Orders on the subject

*come in Port Dept, Sir,
under G.O. 11, dated 16-11-16
in file No. 18 for precedent
draft in file 26.*

At the instance of the Correspondent of the National
High School, Trichinopoly, I have the honour to submit herewith
for approval and publication in the Fort St. George Gazette
a draft notification under Section 6 of the Land Acquisition
Act for the acquisition of 14,786 square feet of land in Town
survey field No. 263 of the 5th ward of Trichinopoly Municipality
Trichinopoly Taluk for extending the play ground of the National
High school at Trichinopoly. The acquisition has been sanc-
-tioned by Government in G.O. No. 194, Revenue, dated 31st
January 1916 and funds are available.

2. The Divisional Officer, Trichinopoly, reports that

the amount of compensation is estimated at Rs.1727-5-2 which includes the 15 per cent. allowance for compulsory acquisition. His estimate is fair and may be accepted.

3. The land belongs to the Kaliyamman temple at Chintamani. Its permanent trustee is Sivapakkiyattu Ammal. Her brother and authorised agent Swaminatha Pillai first expressed his unwillingness to part with the land but subsequently requested that a narrow strip of land for use as prakaram of the temple and another triangular portion in the north marked red in the enclosed sketch might be excluded from the acquisition. His request has been complied with. He also requested that a piece of vacant municipal land in front of the temple on the other side of the Chintamani road might be given in exchange. But this land has been ear-marked for the extension of the Chintamani market in the Butterworth road extension scheme submitted to Government for sanction. At any rate he being a trustee of the temple has only a limited interest in the land and compensation cannot be paid in cash. If no other unobjectionable land at the disposal of Government is selected and granted in exchange within 6 months from the date of the award, the amount awarded will be deposited in the civil court as required by note to paragraph 23 (v) of Board's Standing Order No.90. A true translation of the owner's statement is submitted herewith. I have myself inspected the site and find it is the only land available for extending the play ground of the school.

I have the honour to be

Sir,

Your most obedient servant,

7th April 1916.

Before the Revenue Inspector of Kasba Firka, Trichinopoly Taluk:

Statement of Swaminatha Pillai the authorised agent of Sivapakkiyathammal, Manager of the Kaliyamman Kovil in Chintamani.

I am living in the South street Rock Fort, Trichinopoly. T.S.No.263 of the 5th ward and the temple therein belong to us. It is temple property. I am doing the puja in the temple. The land to the south of the site in question was sold away some 10 years ago for Rs.425/- to the National High School authorities by the husband of Sivapakkiathammal. The northern portion contains the temple, the cocoanut tope and some huts. I am given to understand that this site is required for the school. As it is temple property we are not willing to part with it to anybody.

Again on 16th May 1916. The site now sought to be acquired is required for the use of prakaram round the temple and for maintaining a nandavanam for the Kaliyamman temple. I am not willing to part with it even if other lands are granted in exchange.

23rd September 1916.

Before the Assistant Tahsildar of Trichinopoly.

Statement of Swaminadha Pillai, brother and authorised agent of Sivapakkiyathammal, the permanent trustee of Kaliyamman Kovil.

I was along with you to-day while you were inspecting the site of the Kaliyamman Kovil required for the use of the National High School, Trichinopoly. It contains 36 bearing cocoanut trees and 8 non-bearing ones, as stated by the village officers in their statement. The height of the trees as mentioned therein is also correct. The land should not be acquired by Government. We have already given many petitions stating that it is required for the temple. During festive

occasions, many worshippers gather there to offer puja and the poor are fed thereon. It will be a source of great inconvenience to the people if it is given away. I am willing to part with it since you state that lands in exchange may be asked for in lieu of money compensation. There is a vacant land in front of the temple east of the main road, west of the paraiah street, south of the municipal market and north of the Butterworth road. If it is given in exchange, it will be useful for carrying out the purposes mentioned above. It measures 200 by 150 square links. It should be granted in exchange. It will be convenient to the temple if a small lane of 8 feet adjoining the temple is allowed for use as prakaram of the temple for the low caste worshippers to go round the deity on festive occasions. If this is not allowed, there will be no prakaram to the temple and this will cause much inconvenience to the public. The triangular portion in the north also will be of no use to the school as it is close to the municipal drain. If this is excluded, the three houses, which are now situated in the portion to be acquired will be erected thereon. Excluding these portions, the remaining will measure only 200 x 150 links. In exchange for this land, I request that the vacant land east of the road mentioned above may be granted in exchange. It will be sufficient if I am paid Rs. 50/- for raising the level of the land, and the value of the trees and the huts thereon.

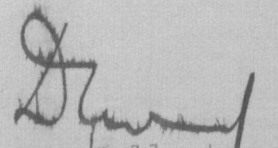

/Sd/ in Tamil A. Swaminadha Pillai

Again.

There is a drain for the discharge of the abishekam water of the temple. If there is no prakaram, the water will have to find its way in the land belonging to the school, which will be a source of nuisance to the school boys. So it is very unnecessary that there should be a prakaram of 8 feet in breadth.
