OFFICE OF THE DIRECTOR OF INDUSTRIES,

Madras, 28th June, 1916.

From

L.B. Green, Esq.,

Asst. to the DIRECTOR OF INDUSTRIES,

Madras,

To

The Director of Industries,

Madras.

SIR,

I understand that according to G.O.No.1254 Edl.Mis. dated the 20th of November 1915, the sanction of Government for my appointment of Assistant to the Director of Industries expires on the 25th of September next. I have the honor to request that the intentions of Government regarding the future status of this appointment may be ascertained at an early date.

I joined the appointment on the 15th of December 1915 on the clear understanding that the office was sanctioned for a period of one year only, although I was informed that there was some prospect of the appointment being placed on a permanent basis. I accordingly made an arrangement with Messrs. Greaves Cotton & Co., whereby I was given a lien on my appointment of Mercantile Assistant on the staff of that firm. But they cannot be expected to keep this offer open indefinitely and consequently I am not altogether prepared to accept a mere temporary extension of office unless there are good prospects of Government sanctioning my permanent appointment as Deputy or Assistant Director of Industries. If Government desire to retain my services in the Department of Industries, I should be prepared to accept an appointment

it was placed on a permanent scale.

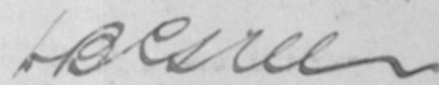

3
I do not know on what lines the proposed reorganisation of the department will be developed. But, in the event of a non-technical man being appointed Director, adequate technical assistance of a superior character to that available from the permanent subordinate staff would seem to be required. Most of the industries that the Department have in hand are at the critical point of development between the experimental and manufacturing stages where the withdrawal of all Directing Technical Control would be very unfortunate and might conceivably be disastrous.

You will understand that, in the event of Government not being desirous of extending my appointment, I should require to make various arrangements which could not be effected at a moment's notice. I accordingly request that early notice of Government's decision may be communicated to me.

I have the honor to be,

Sir,

Your most obedient servant,

Asst. to the Director of Industries.

Please see Mr. Bonchman's do. on the previous page. Mr. Green may, it is submitted, be informed that he may leave the department at the termination of the present period of his engagement. A draft order is submitted for approval. Mr. Bonchman will presumably address the Govt in due course as to whether the appointment of Assistant to the Director of Industries now held by Mr. Green should be further retained and if so, who should be appointed.
