G. cur. No. 187.16

Station M a d r a s , Dated the 22nd December, 1916.

From (Name) C. A. Innes, Esq., I.C.S.,

(Designation) AE. Director of Industries,

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

With reference to G.O. No. 1276 dated the 29th ultimo sanctioning the purchase of a waste fuel burning Suction Gas Plant for the purpose of demonstration, I have the honor to state that a communication has been received from the manufacturers to the effect that owing to the increasing pressure of the Ministry of Munitions they are now unable to give a definite date for delivery of the plant, the shipment of which had been promised this month.

2. I had two alternate sites in view for the demonstration at Kumbakonam and Koradacherry where new rice mills are in course of erection, but both the owners of these mills would require the engine in time for the commencement of the milling season in January and in view of this

circumstance the arrangements provisionally made for the installation have had to be cancelled.

3. As the probabilities of new mills being erected until the termination of war are remote and owing to the impossibility of making any binding arrangement with factory owners without knowing definitely when delivery of the plant will be effected, I have considered it advisable to cancel the order placed with Messrs Greaves Cotton & Co for the supply of the plant.

4. In the circumstances I am afraid that the proposed demonstration must be deferred at any rate till the end of the war. But the matter will be borne in mind, and Government will be addressed again in the matter as soon as a suitable opportunity is offered. In the meantime, a bulletin on the advantages of this type is being prepared, and in due course I will submit it for the approval of Government. A bulletin of this kind will serve to arouse the public interest in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Chambers

Ag Director of Industries.

NOTES.

OFFICE NOTE.

SUBJECT. Suction gas engine

From The officer in charge of the
Dept. of Industries

Register No. 4784.

Submitted that no action
is called for on Mr. Jones's letter
in the current file & it may be
recorded.

2. It may be noted here that
the demonstration of the
suction gas engine was one
of the duties for which the
services of Mr. L.B. Green,
Assistant to the officer in
charge of the Dept. of Industries,
have been temporarily retained.
But it is possible that even
without it he may have
full work as technical assistant
in the Dept. The present position
explains in March next.
