Building grant

Approving the plans and estimates for the construction of a building for the American Baptist Mission incomplete secondary school, Kavali, Nellore, stating that the Government are at present unable to sanction the grant applied for but permitting the authorities of the school to proceed with the work on the understanding that the permission carries with it no promise of a grant.

GOVERNMENT OF MADRAS

HOME DEPARTMENT

(Education)

READ—the following papers :—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 8th June 1916.

No.—Ref. on Cur. 3352.

I have the honour to submit herewith the plans bearing Nos. 139 (a) and (b) with estimates amounting to Rs. 23,890 relating to the construction of a building for the American Baptist Mission incomplete secondary school at Kavali, Nellore district, and to state that the correspondent reports that the Mission Society in America has given one-half of the estimated cost and that this allotment will lapse if it is not used at once. The necessity for the building is explained in the enclosed application. In the circumstances stated, I recommend that Government may rule that, if the school authorities use their money now to build half the proposed building, it will not disqualify them for a half grant on the whole at some later time.

ENCLOSURE.

Extract from the application for grant-in-aid of the building for the American Baptist Mission secondary school at Kavali.

The marked increase in strength for the last two years is accounted for by the admission of the children from the Criminal Tribes Settlement in Kavali. Compulsory education is enforced in the settlement. The building proposed is to be a new and permanent one, large enough to accommodate the present strength of the school with a reasonable increase in the future.

The building has been urgently needed for many years. In fact the school has never had a suitable building although the accommodations have been hygienical. The present building is only a thatched hall and since the school has increased in numbers it has been necessary to hold the various classes in four different buildings. This has made it not only inconvenient for the staff and the pupils, but has also made it exceedingly difficult to provide a suitable accommodation for the necessary furniture and apparatus of the school. The school is growing year by year and unless a suitable building is provided, its efficiency will be lessened and its growth and progress will be hindered.

II

Note by the Chief Engineer, Public Works Department, No. 5439 C., dated 10th August 1916.

The Director of Public Instruction submits two plans bearing D.P.I. Nos. 189 (a) and 189 (b) and a detailed estimate amounting to Rs. 28,890 for a grant-in-aid towards the cost of constructing a building for the American Baptist Mission incomplete secondary school at Kavali, Nellore district.

2. The plans and estimate have been scrutinized in the Chief Engineer's office and the sizes of the roof timbers have been slightly altered as figured in red chalk on the plan and in green in the estimate. An iron king rod 1" diameter is

provided for the roof truss as shown on the drawing D.P.I. No. 189 (b); and a king post 4" x 7" is provided in the estimate. The drawing has been corrected so as to agree with the provision contained in the estimate.

The total amount of the estimate remains unaffected by these alterations.

3. The "chunam borders" provided for the roof will not be compatible with the architectural features which the design is intended to convey and may therefore be omitted.

4. The Superintending Engineer should satisfy himself as to the suitability of the foundations.

5. With these remarks the estimate, as altered in the Chief Engineer's office amounting to Rs. 28,890, is recommended for approval.

S. B. MURRAY,
Chief Engineer, P.W.D.

Order—No. 899, Home (Education), dated 23rd August 1916.

The plans and estimates amounting to Rs. 28,890 for the construction of a building for the American Baptist Mission incomplete secondary school, Kavali, Nellore district, are approved, subject to the remarks of the Chief Engineer in his note read above.

2. The Government regret that they are unable at present to sanction the grant applied for towards the cost of the proposed building.

3. The authorities of the school will, however, be permitted to proceed with the work, if they so desire, on the distinct understanding that the permission carries with it no promise of a grant.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

A

Please send proof in duplicate. The papers have been carefully edited.

B

Proof returned corrected. Please strike off and send number of copies as indicated.

C

As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval at once.
