Ref. on Cur. No. 8598/15,

Station Madras, Dated the 26th January 1916

From (Name) The Hon. Mr. J. H. Stone, M.A., F.R.H.S., C.I.E.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

Owing to the prevalence of plague in Salem, the Government Training school for masters, in the town was at the suggestion of the Chief Plague Officer and the Collector, closed for a period of one month from 1st November 1915 and as the epidemic showed no signs of abatement the school was allowed to remain closed until the 16th January for the Christmas holidays. In reply to the enquiry whether the school could be reopened on the 17th instant the Collector stated that there was no objection to the opening of the school if all the students

E. J. J.

would get themselves inoculated but that it would be inadvisable to open the hostel near it or live in the surroundings as some plague cases had occurred very recently in the vicinity.

The school was accordingly reopened on the 17th instant and 49 out of the 55 students under training were present. The Headmaster of the school reports that he has failed to persuade the students to be inoculated and that in the present state of the health of the town he finds it difficult to make satisfactory arrangements for their boarding in the town as it is reported that all the Brahman and non-Brahman hostels in the town with the exception of two Brahman hostels which are held in the heart of the infected area have been closed and that the non-Brahman students who number 27 and most of whom live at ~~xx~~ a distance of 2 or 3 miles from the town are put to considerable inconvenience, having had to prepare their own meals and walk all the distance to attend the school. Further the Model school is almost empty, only 7 pupils being present in it. In these circumstances and in view of the fact that the students would be unable, from fright and inconvenience, to work satisfactorily, I have the honour to recommend the immediate transfer of the Government Training school from Salem to Ranipet, as a temporary measure till the end of the current school year. This arrangement will not involve any greater expense than the travelling allowance to be incurred for the transfer of the teachers and students to Ranipet and back as the students could use the Ranipet Training school and its equipment in early mornings and in the afternoons while the students of that school would be out of it.

The charge under travelling allowance can be met from the budget provision for the purpose under Government schools -- special - Training schools for masters.

masters.

I have the honour to be,

S i r,

Your most obedient servant,

6. *Myiophobus*

for Director of Public Instruction.
