Sir, (Through the Accountant - General).

In their order No. 655 Educational, Mis., dated 14th June 1916, Government approved the proposal to make provision in the Government College, Anantapur, for imparting instruction in Parts I and II of the Intermediate course and in Group III of Part III and to employ immediately the under-mentioned staff besides the Pandits and the clerical and menial establishments :-

Principal and Senior Lecturer ... Rs. 300/-
Junior Lecturer (Logic) + English ... Rs. 250/-
Third Lecturer (History) in the last grade of the Subordinate Educational Service - Collegiate Branch.

2. The Principal reports that he finds it impossible with the present staff to arrange satisfactorily for the English work in the Junior and Senior Intermediate Classes and points out that the total number of hours for English in the two classes is 18 of which nine are lecture hours and nine library and composition hours, that the English Prose of the Junior Intermediate Class is taken by the Junior Lecturer, that the library and composition hours are divided between him and the assistant lecturer and that this leaves 8 hours of lecturing work weekly for the Principal in the two classes which is more than what he can manage in addition to his office work and general supervision which claims much of his time and attention in the present unsettled state of affairs.

3. The above arrangement is obviously unsatisfactory since the English reading of the students in the library cannot be efficiently directed and supervised by men whose main work is other than English. The Principal further states that the Senior Intermediate Class is composed of students who have come from different colleges and have consequently done different books in English in the Junior Intermediate Class at the discretion of the heads of such institutions and that as all the text books in English prescribed for the course have to be taught in the class this year the students need special coaching in the text books which they have not previously studied especially as the efficiency of the new college will to a large extent be gauged by the results of the next University examination.

4. For this reason I agree with the Principal in thinking that an additional lecturer for English is necessary and I have the honour therefore to request that you will be so

Estimated Rs 1200 per

during the
current year about Rs
100.

4 ³
(I) good as to obtain the sanction of Government for the employment for a period of one year from the date of entertainment of an additional lecturer in the last grade of the Subordinate Educational Service (Collegiate Branch) out of the staff sanctioned for the college in G.O. No. 1252 Educational, dated 9th November 1914, the necessary provision for which has been included in the current year's budget.

2.5. I beg to add that in recommending the staff sanctioned in G.O. No. 655 Edl. Mis., dated 14th June 1916, I had in view that the Logic and History Assistants should take a good deal of English work and it is unfortunately the case that the addition of an English Assistant will leave them too little work. This disadvantage arises from our having two Intermediate Classes so to speak 'in the air'. Such classes are usually attached to a high school or form part of a college teaching up to the B.A. standard so that the work of the lecturers is not confined to the Intermediate Classes. The work for the Intermediate course is of a highly specialised kind in English (people are beginning to discover, unduly so) and this like other subjects can only be efficiently taught by men who have given special attention to it, and the arrangement to make the Logic or the History Lecturer do any part of the English work is, I fear, not calculated to secure efficient teaching in English and is likely to be objected to by the University Committee that has been appointed to report on the fitness of the college for affiliation.

6. In discussing this question with the Principal, I pointed out that the Government College for Women successfully prepared students for the Intermediate Examination with a staff of only three, but he points out that the case of Anantapur is different as Miss McCormick and Miss Gunther who do some English teaching in addition to Logic and History

are ladies who have had English training and whose mother tongue is English and I am reluctantly constrained to agree with him.

3.7 With a view to the fuller employment of the Junior Professor, the Principal, on my suggestion, entrusted him with some of the administrative work of the college.

I have the honour to be,

S i r,

Your most obedient servant,

Director of Public Instruction.

The Secretary to Government,

Home (Educational) Department,

C. No. 3137 From the D.P.G. No. 5355/16, dated 17. 8. 1906.

SUBJECT. Employment of an additional lecturer in the Banabafur College.

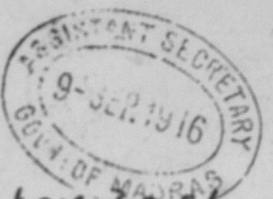

The D.P.G. ^{letter tries to make} ~~appears to have made~~ out a case for the employment of an additional lecturer on two p.m. in the Gook College, Banabafur. ^{He} ~~admits~~ in para. 5 of his letter that the addition of a lecturer will leave the existing two assistants too little work and points out that this is a result which cannot be helped. In para. 7 of the letter the Director states how he proposes to utilize the services of the ^{junior Professor} ~~senior Professor~~ fully. In the circumstances explained by the D.P.G., ^{it is for consideration whether} the proposal to employ an additional assistant may be approved.

2. Subject to orders, a draft order is submitted for approval. Since this is an ~~for~~ appointment included in the Scheme approved in G.O. No. 1252 S.D.O. of 9th November 1914 with the acceptance of the Financial Dept., and it is only temporary and there is provision in the current budget, the acceptance of Financial ~~is~~ does not appear to be necessary in this case—vide rule 7. (vii) of the Inter-departmental Ref. rules.

(H) ^{PP} 31. 8. 16. As however, the draft in No. 5355 ~~is~~ of 16. 8. 16 was accepted in Financial, this case may also be sent to Hill Dept. for acceptance.

^{Let} The arrangements referred to in paras. 2 and 7 of the Director's letter

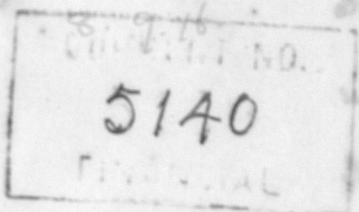

may meet the needs of the case, if the charge of English instruction can be in the hands of lecturers who have not specialized in the subject. English work for the Intermediate Course is stated to be "of a highly specialized kind." There seems therefore to be no option but to approve the Director's proposal with the concurrence of Financial.
