states that the Mission builder, the Rev. B. Rottschaefer, arrives in India shortly that he will remain here for two years or less and that this work among others has been proposed to be executed under his supervision and management. Further it is reported that the University authorities are pressing the Mission to provide proper accommodation for the students urgently. I therefore solicit the favour of instructions from the Government as to whether the lands notified as being required for the purposes of the College may be handed over to the Principal immediately after the awards are passed, and pending the execution of the formal deed of conveyance by the Mission.

I have the honor to be,

Sir,

Your most obedient servant,

For Regr.

There appears to be no precedent for the course now suggested; but it is submd, there seems to be no objection to accepting the Collector's proposal as the drawing up of the deed is only a technical formality. Draft accepting the Collr's proposal put up for approval. D.P. may be consulted re.
