MADRAS.

Sir,

In submitting herewith a copy of the Resolution passed by the Fourth Andhra Conference held at Cocanada on ^{May} the 8th, 9th and 10th of this year, under the presidency of Hon'ble Rao Bahadur M. Ramachendra Rao Pantulu Garu, I have the honour to state that the growing educational needs of the Telugu Districts require the establishment of educational institutions imparting instruction in different branches of knowledge. Almost all the technical and industrial institutions maintained either by Government or by the munificence of private bodies, are found in the Southern Districts, and students in the Telugu Country find it highly inconvenient and expensive to join those institutions and study in them. It is needless to mention that the proximity of such institutions will itself be a great incentive to the people to train their children in the Technical and Industrial branches, the study of which generally occupies a long period entailing an expense not easily borne by those classes who have hereditary instincts congenial for the development of technical or industrial knowledge and skill.

I have the honour to be,

Sr,

Your most obedient servant,

SK
K. Venkatappayya,
Secretary.

Resolution.

— • —

This conference is of opinion that the time has arrived for the abandonment of the practice of the centralization of all educational institutions in one place, and prays that, to meet the needs of the Telugu Country, the Government may be pleased to establish colleges of Engineering, Medicine, Agriculture, Forest, and Industries and other Technical institutions in some convenient centres in the Telugu districts.

The Resolutions of the Anthra
conference urges the establishment
of professional colleges & institutions
in the Telugu districts. In connection
with a resolution moved by Mr. B.
Karasimheswara Sarma at the
meeting of the Legislative Council
held in March last on the subject
of the establishment of two civil
& mechanical engineering schools
in the Presidency, it was stated
on behalf of the Govt. ^(that) though it
would be desirable to have
another engineering college in the
Presidency it could not be under-
taken owing to the financial cir-
cumstances. The same argument

would apply to the case of other colleges. It is therefore for orders whether the resolution may be recorded, copy being forwarded to Revenue.
