(EDUCATION)

Sir, (Through the Accountant - General and the Chief Engineer, Public Works Department).

In submitting herewith a petition from M.R.Ry. S. Subrahmaniam Ayyar Avargal regarding his salary as Acting Instructor in Mechanical Engineering, College of Engineering, Madras, I have the honour to state as follows :-

2. The Accountant-General's objection, it may be observed, involves an undeserved and un contemplated hardship on M.R.Ry. S. Subrahmaniam Ayyar Avargal by inflicting on him a loss of Rs. 6-10-8 per mensem. The view taken by the Accountant-General that the pay attached to the post of Instructor in Mechanical Engineering is Rs. 350/- only per

Ref 485 C.F.

See pp 6 & 7

mensem and that the enhanced pay of Rs. 450/- per mensem sanctioned for Mr. Webster, the permanent incumbent of the post, is merely personal does not appear to be altogether convincing; for in G.O. No. 289 Educational, dated 16th July 1900, a pay of Rs. 350/- was not expressly fixed as the pay of the post of Instructor in Mechanical Engineering but it was merely considered sufficient for a qualified instructor that might be recruited in England; and this view finds support in the fact that in the increased rate of pay proposed for Mr. Webster in 1906, viz., Rs. 450/- was shown in the proposition statement approved by Government in their order No. 38 Educational, dated 20th January 1906 under the heading 'proposed scale' as the future pay of the post. I am therefore of opinion, that the pay of the post in question will have to be taken as Rs. 450/- and 2/3rds of it, viz., Rs. 300/- allowed to M.R.Ry. S. Subrahmania Ayyar Avargal under Article 63 of the Civil Service Regulations. I may here remark that the Accountant-General's argument in support of his action in having allowed M.R.Ry. V. Ayyadurai Ayyar Avargal, who acted for Mr. Webster in 1914, a salary of Rs. 375/-, i.e., Rs. 25/- in excess of that fixed for the post of Instructor in Mechanical Engineering, (if the Accountant-General's present view that the pay of the appointment is Rs. 350/-, was not in accordance with the provisions of Article 96 of the Civil Service Regulations.

If, in the light of the foregoing circumstances, the Accountant-General's view is still considered to be correct, I beg to suggest for the consideration of Government the following alternatives :-

(1) that M.R.Ry. S. Subrahmania Ayyar's acting allowance may be regulated by Article 105 (i) of the Civil Service Regulations, in which case he can draw Rs. 200/-, his substantive pay plus Rs. 100/- being 2/3rds of the difference between the pay of the officiating appointment which has been taken by the Accountant-General as Rs. 350/- and the pay of

M.R.Ry. S. Subrahmania Ayyar, or,

(ii) that he may be allowed Rs. 233-1/3 as stated by the Accountant-General and in addition the Presidency and House Rent allowances amounting to Rs. 40/- per mensem attached to his substantive post as was done in the case of M.R.Ry. V. Ayyadurai Ayyar Avargal - vide G.Os. Nos. 1248 Edl. Mis., dated 7th November 1914 and 505 Edl. Mis., dated 10th May 1915.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction.

M. S. S.

Madras,
30th August 1916.

To

The Director of Public Instruction,

M A D R A S,

Thro'

The Principal,

College of Engineering, Madras.

Sir,

With reference to the Gazette Notification of my appointment as Acting Instructor in Mechanical Engineering, I beg to submit the following representation:-

When I received the appointment order, I was under the impression that I would get some extra remuneration to compensate for the more onerous duties I was to perform. On the other hand, I now understand that I have to draw even less than what I was drawing as Assistant Instructor, College of Engineering and Supervisor 1st grade of the Public Works Department, for the Accountant-General states that the pay of Rs 450/- drawn by Mr. J. Webster the permanent incumbent of the post, is personal and that the actual pay of the post of Instructor in Mechanical Engineering is Rs 350/- per mensem, as fixed by the Secretary of State in his despatch, Public Educational No. 61 dated 17th May 1909, and that under Article 63, Civil Service Regulations, I am entitled to a pay of only Rs 233 1/3, i.e. ~~Rs 350/-~~ ^{Rs 233 1/3} less than my previous salary.

When Mr. J. Webster acted as Inspector of Factories in 1914, Mr. V. Ayyadural Ayyar, Assistant Engineer, P.W.D. was appointed to act as Instructor in Mechanical Engineering, with his usual house rent allowance in addition to his consolidated pay. In the Public Works Department such a charge for which an Assistant Engineer or a Sub-Engineer is required, is considered to be equivalent to the Sub-Division charge of that Department. If therefore, the post of the Instructor in Mechanical Engineering were on the cadre of that Department and I were appointed to it, I would be entitled to the pay of a Sub-Engineer 6th grade viz., Rs 250/- plus Presidency Allowance Rs 50/- and house rent Rs 20/- i.e. a total salary of Rs 320/- per mensem. There is also the fact that

Pay as Supervisor 1st grade ----- Rs 200
Presidency Allowance ----- Rs 25
House Rent ----- Rs 15
Rs 240

similar posts in the College viz., the posts of Instructor in Civil Engineering and Instructor in Surveying have already been included in the permanent Sub-Engineer cadre of the Public Works Department.

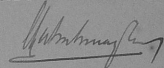

In the above circumstances, I beg to request that I may be allowed to draw a salary of Rs 290/- as Acting Instructor in Mechanical Engineering or the salary and allowances I would be entitled to as an officer of the Public Works Department viz., Rs 320/- per mensem.

The post of Instructor in Mechanical Engineering is not included in the P.W.D. cadre

I beg to remain,

S I R,

Your most obedient servant,

Ag: Instructor in Mechanical Engineering.

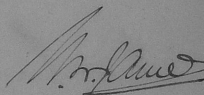

Re. No. 441/66 Dated 30th August 1916.

Submitted with copies of telephonic messages.

2. It is an evident hardship that as a result of promotion M.R.V. S. Subrahmanya Ayyar should be drawing less pay. I was certainly under the impression when I recommended M.R.V. S. Subrahmanya Ayyar in preference to a highly paid P.W.D. Officer that the pay he would draw would be based on Mr. Webster's ordinary salary, Rs 450/- per mensem, or I should have made a specific recommendation to that effect.

College of Engineering,

M A D R A S.

Principal.

Copy of the telephonic message from the Assistant Accountant-General Madras, to M.R.Ry. S. Subrahmanya Ayyar Avl., AgInstructor in Mechanical Engineering, College of Engineering, Madras, dated 16th August 1916.

Your salary bill for July 1916 may kindly be presented at this office claiming at Rs 200/- and acting allowance Rs 33/1/3 from the date on which you took charge of your appointment as Instructor in Mechanical Engineering College of Engineering. Your total salary has been restricted to Rs 233/1/3 being 2/3 of the sanctioned pay of the instructor vide Article 63 of the Civil Service Regulations.

(2)

Copy of the telephonic message from the Principal, College of Engineering, Madras to the Assistant-Accountant-General, Madras, dated 16th August 1916.

Your reply to M.R.Ry. S. Subrahmanya Ayyar Avl., is not understood. The pay of the Instructor in Mechanical Engineering is Rs 450/-.

R E P L Y.

The pay of the appointment of the Instructor in Mechanical Engineering is only Rs 350/-. The pay drawn by Mr. Webster (namely) Rs 450/- is personal to him. The acting allowance of an officiating officer should be calculated with reference to the pay of the appointment as ^{defined} in article 39 of the C.S.R.

(4)

Copy of the telephonic message from the Principal, College of Engineering, Madras, to the Accountant-General, Madras, dated 17th August 1916.

Reference: Your T.M. of date.

I have all along been under the impression that the pay of the Instructor in Mechanical Engineering was Rs 450/- and in this view I was guided by article 39 Note 1 of the C.S.R. Mr. Webster's Travelling allowance was always calculated on Rs 450/-

7

2

(2) Further, Mr. V. Ayyadurai Ayyar, Assistant Engineer, P.W.D. while acting as Instructor in Mechanical Engineering in 1915 was allowed to draw Rs 375/- as against the minimum pay of the appointment of Instructor in Mechanical Engineering of Rs 350/- which, I presume, is inadmissible under the rules. Please see bill dated 15th March 1915 for Rs 7-5-3.

(3) In all the budget estimates, Mr. Webster is shown as drawn Rs 450/- as pay and nowhere in it it is stated that a portion of this amount is personal allowance.

(4) Also, the provisions of article 61 of the C.S.R. do not appear to have been applied in Mr. Webster's case when he acted as Inspector of Factories and drew higher salary.

(5)

Copy of the Telephonic message from the Assistant Accountant-General, Fort St, George, Madras, to the Principal, College of Engineering, Madras, dated 23rd August 1916.

Reference: Your Telephonic message dated 17 - 8 - 16.

R E P L Y.

The pay of the appointment of Instructor in Mechanical Engineering, College of Engineering, Madras, fixed by the Government of India and Secretary of State in his despatch, Public Education No. 61 dated 17-5-09 is Rs 350/- a month. Mr. Webster was granted pay at Rs 450/- as a special case by the Secretary of State in his despatch Public No. 182 dated 30-12-10 and the pay of Rs 450/- is therefore "personal" to Mr. Webster and his successor would draw only Rs 350/- the sanctioned pay of the appointment under article 39 of the C.S.R. and the rules thereunder. The substantive pay of M.R.Ry. V. Ayyadurai Ayyar was Rs 375/- and he was not granted any acting allowance. Mr Webster does not draw any personal allowance, he draws substantive pay of Rs 450/- specially sanctioned for him by the Secretary of State as mentioned above.

2. The proposal of the Director of Public Instruction to regulate the acting allowance of M.R.Ry. S.Subramanya Ayyar, Avl., under article 105(i) of the Civil Service Regulations, during the period he officiates as Instructor of Mechanical Engineering is inadmissible, as ~~that~~ article is applicable only to the services enumerated in article 104 of the Civil Service Regulations, and Mr. Subramanya Ayyar was not appointed in England on conditions similar to those on which officers are recruited for the Indian Educational Service. The acting allowance should accordingly be regulated under articles 140 and 63 of the Civil Service Regulations. The "Pay of the appointment" may in my opinion be taken to be Rs450/- rising to Rs700/- by triennial increments of Rs50/- in view of the wording of the Secretary of State's Despatch No. 129 Public, dated 11th August 1916 and of the Madras Government's letter of 29th February 1916, which was before him at the time he passed the orders.

Mr. S.Subramanya Ayyar can therefore be allowed an acting allowance of Rs60/- per mensem, as calculated in the margin*, during the period he officiates as Instructor of Mechanical Engineering.

3. There is no audit objection to Government permitting Mr. S.Subramanya Ayyar to draw the Presidency Allowance and House Rent of his substantive appointment in the Public Works Department

[Salary of M.R.Ry. S.Subrahmanya Ayyar while acting as Instructor in the Mechanical Engineering College of Engineering, Madras.]

Please see the A.G.'s endorsement on pages 8 and 9 c.f. A.G. is now willing to allow M.R.Ry. S.Subrahmanya Ayyar's salary of Rs.260/- per mensem instead of Rs.233 1/3 as at first proposed by him. He also states that M.R.Ry. S.Subrahmanya Ayyar can be permitted to draw the presidency allowance and house-rent of his substantive appointment in the P.W.D. amounting to Rs.40/- per mensem. If this is allowed the total emoluments will be raised to Rs.300/- per mensem. This sum is more than what the D.P.I. himself recommends in para 2 (ii) of his letter and may be sanctioned.

2. A draft order is submitted. If approved, it may be sent u.o. to the Financial and Public Works Depts. for acceptance.
