GOVERNMENT OF MADRAS

HOME DEPARTMENT

(Education)

READ—the following paper :—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Commissioner for Government Examinations.

To—the Secretary to Government, Home Department (Education).

Dated—Madras, the 7th August 1916.

No.—2608.

I have the honour to submit the annual report on the examinations under the control of the Commissioner that were held during the year 1915–1916.

Mr. H. S. Duncan acted for me till the 6th September, on which date I assumed charge of the office on return from leave.

2. Under G.O. No. 820, Educational, dated the 30th July 1915, a special examination under the Secondary School-leaving Certificate Board for the benefit of teachers who have failed in the Matriculation Examination and are desirous of being admitted for secondary grade training was instituted.

3. The work connected with the different examinations held under the Code of Regulations for European Schools was, as in previous years, done by this office.

The work of the Board for the Award of Secondary School-leaving Certificates was also done by this office. The Board passed the following resolution :—

“The Board at its last meeting before its reconstitution desires to place on record its appreciation of the able manner in which the arrangements connected with the Secondary School-leaving Certificates have been made by the office. The work during the past three years has involved the issue of thousands of certificates to schools throughout the whole Presidency, the entering of large numbers of figures, and latterly all the additional entries required by the moderation of the certificates. All this has been done with the utmost expedition and accuracy and with a thoroughness which reflects the highest credit on the office and its staff.”

4. All the examinations were held at various centres in the Presidency. Of these, the Special Test Examinations were held also in Mercara, the special examination referred to in paragraph 2 was held in Bangalore, and the Technical Examinations were held in the Native States of Hyderabad, Mysore, Travancore, Cochin and Pudukkottai and in Bangalore and Mercara.

5. Detailed information in respect of each examination is given below :—

(a) *Special examination under the Secondary School-leaving Certificate Board for the benefit of teachers who have failed in the Matriculation Examination and are desirous of being admitted for secondary grade training (March).*—The special examination for teachers was held for the first time during the year. It was held at 53 centres; eighty-two candidates (including two females) registered their names, of whom 81 appeared. Four of the male candidates qualified for admission to a secondary training school.

(b) *Technical Examinations (April, November, December and January).*—The total number of individual candidates registered for the three grades of examination was 11,377, of whom 493 were for the Advanced, 3,460 for the Intermediate and 7,424 for the Elementary grade.

The total number of subject-candidates examined was 13,883, of whom 6,072 were successful. There was an increase in the number of candidates under “examined” in the case of the Elementary grade, but there was a decrease in the percentage of passes for this grade. The results were better than those of the previous year in the Intermediate and Advanced grades.

Nine of the subject-candidates for the Advanced, 109 for the Intermediate, and 338 for the Elementary grade were female candidates, of whom 6, 72 and 180, respectively, were successful. Eight of the female candidates for the Advanced grade came up in Needle-work and Dress-making, and the largest number for the Intermediate and Elementary grades took up Free-hand Outline Drawing.

The number of papers set for the Advanced, Intermediate and Elementary grades, respectively, was 46, 94 and 73, the number of subjects for the corresponding grades being 19, 59 and 52.

Brahmans and Non-Brahman Caste Hindus formed the bulk of the subject-candidates that passed in the case of all three grades.

Eighteen diplomas, of which fifteen were for Commerce, and 153 group certificates, among which there was one for Electrical Engineering and another for Sanitary Science, were issued during the year.

The silver medal of the Madras Musical Association was not awarded during the year as the only candidate who appeared for the Elementary examination in Music failed.

(c) *Examinations in connection with the Subordinate Medical Department (May).*—Ninety-four candidates appeared for the competitive examination for the Civil Medical Pupil grade, for which 40 vacancies were thrown open to competition. All the applicants were holders of Secondary School-leaving Certificates.

The Surgeon-General with the Government of Madras informed me that no competitive examination for the grade of Indian Military Pupil was necessary and accordingly there was no examination for that grade.

There were twelve vacancies for the grade of Madras-Burma Sub-Assistant Surgeon Pupil and the number of applications for admission to the competitive examination for this grade was 57, most of which were from holders of Secondary School-leaving Certificates.

(d) *Special Test Examinations (October).*—For the Special Tests, 4,079 candidates in all registered their names, 3,303 presented themselves for examination and 1,180 passed. The numbers that were registered and examined and that passed during the previous year were 4,457, 3,409 and 1,070, respectively.

The percentage of success in the Précis-writing Test rose from 11 to 32. The results were better than those of the previous year also in the case of the Translation Test (Higher grade), the Criminal Judicial Test (Higher and Lower grades) and the Revenue Test (Higher and Lower grades); the lowest percentage was in the Account Test.

6. *Finance.*—The receipts amounted to Rs. 1,97,606, while the expenditure was Rs. 1,57,281 including refunds, the charges for printing work done at private presses and the compensation paid to the University of Madras.

7. An inventory of valuable stock was duly maintained and checked during the year.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
