Sir,

With reference to para 2 of Municipal Office No. 1131 of 27th July 1916 and in continuation of this office No. 56 of 16, dated 31st July 1916, as the roof of "Alta Villa" (where five forms are now located) is leaking and appears to be unsafe, as the wooden floor appears to be weak and has already given way in one place under the pressure of a bench in the front central room, as far too many glass panes of doors and windows are broken and the place appears in consequence to be insecure, and as, on account of the holding of classes in two places so far apart as the "Alta Villa" and the school building, supervision suffers, I beg to request that early arrangements may be made to obtain sanction for a suitable building to house all the eleven classes.

2. I have seen the building of Messrs. Oakes and Company proposed to be rented for the school. It appears to have accommodation for the eleven classes. If the building is rented, some screens may be necessary to separate the classes and suitable arrangements may have to be made for the latrine.

I beg, etc.,

Sir,

Enclosure
one

Municipal High School,
Ootacamund.

I have the honour to state that in G. O. No. 239 W., dated 3rd February 1915, communicated under Endorsement No. 458-1, Educational, dated the 11th idem, Government has been pleased to sanction the proposal to construct an upper storey to the present building of the Municipal High School in Ootacamund.

This work is to be commenced by the Public Works Department in this month.

2. In G. O. No. 1874 W., dated 11th October 1915, Government has been pleased to permit the location of the school in "Alta Villa" (now in the possession of Government) while the work of the upper storey is being carried out.

3. According to the present requirements of the school, Alta Villa can accommodate only 5, out of the 11 classes. The remaining 6 classes continue to be held, for the time being, in one of the two wings and in the out-houses of the school building, by special arrangement with the local Sub-Division Officer of the Public Works Department, until a building large enough for the whole school is secured.

4. The accompanying copy of the report, No. 56, dated the 2nd instant, from the Headmaster of the School, shows that Alta Villa is not at all in a suitable condition at present, for even the 5 classes being held there.

In the interests of the school, it is necessary to remove, as soon as possible, the whole school to a more suitable building.

5. The building known as "Old Assembly Rooms", owned by Messrs. Oakes and Company, Limited, on Church Hill Road, is available. It is very central and suitable for the temporary location of the school. The firm is willing to rent the upper portion, for Rs. 150 per month, for six months, for which period the construction of the upper storey to the school will probably go on.

The Headmaster reports that eleven classes can be conveniently located in that portion.

Considering the size of the place and the locality and the short period of the lease, I consider the rent of Rs. 150 per month to be reasonable.

6. I therefore request you to be so good as to sanction the renting of the place at Rs. 150 for six months.

7. It will be seen from the statement of the probable charges of the school for the current half-year, towards which an advance of Rs. 2,406 has been paid to this office under your proceedings No. 4763, dated the 20th July 1916, that Rs. 500 has been provided on account of the removal of the school to Alta Villa.

I request that a sum of Rs. 1,200 (Rs. 900, for rent at Rs. 150 per month, for 6 months and Rs. 300 for making the required partitions and for incidental expenses ~~for the removal~~ ^{of the school}) may now be kindly sanctioned, at a very early

date

date, on account of the removal of the school to the premises of Messrs. Oakes and Company, as above proposed.

My dear Diwan Bahadur,

The Municipal High School building here is to be enlarged by the addition of an upper storey. Government sanctioned its removal meanwhile to "Alta Villa" and approved an expenditure of Rs. 500/- for the purpose. This arrangement has proved very unsatisfactory as Alta Villa will only hold five out of the eleven classes and is in very bad repair.

2. The Chairman now proposes to rent for six months at Rs. 150/- a month the Old Assembly Rooms owned by Oakes and Co. He considers that incidental expenses will also be incurred and estimates these at Rs. 300/- making a total of Rs. 1,200/-.

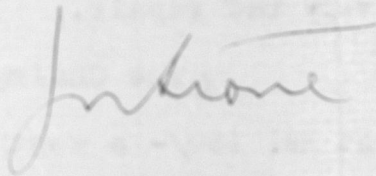

3. I think the housing of the whole school in one satisfactory building very necessary and the sum can be met from the current year's budget provision for meeting the net cost of Board and Municipal Secondary Schools. This is of course one of the schools of which Government

meets the net cost.

I shall therefore officially recommend the expenditure, but Mr. Handcock represents to me that an immediate decision is necessary as he may lose this opportunity.

If therefore you agree with me I shall be much obliged if you will let him know that he may proceed with the arrangement at once.

Yours sincerely,

To

In the circumstances explained by the D.P.D. his proposal to rent the old Assembly Rooms at Rs 150 a month may be accepted. The total cost of the proposal comes to Rs 1,200⁰⁰ and the D.P.D. points out that the amount can be found from the current year's budget provision for meeting the net cost of Board and Municipal Secondary schools.

2. It is not, however, known whether the extension of the building will be completed in six months. The P.W.D. may be requested to offer their remarks on this point.
