(C. No. 4146) From the Director of Public Instruction, Madras, No. 9276/16, dated the 16th November 1916.

Please see G.O. No. 1252, Edcl., dated the 9th

(F) November 1914. At the time when the establishment of the Ceded Districts College was sanctioned, the intention was to provide therein for instruction in at least groups (i) and (iii) of Part III. of the Intermediate courses of study. The staff sanctioned in the G.O. quoted above was also with that object in view. Owing, however, to the inability of the Public Works Department to provide the necessary equipment, it was not possible in July last to provide for instruction in group (i)-
(F) vide D.P.I.'s letter on page 2 of G.O. No. 65, Edcl., dated the 14th June 1916. In his current letter the D.P.I. states that instruction in group (i) in the college should be provided from July next and requests that a provision of Rs.27,000 may be made in the next year's budget for gas and electric fittings and furniture for the science laboratory and classes.

para 3 of Director's letter
on p. 2 of the G.O.

2. Submitted that the proposals may be supported

in this Department. Apparently the work will have

be entrusted to the Public Works Department and provision made in the budget estimate of that department. The officers of the Educational Department may ~~submit~~ ^{assist} the Public Works Department with their advice. Submitted that the file may be sent u.o. to Financial and Public Works Departments, for remarks.

The proposed work has not yet been administratively approved by J. for this purpose, the D.F. may be asked ^{by Est} to obtain and submit at once for the approval of J. plans and estimate for the installation of the works. In the meanwhile steps may be taken to make the necessary provision in the budget for 1917-18.

UR. D. 5/12/16

The Schedule of Demands under 45 Prov. Civil works for 1917-18 has been forwarded to Financial & their orders are awaited. No provision has been included in the Schedule on account of this item. As the work is one of equipment, the whole amount of estimate as reported at present, will apparently be required for expenditure next year. If the proposal is to be approved, Financial may be requested to include Rs 27000 on this account and to advise the same to this Department when orders are passed in the schedule. The case may be referred ^{Home} of (Education) through Financial.

Please see para. 1 of Home (Education) note on page 1 ante. It is respectfully submitted that it is not quite clear why the present communication could not have been submitted to Govt. by the D.P.G., some months earlier.

3 The list of new works (buildings) which are to be carried out by P.W.D. in the year 1917-18 consists of 33 items according to the decision arrived at at the Conference of the Secretaries in November last and a total provision of 4 lakhs which was proposed for those 33 items by Financial has been distributed by P.W.D. among the various items - (cf. copy of list - flag B.)

3. With reference to the remarks of the D.P.G. in his current letter that "it is considered desirable to impart instruction in it (The Ceded districts College, Anantapur) in the subjects of

Group I also from July next" it is submitted that the scheme does not appear to be one of imperative urgency

For orders whether the expenditure may be postponed or whether an additional provision of Rs. 27,000 may be included for this item in the budget for next year under 45-Civil Works. P.W.D.

6.5.16. Will Mr. Home Secy. kindly say if this provision is to be made a cut can be made in some other item included in the 4 lakh programme. It is a question of comparative degree of urgency.

Home (En) Dept.

In the 4 lakhs programme this dept. omits all works except the work of construction

a Government girls' secondary and training school at Triplicane. The provision entered for this work is only Rs.50,000/- and is not susceptible of reduction

2. The Ceded Districts College was established to give instruction in Groups (i) and (iii) of Part III of the Intermediate Course. For want of the necessary equipment, classes in Group (i) have not yet been opened. Until it is provided the University will not accord affiliation to the college in the subject. ^{my} provision of Rs.27,000/- asked for by the D.P.I. appears to be imperatively required and the Financial Department may, it is submitted, be asked to provide an additional grant for the purpose.

AM
5/12/16

The four lakhs programme referred to by Financial includes only one Educational work, viz: the Govt. girls' secondary and training school at Triplicane. In view of the fact that a portion of this scheme will be carried out in the current year and that the matter is really urgent it may not be desirable to cut out the provision of Rs.50,000 entered in the programme for that work.

We need not object to this coming out of the 4 lakh grant. But Home must then consider cutting down of some police work or works which get 2.10 out of the 4 lakhs.

I have telephoned to H.H. about this.

He accepts the suggestion to include .27 on this account in lieu of the police works placed last in order of urgency in the list drawn up at the Conference of Civil Services, & this may be done at once, if P.W.D. is satisfied that .27 can be spent next year; electrical fittings, may remark in passing, may not be procurable in war time.

2. The H.H. earlier in the day himself suggested some reduction in the police allotments.
