Government training school for mistresses, Karantattangudi

Sanctioning the transfer to the Tanjore Palace buildings of the --, the retention at Karantatangudi of the existing model school and the opening of a new model school at Tanjore.

READ—the following papers:—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Home (Education) Department (through the Accountant-General, Madras).

Dated—the 26th March 1917.

No.—R.C. 1509.

In their No. 1816 W., dated 4th December 1916, Government accorded administrative approval to the expenditure of Rs. 6,720 on the additions and improvements to the Sangita Mahal buildings of the Tanjore Palace in view to the location therein of the District Board Office, Tanjore, so as to set free Viswanadha Mahal, Pacha Mahal, Dasta Mahal, etc., for the location of the Government training school for mistresses now at Karantattangudi. Pending orders according technical sanction to the plans and estimates and to the provision of the necessary funds for the purpose, the Inspectress of Girls' Schools, Central Circle, has submitted proposals for the removal of the training school for mistresses to the Palace buildings and the opening of an elementary model school there in connection with it, the existing model school at Karantattangudi which has a strength of 200 pupils in standards infant to seventh being allowed to continue in its present place as a girls' school.

As regards the model school to be opened in connection with the training school for mistresses at the Palace buildings, the Inspectress expects that it will have at least five standards with 150 pupils at the outset and thinks that a staff of seven teachers will be necessary. She therefore proposes that the post of temporary assistant on Rs. 100 now on the training school staff which will not be required either for the Palace training school or for the Karantattangudi girls' school be split up into two posts, one on Rs. 60 and the other on Rs. 40 and attached to the new model school and that a further staff of five teachers on Rs. 40, 30, 2 (25) and 20 be sanctioned for that school. In addition to the above staff the employment of an additional peon on Rs. 9, two conductresses on Rs. 2 each and a gardener on Rs. 8 is considered necessary.

3. I consider the Inspectress' proposals for the distribution of the staff for the palace training school and the Karantattangudi girls' school to be reasonable, but a staff of seven teachers on the scale of salaries proposed for the model school seems to be unnecessary. An additional peon seems also unnecessary as the existing peon on Rs. 6 is sufficient for the girls' school at Karantattangudi and the other peon on Rs. 9 may go with the training school. The gardener's pay may be fixed at Rs. 7 instead of Rs. 8.

I have the honour accordingly to request that you will be so good as to obtain the sanction of Government for the removal of the Government training school for mistresses to the Palace with effect from 1st July 1917, provided the buildings there are ready for occupation then and for the distribution of the staff of that school in the manner proposed in paragraph 2 supra and also for the employment from the above date of a staff of six teachers on Rs. 50, 40, 30, 25, 20 and 15 for the new model school to be attached to the training school, the full complement of staff being entertained as and when necessity arises. A gardener on Rs. 7 and two conductresses at Rs. 2 each who will be paid from contingencies will also be necessary. It will be observed that the scale of staff recommended corresponds almost to the staff sanctioned for model schools attached to Government higher elementary training schools for masters.

4. The extra cost involved by the above proposals will amount to Rs. 191 per mensem. Part of this cost can be met from the saving of Rs. 100 per mensem which will be effected by the abolition of the post of additional temporary assistant as pointed out by the Inspectress and the balance of Rs. 91 per mensem or Rs. 723 required for next official year can be met from the provision made in that year's budget for opening new training schools for mistresses.

Endorsement of the Accountant-General No. Tanj.-2 23260,
dated 30th March 1917.

2. The present scale of the establishment of the Government training school for mistresses, Karantattangudi, has been compared with the registers of this office and found correct. The total present cost and the cost after revision have not been stated in the letter of the Director of Public Instruction—vide paragraph 61-A (ii), Madras Treasury Manual. It would have been better if a proposition statement had accompanied the proposal under paragraph 61-A (1) (b) of the Madras Treasury Manual.

3. There is no audit objection to the proposal being sanctioned by Government and the extra expenditure being met from the source indicated.

Memorandum No. 1692-1, Home (Education), dated 5th April 1917.

With reference to his letter R.C. No. 1509, dated the 26th March 1917, submitting proposals for the removal of the Government training school, Karantattangudi, to the Tanjore Palace buildings, the Director of Public Instruction is requested to submit a proposition statement setting out clearly the present cost of the establishment and its cost after revision as required by paragraph 61-A (1) (b) of the Madras Treasury Manual.

2. He is also requested to furnish Government with a statement showing the number and strength of the classes in the existing training and model schools, separately, as well as the number and the anticipated strength of the several standards in the model elementary school proposed to be opened after the removal of the training school to the Palace buildings.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Home (Education) Department.

Dated—the 15th June 1917.

No.—R.C. 1509.

With reference to Government memorandum No. 1692-1, Home (Education), dated 5th April 1917, I have the honour to submit herewith a proposition statement showing clearly the present cost of the establishment of the Government training school for mistresses, Karantattangudi, and its cost after revision, together with a statement showing the number and strength of the classes in the existing training and model schools as well as the number and the anticipated strength of the several standards in the model school proposed to be opened in connection with the training school after its removal to the Palace buildings.

Order—No. 1014, Home (Education), dated 4th August 1917.

The Government sanction the proposals of the Director of Public Instruction to transfer the Government training school for mistresses at Karantattangudi to the Tanjore Palace buildings, to retain the model school attached to it at the former place to be maintained as a girls' school and to open a new model elementary school in connection with the training school in the Tanjore Palace buildings.

2. The Government also sanction the proposition statement submitted by the Director of Public Instruction with his letter R.C. No. 1509, dated the 15th June 1917, subject to the modification that the pay of the assistants on Rs. 40 and Rs. 25 per mensem proposed for the new model school should be reduced to Rs. 35 and Rs. 20, respectively. This sanction has been registered as No. 79 of 1917-18.

3. The extra cost involved in the proposals will be met during the current year from the lump provision of Rs. 10,000 in the Civil Budget Estimate for 1917-18 under "22-F. EDUCATION—Government schools, special—for opening additional training schools for women."

NOTES CONNECTED WITH G.O. No. 1014, HOME (EDUCATION),
DATED THE 4TH AUGUST 1917.

[SUBJECT.—*Transfer of the Government training school for mistresses, Karantattangudi, to the Tanjore Palace buildings.*]

From the Director of Public Instruction, dated the 26th March 1917, No. 1509.
" " " " the 15th June " No. 1509.

HOME (EDUCATION) DEPARTMENT.

The Director of Public Instruction requests sanction, with effect from the 1st July 1917, if the buildings are ready for occupation then—

(1) to the transfer of the Government training school for mistresses at Karantattangudi to the Tanjore Palace buildings,

(2) to the opening of an elementary model school in connection with it, the existing model school being retained in its present place as a girls' school, and

(3) to the redistribution of the existing staff and to the increase thereto as proposed in paragraphs 2 and 3 of the Director's letter.

2. In G.O. No. 238, Public (Political), dated the 30th May 1917, orders have been passed assigning certain portions of the Tanjore Palace buildings for the location of the Government training school for mistresses and the hostel attached thereto. In Memorandum No. 369 B-1, dated the 9th June 1917, the Director of Public Instruction has been asked to submit plans and estimates for the necessary repairs and improvements to the buildings so as to adapt them for the purposes of the school. These are awaited. The buildings will not therefore be ready for occupation by the 1st July next. This need not, however, delay the consideration of the proposals for the transfer of the school.

3. The question of the transfer of the Karantattangudi school to the Tanjore Palace buildings has been under consideration for some time past and it has now been virtually decided in the affirmative. The proposed transfer may therefore be sanctioned. Since the Director of Public Instruction considers that there is sufficient scope for a girls' school at Karantattangudi and that there is prospect of the proposed new model school at the Palace buildings also attracting a sufficient number of pupils, his proposals to retain the existing model school at Karantattangudi and to open a new one at the Palace buildings may also be accepted.

4. As regards the staff, attention is solicited to the proposition statement in the current file. It is proposed to make permanent the two temporary posts on Rs. 75 and Rs. 50, to abolish the temporary post on Rs. 100 and to add six new posts on Rs. 50, Rs. 40, Rs. 30, Rs. 25, Rs. 20 and Rs. 15 and also a gardener on Rs. 7 and two conductresses on Rs. 2 each per mensem. The net additional cost is Rs. 91 per mensem as shown in the margin. When compared with the staff of other similar institutions given in the statement printed on page 3 of notes to G.O. No. 581 Home (Education), dated the 3rd May 1917, the staff of the proposed

Deduct—value of post on Rs. 100 ...	100

training school does not appear to be extravagant. It may therefore be approved. The scale proposed for the school to be retained at Karantattangudi is, however, in excess of that laid down in rule 82 of the Madras Educational Rules. The higher scale is proposed apparently with a view to make it attractive to qualified women teachers.

The difficulty of securing women possessing the requisite general education qualification and teaching capacity has been brought to the notice of Government already—cf. page 2 of G.O. No. 1233, Educational, dated the 4th November 1914. In the circumstances this department may also support the Director's proposals regarding distribution of the staff and the employment of additional teachers.

5. The Director of Public Instruction proposes to meet the additional cost involved in the proposals from the provision of Rs. 10,000 in the Civil Budget Estimate for 1917-18 under "22-F. EDUCATION—Government schools, Special—For opening of additional training schools for women". Submitted that the remarks of the Financial Department may be obtained u.o.

P.R.—20-6-17.

T.K.—23-6-17.

The only point here seems to be about the scale proposed for the new model school. The scale for staff to be retained at Karantattangudi seems acceptable as it is only a repetition of what now exists, irrespective of the question whether it conforms to rule 82 of Educational rules.

2. The proposed scale for the new model school seems somewhat high. There are to be three teachers for the infant class which is expected to have 90 pupils. Why should not all the three be on the same rate of pay, viz., Rs. 15? They are evidently to possess the same qualifications. We have now four teachers on Rs. 15 each in the existing school and we will have the same in the Karantattangudi school also. If that is accepted, we may have a scale somewhat like the following:—

One headmistress	...	...	...	...	...	...	...	...	RS.
One assistant	...	...	...	...	...	...	...	...	40
One	...	...	...	...	...	...	...	...	30
Three assistants	...	...	...	...	...	...	...	...	20
	...	...	...	...	...	...	...	...	15 (45)
Total	...	...	...	...	...	...	...	...	135

This will effect a saving of Rs. 45 per mensem. The headmistress of the Karantattangudi school is to be only on Rs. 40 grade and the adoption of a scale of Rs. 50 for the headmistress of the new model school needs further justification, especially as there will be ample scope for supervision from the staff of the training section, which will be absent in the case of the Karantattangudi school.

The Director of Public Instruction may be asked u.o. to state his objections, if any, to the above.

C. RAMANUJA ACHARIYAR—26-6-17.

Director of Public Instruction (u.o.) for favour of remarks on the salaries proposed above.

2. Can the school be transferred at once before the repairs are executed? If not, it may not be advisable to transfer the school in the middle of the academic year.

R. RAMACHANDRA RAO—28-6-17.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The Cuddalore staff (G.O. No. 581, Home (Education), dated 3rd May 1917) can hardly be taken as a model for the Tanjore school. The former consists of a long-established higher elementary school with a new training school attached to it and the school staff has been left as it was before except that three teachers' posts on Rs. 10 and one on Rs. 14 have been raised to posts on Rs. 15 (G.O. No. 581, Home (Education), dated 3rd May 1917). The Tanjore school is to be secondary. The scale proposed except that there is a teacher on Rs. 15 is the same as that for model schools in higher elementary training schools for masters (page 5 of G.O. No. 1066, dated 3rd December 1912), and is of course intended to attract a better staff of teachers than can be had for Cuddalore on the existing scale. It is particularly important that a good headmistress should be employed; so I should be sorry to see her pay cut down. Although of course the head of the institution will have a general supervision over the model school it will be very much what the headmistress makes it.

2. If some economy is regarded as essential I would suggest 50, 35, 30, 20, 20, 15 in the hope of getting secondary teachers for the three higher posts. Assuming that the two last are both employed in the infant standard I think it important that there should be a difference of pay so that one should be definitely superior to the other.

HOME (EDUCATION) DEPARTMENT.

For convenience of reference the scale of staff of the model school suggested by the Registrar in his note, dated the 26th June 1917, and that as modified by the Director of Public Instruction are shown side by side in the proposition statement. In the circumstances stated by the Director of Public Instruction in the foregoing note, it is for consideration whether the scale as modified by him may be accepted.

2. The file may be forwarded to the Financial Department for remarks.

FINANCIAL DEPARTMENT.

The proposals in this file relate to the transfer of the Government training school for mistresses at Karantattangudi to the Tanjore Palace buildings which has been approved by Government in G.O. No. 238, Public (Political), dated the 30th May 1917. The Director of Public Instruction has proposed to give effect to the new arrangements with effect from the 1st July 1917 provided the buildings in the Tanjore Palace are ready for occupation by that time. The 1st July is, however, already passed, and the Home Department have not decided the date from which the transfer should take place. This date may be left to be settled by that department and any extra expenditure sanctioned now by Government will have effect from that date only.

2. From the details given in the Director of Public Instruction's letter it will be seen that extra expenditure is caused, as it is proposed not merely to transfer the institution at Karantattangudi to the Palace buildings, but opportunity has also been taken of this transfer to leave behind at Karantattangudi a girls' school to provide for the educational needs of the locality up to the seventh standard; and to start a new model school in the Palace buildings. According to the proposals of the Director of Public Instruction in his letter, dated 26th March 1917, the net extra cost of the proposals works out to Rs. 91 per mensem. The Director of Public Instruction has since modified that part of his proposals relating to the model school, to be established in the Palace buildings so as to effect a saving of Rs. 10, i.e., the net extra cost has been cut down to Rs. 81 per mensem. The details of the proposals are examined below.

3. *Training section of the school to be located in Palace buildings (cost Rs. 357-12-0 per mensem).*—It will be seen that the proposals merely provide for—

(i) the temporary teachers on Rs. 75 and Rs. 50 per mensem now employed at Karantattangudi being made permanent,

(ii) the temporary post on Rs. 100 which has been in existence since 1914 being abolished.

L.E.K.—19-7-17.

L.D.—20-7-17.

The rest of the staff are persons transferred from the school at Karantattangudi. These proposals may, it is submitted, be accepted in Financial.

4. *Model section of the school in Palace buildings.*—Please see the proposition statement in the current file, and the Home Department notes on pages 2-3 ante. The scale to be sanctioned for this section has been fully discussed by the Home (Education) Department in consultation with the Director of Public Instruction and the latter has modified his original proposals as a result of which a saving of Rs. 10 per mensem has been effected. The Director of Public Instruction states that the training school at Tanjore Palace buildings is to be a *secondary* one; the Cuddalore training school recently sanctioned (vide G.O. No. 581, Home (Education), dated 3rd May 1917) and the other training schools referred to in the statement on page 3

of the Notes to G.O. No. 581, Home (Education), dated 3rd May 1917, are all *higher*

5. *School at Karantattangudi.*—A staff of seven teachers is proposed for this school and it will be seen that these teachers represent a portion of the existing staff who will be left at Karantattangudi. For a staff of seven teachers the ordinary scale admissible under rule 82 of the Madras Educational rules is 1 (30), 1 (25), 1 (20), 1 (15), 1 (12) and 2 (10). Total cost Rs. 122. At Karantattangudi, however, a minimum pay of Rs. 15 has been agreed to already by Government in 1912—G.O. No. 715, Educational, dated 5th August 1912. As the school will only continue to

The Government sanction the proposals of the Director of Public Instruction to transfer the Government training school for mistresses at Karantattangudi to the Tanjore Palace buildings, to retain the model school attached to it at the former place to be maintained as a girls school and to open a new model elementary school in connection with the training school in the Tanjore Palace buildings.

2. The Government also sanction the proposition submitted by the Director of Public Instruction with his letter R.C.No.1509, dated the 15th June 1917 subject to the modification

that the pay of the assistants on Rs.40 and Rs.25 per mensem proposed for the new model school should be reduced to Rs.35 and Rs.20 respectively. This sanction has been registered as No. 79 of 1917-18.

3. The extra cost involved in the proposals will be met during the current year from the lump provision of Rs.10,000 in the Civil Budget Estimate for 1917-18 under "22 Education - Government schools, special - for opening additional training schools for women".

Government training school for mistresses, Karantattangudi

Sanctioning the transfer to the Tanjore Palace buildings of the --, the retention at Karantattangudi of the existing model school and the opening of a new model school at Tanjore.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Home (Education) Department (through the Accountant-General, Madras).

Dated—the 26th March 1917.

No.—R.O. 1509.

In their No. 1816 W., dated 4th December 1916, Government accorded administrative approval to the expenditure of Rs. 6,720 on the additions and improvements to the Sangita Mahal buildings of the Tanjore Palace in view to the location therein of the District Board Office, Tanjore, so as to set free Viswanadha Mahal, Pacha Mahal, Dasta Mahal, etc., for the location of the Government training school for mistresses now at Karantattangudi. Pending orders according technical sanction to the plans and estimates and to the provision of the necessary funds for the purpose, the Inspectress of Girls' Schools, Central Circle, has submitted proposals for the removal of the training school for mistresses to the Palace buildings and the opening of an elementary model school there in connection with it, the existing model school at Karantattangudi which has a strength of 200 pupils in standards infant to seventh being allowed to continue in its present place as a girls' school.

2. The present staff of the Government training school for mistresses, Karantattangudi, consists of 13 teachers besides a clerk and two peons as shown in the margin* and the Inspectress considers it necessary that the undermentioned staff, viz.—

should go with the Training department to the Palace buildings and that a staff of seven teachers as noted in the margin† will be required for the girls' school left behind at Karantattangudi which will continue to work as a complete higher elementary school.

As regards the model school to be opened in connection with the training school for mistresses at the Palace buildings, the Inspectress expects that it will have at least five standards with 150 pupils at the outset and thinks that a staff of seven teachers will be necessary. She therefore proposes that the post of temporary assistant on Rs. 100 not on the training school staff which will not be required either for the Palace training school or for the Karantattangudi girls' school be split up into two posts, one on Rs. 60 and the other on Rs. 40 and attached to the new model school and that a further staff of five teachers on Rs. 40, 30, 2 (25) and 20 be sanctioned for that school. In addition to the above staff the employment of an additional peon on Rs. 9, two conductresses on Rs. 2 each and a gardener on Rs. 8 is considered necessary.

H. H. H. H.

3. I consider the Inspectress' proposals for the distribution of the staff for the palace training school and the Karantattangudi girls' school to be reasonable, but a staff of seven teachers on the scale of salaries proposed for the model school seems to be necessary. An additional peon seems also unnecessary as the existing peon on Rs. 6 is sufficient for the girls' school at Karantattangudi and the other peon on Rs. 9 may go with the training school. The gardener's pay may be fixed at Rs. 7 instead of Rs. 8.

I have the honour accordingly to request that you will be so good as to obtain the sanction of Government for the removal of the Government training school for mistresses to the Palace with effect from 1st July 1917, provided the buildings there are ready for occupation then and for the distribution of the staff of that school in the manner proposed in paragraph 2 supra and also for the employment from the above date of a staff of six teachers on Rs. 50, 40, 30, 25, 20 and 15 for the new model school to be attached to the training school, the full complement of staff being entertained as and when necessity arises. A gardener on Rs. 7 and two conductresses at Rs. 2 each who will be paid from contingencies will also be necessary. It will be observed that the scale of staff recommended corresponds almost to the staff sanctioned for model schools attached to Government higher elementary training schools for masters.

4. The extra cost involved by the above proposals will amount to Rs. 191 per mensem. Part of this cost can be met from the saving of Rs. 100 per mensem which will be effected by the abolition of the post of additional temporary assistant as pointed out by the Inspectress and the balance of Rs. 91 per mensem or Rs. 723 required for next official year can be met from the provision made in that year's budget for opening new training schools for mistresses.

dated 30th March 1917.

2. The present scale of the establishment of the Government training school for mistresses, Karantattangudi, has been compared with the registers of this office and found correct. The total present cost and the cost after revision have not been stated in the letter of the Director of Public Instruction—vide paragraph 61-A (ii) Madras Treasury Manual. It would have been better if a proposition statement had accompanied the proposal under paragraph 61-A (1) (b) of the Madras Treasury Manual.

3. There is no audit objection to the proposal being sanctioned by Government and the extra expenditure being met from the source indicated.

With reference to his letter R.C. No. 1509, dated the 26th March 1917, submitting proposals for the removal of the Government training school, Karantattangudi, to the Tanjore Palace buildings, the Director of Public Instruction is requested to submit a proposition statement setting out clearly the present cost of the establishment and its cost after revision as required by paragraph 61-A (1) (b) of the Madras Treasury Manual.

2. He is also requested to furnish Government with a statement showing the number and strength of the classes in the existing training and model schools, separately, as well as the number and the anticipated strength of the several standards in the model elementary school proposed to be opened after the removal of the training school to the Palace buildings.

NOTES CONNECTED WITH G.O. No. 1014, HOME (EDUCATION),
DATED 4TH AUGUST 1917.

[SUBJECT.—*Transfer of the Government Training school for Mistresses, Karantattangudi, to the Tanjore Palace buildings.*]

From the Director of Public Instruction, dated the 26th March 1917, No. 1509.

" " " the 15th June " No. 1509

HOME (EDUCATION) DEPARTMENT

The Director of Public Instruction requests sanction, with effect from the 1st July 1917, if the buildings are ready for occupation, then—

(1) to the transfer of the Government Training School for Mistresses at Karantattangudi to the Tanjore Palace buildings,

(2) to the opening of an elementary model school in connection with it, the existing model school being retained in its present place as a girls' school, and

(3) to the redistribution of the existing staff and to the increase thereto as proposed in paragraphs 2 and 3 of the Director's letter.

2. In G.O. No. 238, Public (Political), dated the 30th May 1917, orders have been passed assigning certain portions of the Tanjore Palace buildings for the location of the Government Training School for Mistresses and the hostel attached thereto. In Memorandum No. 869 B-1, dated the 9th June 1917, the Director of Public Instruction has been asked to submit plans and estimates for the necessary repairs and improvements to the buildings so as to adapt them for the purposes of the school. These are awaited. The buildings will not therefore be ready for occupation by the 1st July next. This need not, however, delay the consideration of the proposals for the transfer of the school.

3. The question of the transfer of the Karantattangudi school to the Tanjore Palace buildings has been under consideration for some time past and it has now been virtually decided in the affirmative. The proposed transfer may therefore be

The proposed transfer may therefore be sanctioned. Since the Director of Public Instruction considers that there is sufficient scope for a girls' school at Karantattangudi and that there is prospect of the proposed new model school at the Palace buildings also attracting a sufficient number of pupils, his proposals to retain the existing model school at Karantattangudi and to open a new one at the Palace buildings may also be accepted.

4. As regards the staff, attention is solicited to the proposition statement in the current file. It is proposed to make permanent the two temporary posts on Rs. 75 and Rs. 50, to abolish the temporary post on Rs. 100 and to add six new

training school does not appear to be extravagant. It may therefore be approved. The

9 AUG 1917

scale proposed for the school to be retained at Karantattangudi is, however, in excess of that laid down in rule 82 of the Madras Educational Rules. The higher scale is proposed apparently with a view to make it attractive to qualified women teachers. The difficulty of securing women possessing the requisite general education qualification and teaching capacity has been brought to the notice of Government already—cf. page 2 of G.O. No. 1233, Educational, dated the 4th November 1914. In the circumstances this department may also support the Director's proposals regarding distribution of staff and the employment of additional teachers.

5. The Director of Public Instruction proposes to meet the additional cost involved in the proposals from the provision of Rs. 10,000 in the Civil Budget Estimate for 1917-18 under "22-F. EDUCATION—Government schools, Special—For opening of additional training schools for women". Submitted that the remarks of the Financial Department may be obtained u.o.

P.R.—20-6-17.

T.K.—23-6-17.

The only point here seems to be about the scale proposed for the new model school. The scale for staff to be retained at Karantattangudi seems acceptable as it is only a repetition of what now exists, irrespective of the question whether it conforms to rule 82 of Educational rules.

The proposed scale for the new model school seems somewhat high. There are to be three teachers for the infant class which is expected to have 90 pupils. Why should not all the three be on the same rate of pay, viz., Rs. 15? They are evidently to possess the same qualifications. We have now four teachers on Rs. 15 each in the existing school and we will have the same in the Karantattangudi school also. If that is accepted, we may have a scale somewhat like the following:—

	RS.
One headmistress	40
One assistant	30
One "	20
Three assistants	15 (45)
Total	135

This will effect a saving of Rs. 45 per mensem. The headmistress of the Karantattangudi school is to be only on Rs. 40 grade and the adoption of a scale of Rs. 50 for the headmistress of the new model school needs further justification, especially as there will be ample scope for supervision from the staff of the Training section, which will be absent in the case of the Karantattangudi school.

The Director of Public Instruction may be asked u.o. to state his objections, if any, to the above.

C. RAMANUJA ACHARIYAR—26-6-17.

Director of Public Instruction (u.o.) for favour of remarks on the salaries proposed above.

2. Can the school be transferred at once before the repairs are executed? If not, it may not be advisable to transfer the school in the middle of the academic year.

R. RAMACHANDRA RAO—28-6-17.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The Cuddalore staff (G.O. No. 581, Home (Education), dated 3rd May 1917) can hardly be taken as a model for the Tanjore school. The former consists of a long-established higher elementary school with a new training school attached to it and the school staff has been left as it was before except that three teachers' posts on Rs. 10 and one on Rs. 14 have been raised to posts on Rs. 15 (G.O. No. 581, Home (Education), dated 3rd May 1917). The Tanjore school is to be secondary. The scale proposed except that there is a teacher on Rs. 15 is the same as that for model schools

in higher elementary training schools for masters (page 5 of G.O. No. 1066, dated 3rd December 1912), and is of course intended to attract a better staff of teachers than can be had for Cuddalore on the existing scale. It is particularly important that a good headmistress should be employed so I should be sorry to see her pay cut down. Although of course the head of the institution will have a general supervision over the model school it will be very much what the headmistress makes it.

2. If some economy is regarded as essential I would suggest 50-35-30-20-20-15 in the hope of getting secondary teachers for the three higher posts. Assuming that the two last are both employed in the infant standard I think it important that there should be a difference of pay so that one should be definitely superior to the other.

For convenience of reference the scale of staff of the model school suggested by the Registrar in his note, dated the 26th June 1917, and that as modified by the Director of Public Instruction are shown side by side in the proposition statement. In the circumstances stated by the Director of Public Instruction in the foregoing note, it is for consideration whether the scale as modified by him may be accepted.

FINANCIAL DEPARTMENT.

The proposals in this file relate to the transfer of the Government Training School for Mistresses at Karantattangudi to the Tanjore Palace buildings which has been approved by Government in G.O. No. 238, Public (Political), dated 30th May 1917. The Director of Public Instruction has proposed to give effect to the new arrangements with effect from the 1st July 1917 provided the buildings in the Tanjore Palace are ready for occupation by that time. The 1st July is, however, already passed, and the Home Department have not decided the date from which the transfer should take place. This date may be left to be settled by that department and any extra expenditure sanctioned now by Government will have effect from that date only.

2. From the details given in the Director of Public Instruction's letter it will be seen that extra expenditure is caused, as it is proposed not merely to transfer the institution at Karantattangudi to the Palace buildings, but opportunity has also been taken of this transfer to leave behind at Karantattangudi a girls' school to provide for the educational needs of the locality up to the seventh standard; and to start a new model school in the Palace buildings. According to the proposals of the Director of Public Instruction in his letter, dated 26th March 1917, the net extra cost of the proposals works out to Rs. 91 per mensem. The Director of Public Instruction has since modified that part of his proposals relating to the model school, to be established in the Palace buildings so as to effect a saving of Rs. 10, i.e., the net extra cost has been cut down to Rs. 81 per mensem. The details of the proposals are examined below.

3. Training section of the school to be located in Palace buildings (*Postscript on pages 9 and 10, current file*—cost Rs. 357-12-0 per mensem).—It will be seen that the proposals merely provide for—

- (i) the temporary teachers on Rs. 75 and Rs. 50 per mensem now employed at Karantattangudi being made permanent,
- (ii) the temporary post on Rs. 100 which has been in existence since 1914 being abolished.

The rest of the staff are persons transferred from the school at Karantattangudi. These proposals may, it is submitted, be accepted in Financial.

4 NOTES TO G.O. No. 1014, HOME (EDUCATION), 4TH AUGUST 1917

4. *Model section of the school in Palace buildings.*—Please see *poster* on pages 9 and 10, current file, and the Home Department notes on pages 4-7 ante. The scale to be sanctioned for this section has been fully discussed by the Home (Education) Department in consultation with the Director of Public Instruction and the latter has modified his original proposals as a result of which a saving of Rs. 10 per mensem has been effected. The Director of Public Instruction states that the training school at Tanjore Palace buildings is to be a *secondary* one; the Cuddalore training school recently sanctioned (vide G.O. No. 581, Home (Education), dated 3rd May 1917) and the other training schools referred to in the statement on page 3 of the Notes to G.O. No. 581, Home (Education), dated 3rd May 1917, are all *higher*

(chargeable to contingencies) may, it is submitted, be agreed to also, these being charges in the sanctioning powers of the Director of Public Instruction.

5. *School at Karantattangudi.*—A staff of seven teachers is proposed for this school and it will be seen that these teachers represent a portion of the existing staff who will be left at Karantattangudi. For a staff of seven teachers the ordinary scale admissible under rule 82 of the Madras Educational rules is 1 (30), 1 (25), 1 (20), 1 (15), 1 (12) and 2 (10). Total cost Rs. 122. At Karantattangudi, however, a minimum pay of Rs. 15 has been agreed to already by Government in 1912—G.O. No. 715, Educational, dated 5th August 1912. As the school will only continue to

have the teachers who have hitherto given instruction up to the seventh standard, the scale of pay proposed may, it is submitted, be agreed to in Financial.

6. *Provision of funds.*—The extra cost comes to Rs. 81 per mensem and will be met from the provision of Rs. 10,000 entered in the Civil Budget Estimate under the head "22 F. EDUCATION—Government Schools, Special—Lump provision for opening additional training schools for women".

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes see rule 315 of the office Manual.

(c) The number of copies and the detail distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instruction the Press to keep matter standing for a special period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

TO PRESS, MADRAS OOTY.

A
Please send proof in duplicate. The
