THE Director of Industries.

SIR,

I understand that a number of engineers from the Public Works Department are required for Military Service in Mesopotamia, and I have the honor to request that the sanction of Government to my offering my services in this connection may be applied for.

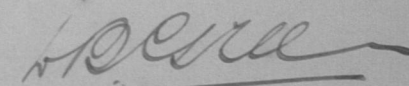

I am an engineer by profession and have had extensive experience in all branches of Theoretical, Practical Mechanical and Commercial/Engineering.

I have long been desirous of placing my services at the disposal of the Military Authorities - preferably in a technical capacity, and the present time seems opportune for carrying this design into effect, provided that Government are able to spare me from my civil appointment.

I have the honor to be,

Sir,

Your most obedient servant,

Asst. to the Director of Industries.
