Sir,

In G.O.No. 831 Edl., dated 31st July 1916, a half grant not exceeding Rs. 2.750/- was sanctioned towards the cost of providing water supply arrangement in St. Patrick's Orphanage, Adyar. I have now the honour to submit copy of the Correspondent's letter dated 23rd February 1917 in which he requests sanction for the free use of the Government boring tools till such time as the work is completed and to state that I shall be glad if Government can consider the request favourably. The amount of grant to be paid could be correspondingly modified

Letter from the Correspondent, St. Patrick's Orphanage, Adyar, Madras, dated 23rd February 1917.

I have the honour to state that in connection with the Water Supply scheme of the Orphanage for which the Government has been pleased to sanction a half grant of Rs.2750/ in Pros.D. P. I. No. 1862/1916 dated 10th August 1916. The work was commenced about the 15th of September 1916 and has been continued regularly ever since we have now completed 100 feet of boring, 64 feet of which is solid rock and the rock still continues as hard as ever and to what extent we don't know, but we intend boring to 110 feet as provided in the estimate in the hope of piercing the rock. The amount provided in the estimate for boring, pipes, machinery etc., comes to Rs.700/ and up to date we have spent on the boring Rs.318 and for the hire of the Government boring tools Rs.237-8-0 making a total of ---- Rs.555-8-0 at this rate we shall undoubtedly far exceed the estimate owing to the rock. I therefore request you to be so good as to recommend the immediate sanction by the Government of the free use of the Government boring tools to the Orphanage till such time as the work is completed.

Sir,

With reference to Government Memorandum No.1480-2 Home (Education) dated 6th April 1917 requesting to report what amount the Government will have to forego if they sanction the free use of the boring tools by St. Patrick's Orphanage, Adyar, I have the honour to submit a copy of letter from the Director of Agriculture R. C. No. 1831 G1 dated 20th June 1917 in which he gives information as to the charges relating to the boring operations done at the School. The alternatives given

cf page 7 info

by him are:-

(1) Hire and transport charges under the rules
Rs. 397-8-0

(2) Actual cash expenses
incurred by Government Rs. 256-10-8

(3) Cost of lining pipes
and a shoe Rs. 460-8-0

The amount which Government will forego will depend on whether (1) and (3) or (2) and (3) are taken into account. It will be observed that nothing is allowed for depreciation and that the price of the pipes given is present, not pre-war price.

from the Director of Agriculture, Madras.

In reply to your R.O.C. No. 1862 of 16 dated 17th April 1917 I have the honour to furnish you with the following information:-

2. Three borings in all have been put down for the St. Patrick's Orphanage, as follows:-

	No. of days work.
1st boring from 21st September 1916 to 23rd April 1917	164
2nd boring from 24th April 1917 to 9th May 1917	14
3rd boring from 10th May 1917 to 27th May 1917	17
Total days work	195

The charges for this work under the rules are as follows:-

Hire of boring set at Rs. 2 per day	Rs. 390-0-0
Transport charges	7-8-0
Total	Rs. 397-8-0

The actual cash expenses incurred by Government on this work are as follows:-

Pay of maistry from 21st September 1916 to 31st May 1917	Rs. 173-10-8
Transport charges for tools, etc	16-0-0
Repairs done to tools	67-9-0
Total	Rs. 256-10-8

In addition, 101 feet of lining pipes and one shoe have been left in the borehole. The value of this at present rates is as follows:-

101 feet of pipe at 4/8 per foot	Rs. 454-8-0
1 shoe	6-0-0
Total	Rs. 460-8-0

Before the war pipes cost Rs. 2 per foot

The Principal has so far paid Rs. 357-8-0 towards the

boring charges, but has not paid for the pipes

To The Secretary to the Government of Madras,

H O M E Department,
(EDUCATION)

Sir,

With reference to Government Memorandum No. 1480-2, Home (Education), dated 6th April 1917, and in continuation of my letter R.C. No. 1862/1916, dated 4th July 1917, in connection with the boring operations at St. Patrick's Orphanage, Adyar, I have the honour to submit a copy of letter from the Correspondent of the school dated 12th July 1917 and of the Agricultural Engineer's Memo. R.O.C. No. 9/B., dated 12th June 1917, and to state that if, as it is understood, the boring has been completed, the amount which Government will have to forego by giving the free use of the boring tools will be (a), (b) or (c) below according to the point

The file is in Revenue.

of view taken :-

- (a) Rs. 357-8-0 plus Rs. 10 mentioned by the Correspondent
- (b) Rs. 397-8-0 hire under the rules for boring including transport charges (given by Director of Agriculture).
- (c) Rs. 256-10-8 cash expenses incurred by Government on the work.

2. In the letter of the Director of Agriculture, copy of which was submitted with my letter R.C. No. 1862/16, dated 4th July 1917, it was stated that 101 feet of lining pipes and one shoe were left in the bore-hole, that their cost according to present rates was Rs. 460-8-0 and that the Correspondent had not paid for the pipes. It will be observed that the estimate for Rs. 5,500/- for the water supply scheme approved in G.O. No. 831 Edl., dated 31st July 1916 includes a sum of Rs. 700/- for 110 feet of boring including boring pipes, labour, hire of tools &c. How much of this Rs. 700/- relates to pipes alone is not known. If Government decide to grant the free use of tools, for the present estimate of Rs. 700/- may be substituted the cost of pipes only. If their cost is taken at Rs. 460/- half grant would be Rs. 230/-, if at Rs. 202/-, half grant would be Rs. 101/-; and in the latter case the Correspondent would in effect be getting his pipes at Rupee one per foot.

To Under-Secretary

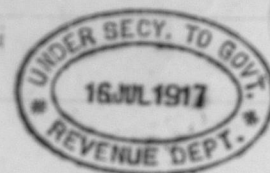

It will be seen from the Correspondent's letter at page 3 of C.F. that it has taken more than 5 months to complete a boring of 100 feet. It is proposed to continue the boring to a depth of 110 feet. It is not known how many days it will take.

Seeing that the ground to be bored is completely ^{basis of the} calculating on the ^{amount spent so far on} boring 100 ft, the ^{boring} cost for the remaining 10 ft comes to Rs 23-12-0. This cannot, however, represent the true liability as the Correspondent states later on in his letter that the rate of expenditure in the future will be greater than it has been in the past - Rs 55-8-0 for boring 100 ft while the cost of completing the remaining 10 ft of boring is estimated to exceed Rs 146-8-0. In these circumstances, it is submitted that the exact liability cannot be determined here without a reference to the Dir. of L. S. The Home (Edl) Dept. may be requested to obtain the information, the Dir. of L. S. being required, if necessary, to consult the Dir. of Ag. before replying to the reference.

RR
54-17 A draft op. is however prepared and submitted which may go to Home (Edl) for acceptance and issue.

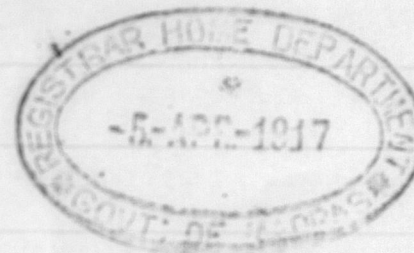

The calculations in the note are hardly correct. The simplest of arriving at the true value

the Govt. regret that they are unable to sanction the free use of their boring tools by the authorities of St. Patrick's Orphanage, 192ae, in connection with the water supply scheme of the institution. They ^{Govt.} are, however, prepared to consider on its merits any application from the correspondent of the Orphanage for an enhancement of the grant sanctioned in G.O. No. 881 27/9, 1931.
