GOVERNMENT OF MADRAS

HOME DEPARTMENT

(Education)

READ—the following paper :—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 31st October 1916.

No.—Ref. on Cur. 4562.

I have the honour to propose the distribution of a total subsidy of Rs. 1,15,296 to local bodies in accordance with the annexed statement I to enable them to pay practically in full capitation allowances to teachers in the elementary schools under their control. The expenditure may be met from the allotment of Rs. 1,24,000 in the current year's budget under "22-E. Education—Payments in support of local board and municipal schools—For additional capitation allowance, opening new elementary schools and opening higher standards in elementary schools."

2. The recurring subsidies now proposed are intended to supplement those sanctioned in G.O. No. 123, Educational, dated the 28th January 1914, to help local bodies to satisfy the increased demands under capitation allowance consequent on the amendment of rule 83 of the Madras Educational Rules and the enlargement of the list of backward classes.

3. In order to determine the amount that the local bodies would require from Government to meet in full the claims under "capitation allowance", I called for particulars, early in June, in regard to this item only. I omitted the other two objects for which the allotment has been provided as it appeared probable that the requirements under capitation allowance alone would consume the whole allotment. An examination of the accompanying statement prepared from the replies of the local bodies, received completely only recently, shows that my anticipations were correct. The amount now proposed for each district board or municipality is the additional sum shown in its statement as necessary in 1915-16, on the assumption that "capitation allowances" were paid in full during that year. I have chosen the year 1915-16 in preference to 1914-15, my reasons being that the amendment of rule 83 of the Madras Educational Rules and the enlargement of the list of backward classes were sanctioned at the end of 1913-14, and that these changes therefore came fully into operation only during 1914-15 while the capitation allowances paid in 1915-16 were calculated on the average attendance of pupils in schools in 1914-15.

4. In the case of municipalities, where the additional amount required is less than Rs. 50, I have proposed no subsidy since the amount is comparatively trivial. In a few instances columns 7 and 8 of the statement have been left blank in spite of the fact that the amounts paid during either year fell short of the actual requirements of that year. The reason is that reduction was made for bad work in the amounts due to the teachers rather than that funds were wanting. This reason, however, has, in a small number of cases, not been explicitly recorded in the statement forwarded by the President or Chairman concerned. The case of the Guntur District Board requires some explanation. The statement received from the President showed that a sum of Rs. 13,227 would have been additionally required in 1915-16 to meet the liabilities in full. The total expenditure during the year was only Rs. 6,884 including the subsidy of Rs. 5,450 granted to the District Board on account of "extra

capitation allowance." This decreased expenditure was not at all warranted by the available budget allotment, viz., Rs. 13,100 and the subsidy of Rs. 7,000 now proposed for the District Board represents the difference between the demands (Rs. 20,111) of the year 1915-16 and the sanctioned allotment (Rs. 13,100) in the Board's budget for the same year. The demands in the case of Godavari and Kistna District Boards being very large, I have proposed subsidies for these two bodies less than the amounts shown in column 8 of the statement.

5. It will be remembered that on the recommendation of the Finance Committee of the Legislative Council the distribution of the allotment of Rs. 1,24,000 was enlarged by the inclusion of "opening new schools." The present proposal leaves a very trifling balance that can be applied to these purposes, so that the objects of the Finance Committee will be very imperfectly realised.

In the discussion in the Legislative Council on the revised Financial estimate on the 13th March 1916, the Hon'ble Mr. Subbarayalu Reddiyar said: "The Director, I understand, thinks that Rs. 1,24,000 is wholly wanted and is even inadequate for capitation allowances and for opening higher standards; it seems to me therefore that the amendment relating to the opening of new elementary schools is more or less illusory," and the Hon'ble Mr. Narasimha Raju said "what he (the Director) means is whatever remains after utilizing the money for these purposes (grants-in-aid to elementary schools, capitation allowance and opening higher standards) will be utilized for opening new schools."

These anticipations were not at the time contradicted and are now practically being realised.

I find, however, that the portion of the Rs. 1,24,000 not included in the proposed distribution for capitation allowances, viz., Rs. 8,704, will suffice for meeting all applications that have come in during the year for improving staffs, opening higher standards and opening new schools, and I therefore submit a second distribution statement No. II for these purposes, and I think that if this is sanctioned all that is possible will have been done to meet the wishes of the Legislative Council.

Order—No. 26, Home (Education), dated 6th January 1917.

The Government sanction the distribution of a total subsidy of Rs. 1,17,978 among district boards and municipal councils as detailed in the annexures I and II to these proceedings to enable them to pay in full the capitation allowances of teachers employed in the elementary schools under their management, to open additional elementary schools, and to improve the staff of existing schools.

2. The Accountant-General will be requested to place the amounts at the disposal of the local bodies concerned at an early date.

3. The amount specified above will be met from the provision of Rs. 1,24,000 in the Civil budget estimate for 1916-17 under "22-E. Education—Payments in support of local board and municipal schools—For additional capitation allowances, opening new elementary schools and opening higher standards in elementary schools."

NOTES CONNECTED WITH G.O. No. 26, HOME (EDUCATION),
DATED 6TH JANUARY 1917

[SUBJECT.—*Distribution of the lump allotment of 1.24 lakhs in the Civil Budget Estimate for 1916-17.*]

*From the Director of Public Instruction, dated 31st October 1916,
R.O.C. No. 4562.*

The proposals of the Director of Public Instruction appear to be unobjectionable and may be approved.

2. As regards the grant of Rs. 420 proposed to be given to the Municipal Council of Erode towards the cost of opening a girls' school at Karungalpalayam, it has since been decided in G.O. No. 1891 M., dated the 3rd November 1916, that the cost should be met from the Municipal funds. The provision may therefore be omitted from the list.

3. The question of a grant of Rs. 1,400 to the District Board of Gōdāvari for opening an elementary school at Amalapur is dealt with in a separate file. The provision may be retained.

4. The Director of Public Instruction has not provided for the following items in his proposals :—

(1) Elementary school for the Sugalees proposed to be opened by the Madanapalle Taluk Board (G.O. Mis. No. 591 L., dated the 17th April 1916). As the Government have already promised to provide funds for the opening of a new school, a sum of Rs. 330 may be included in list II as grant to the Taluk Board.

(2) Separate school for Lambadis at Mellavagu, Guntūr district (G.O. Mis. No. 664 L., dated the 5th May 1916). This item does not appear to be urgent and no provision need be made.

5. The amounts entered in list II are annual subsidies and will not be fully required during the current year. The Accountant-General may be asked to place at the disposal of local bodies only such sums as are likely to be spent during the current official year. The Director of Public Instruction has proposed separately that,

Vide G.O. 1260, Home (Education), 27th November 1916. A { from the savings in these subsidies,
the sum of Rs. 6,000 required for

the acquisition of a play-ground for the Negapatam municipality may be met. This will leave no balance to be spent on equipment as proposed by the Director of Public Instruction in the footnote to statement II.

6. A draft order is submitted. Before sending it to Financial, the Director of Public Instruction may be asked u.o. whether he has any amendments to suggest.

N.K.—28-11-16.

P. RAJAGOPALA ACHARIYAR—29-11-16.

DIRECTOR OF PUBLIC INSTRUCTION'S OFFICE.

In the statement of the subject of the order "allowances" should be substituted for "grants," the latter being payable only to aided schools.

In the first paragraph the words "in full" might follow "allowances."

2. The procedure in paragraph 2 which requires me to determine in consultation with the local bodies the actual sums which will be required for the current year will take time and experience suggests that it will result in some local bodies not furnishing the information in time to allow of the money being placed at their disposal before the close of the year. I suggest therefore that a quarter of the recurring charges of each proposal should be sanctioned at once and in addition for new schools Rs. 85 (each) for equipment. This will amount to Rs. 2,676 leaving a balance of Rs. 6,028 out of the allotment of Rs. 1,24,000, of which Rs. 6,000 will be required for the Negapatam play-ground. If this is accepted, the alterations below would be necessary in Annexure II.

3. If Government does not approve this suggestion, the local bodies might be asked simply to report to me at once how much they can spend this year on recurring charges and I can add Rs. 85 for equipment; but this might result in their asking for more than three months' recurring charges.

J. H. STONE—2-12-16.

HOME (EDUCATION) DEPARTMENT.

Submitted that the suggestion in paragraph 2 of the Director's note may be accepted. A revised draft order is submitted for approval. If approved, it may be forwarded to the Financial Department for acceptance.

2. Since his estimate of Rs. 1,092 for the Tanjore District Board towards the cost of revising the establishment of the elementary schools under the management of the Mamargudi Taluk Board, the Director of Public Instruction has proposed that the pay of a teacher in the Vedaranniyam school should be raised from Rs. 8 to Rs. 10. The figure has therefore been altered to Rs. 1,116; corresponding increase has also been made in the figures in the column "Three months' recurring charges."

FINANCIAL DEPARTMENT.

The present case relates to the distribution of the lump provision of 1.24 lakhs entered in the budget for the current year under 22. EDUCATION as subsidies to local bodies for additional capitation allowance, opening new elementary schools and

opening higher standards in elementary schools—please see paragraph 3 on pages 1-2 of the report and proceedings of the Finance Committee and paragraph 5 of the Director of Public Instruction's letter, dated the 31st October 1916. It is proposed to distribute this sum as follows:—

Items.	Expenditure in 1916-17.	Expenditure in 1917-18 and future years.
	RS.	RS.
<i>Recurring.</i>		
(1) Subsidies for additional capitation allowances—		
Local boards	1,03,814	1,03,814
Municipalities	11,482	11,482
(2) Opening additional elementary schools and improving the staff of existing schools	2,172	8,688
<i>Non-recurring.</i>		
(3) Equipment	510	...
	1,17,978	1,23,984

2. So far as the current year is concerned, it is proposed to distribute Rupees 1,17,468 for recurring charges and Rs. 510 for equipment. The balance of the current year's budget provision is Rs. 6,022, and out of this a sum of Rs. 6,000 has been reappropriated for the acquisition of a play-ground for the Municipal Council of Negapatam—G.O. No. 1260, Home (Education), dated 27th November 1916.

3. *Annexure 11 to the draft.*—It is submitted for consideration in Home (Education) whether it will not be preferable to show the items relating to municipalities

This might be done but it doesn't make much difference. Column 1 gives the information.

Sir,

With reference to memorandum No.3709-1 dated 19th October 1916, I have the honour to state that the allotment of Rs.20,000/- referred to therein is intended for the maintenance of the new elementary schools for girls opened during 1915-16 and has already been included in the general distribution of subsidies sanctioned in G.O.721 Educational dated 30th June 1916. Proposals for the utilisation of the allotment of Rs.1.24 lakhs will be submitted shortly.

I have the honour to be,
Sir,
Your most obedient servant.
