant Inspector of Schools, Bapatla Range in his No. 419, dated 22-4-'11 writes thus :—

“I now submit my remarks as to the work turned out by me this year with your guidance. Special impetus is given to picture reading. Greater stress is laid on the method of calculation by simple practice. Flag drill is introduced in some more schools; slates are ruled in accordance to your instructions in many schools. Every year some appliances are added. This year coins, measures and weights have had their share. It is not possible to measure and to give expression to the progress made in other channels. I have closely attended to your model lessons and the methods of your inspection. I have been greatly benefitted by them as every one who meets his superior does.”

“I have not been able to trace the circulars issued before 1910.”

4. The Sub-Assistant Inspector of Schools, Guntur Range in para 8 of his last year's administration report writes thus :—

“During the year under review only one general meeting for all the teachers in the Guntur Taluk was held under the Presidency of the Assistant Inspector of Schools, Guntur District, to whom my special thanks are due for the valuable suggestions he has given in explaining the principle of correlation in studies. The system is being adopted by all intelligent teachers and I feel sure will ere long produce beneficial results.”
