THE ANNUAL REPORT OF THE ANJUMAN FOR 1915-16.

We have much pleasure to present to the Members of the Anjuman the thirty-second Annual Report of the Anjuman for the year 1915-16 ending on the 31st March 1916.

THE STANDING COMMITTEE MEETINGS.

There were 17 meetings of the Standing Committee during the year under report.

THE EXECUTIVE COMMITTEE MEETINGS.

There was only one meeting of the Executive Committee in October last which was presided over by the President, the Hon'ble Sir John Wallis. No meeting of the Executive Committee was held in January last as Mr. Salanson, the Public Auditor, did not send the quarterly balance sheet owing to his illness from which he has not yet recovered.

THE STRENGTH OF THE SCHOOL.

The maximum number of the boys, viz., 130, was maintained during the year. Compared with 110 admissions and 110 withdrawals during the preceding year there were only 91 admissions and withdrawals during the year under report. The daily attendance for the year has been 100·5 against 96·9 in 1914-15.

RESULTS OF GOVERNMENT EXAMINATIONS.

<i>Cabinet making.</i>	No. sent up	Passed.	1st Class.	2nd Class.
Advanced grade	3	3	3	...
Elementary grade	4	3	2	1

These results are very satisfactory.

Carpet Weaving.

Elementary grade	1	1	...	1
------------------	---	---	-----	---

Only one boy was sent up for carpet weaving in Elementary grade.

DRAWING.

Two appeared for Freehand Outline Drawing but none passed. The Manager attributes the failure to the change of Drawing Masters during the year.

In Intermediate Drawing one student who appeared passed in second class. Similarly one student succeeded in Design. Two teachers appeared for the Elementary Free Hand Examination and both of them passed.

THE STAFF.

There have been two changes in the Teaching staff. On the drawing Master having left the Anjuman, a former pupil of the Anjuman was temporarily appointed in his place. The services of a more competent Drawing Master will have to be requisitioned. The second Master who was under training at the Government Mahomedan Training School has completed his course at the end of the official year and rejoined his service on 1st April 1916.

CARPENTRY DEPARTMENT.

There was a slight increase in the outturn of the Carpentry Department compared with the previous year. The actual sales during the year amounted to Rs. 3,097-2-11 as against 3,041-14-9 of the year 1914-15. The senior boys in the Advanced and Intermediate classes only are responsible for this outturn as the younger boys below 14 years do not participate in the actual manufacture of the articles.

The Oil Engine and Saw have been erected and the Anjuman can now take up the sawing of timber for the cabinet makers in Mount Road.

It has been proposed to teach Upholstering to the Anjuman boys at an early date.

THE CARPET DEPARTMENT.

There has been a steady increase in the sale and outturn of the carpet department from Rs. 1,039-13-6 in the previous year to Rs. 1,283-1-6 in the year under report.

MR. JAFFER MAHOMED SAIT'S SUBSCRIPTION.

The Anjuman is very much indebted to Mr. Jaffer Mahomed Sait for his generous monthly subscription of Rupees thirty in addition to his ordinary subscription of Rs. five per month. He originally gave this subscription for the purpose of enabling the Anjuman to start a tailoring class. This subject was discussed at the Executive Committee Meeting held in October last but it was not found practicable to start this class at present. Mr. Jaffer Mahomed Sait has thereupon made his subscription unconditional.

CARPENTRY SHOP.

A new wall has been raised at the western end of the Anjuman premises and at the instance of Mr. James, the Standing Committee has resolved to erect a Carpentry Workshop near the oil engine zinc shed. Plans and estimates amounting to Rupees three thousand were prepared by Mr. James and submitted to the Government. Mr. Tressler also approved of the proposed workshop and recommended to the Government for the usual grant which has now been sanctioned to the extent of Rs. 1,400. The construction will be taken in hand at an early date.

ANOTHER DONATION.

Mr. S. Srinivasa Aiyengar gave a handsome donation of Rs. 250 to the funds of the Anjuman out of which Rupees fifty was earmarked for the electric installation in the Lawley Hall.

GOVERNMENT SCHOLARSHIPS.

We are glad to announce that the Anjuman boys secured 14 technical Scholarships last year of the value of Rs. 32-8-0 per month.

THE OFFICE BEARERS.

Two of our Vice-Presidents, Mr. Faiz Badruddin Tyabji and Mr. Molony resigned their offices during the year and we take this opportunity to record the thanks of the Anjuman for their valuable services. The Honourable Mr. Justice Abdur Rahim, who was accorded a hearty welcome on his return from the Public Service Commission, was elected a Vice-President in October last. Mr. James as Vice-President has continued to evince active interest throughout the year and we beg to offer him and Mr. Justice Abdur Rahim the best thanks of the Anjuman. Our special thanks are also due to Sir John Wallis for the great help, guidance and encouragement we have always received at his hands in the successful management of this institution for the benefit of the poorer classes of the Muslim community.

Madras Anjuman.

ANNUAL MEETING.

The 32nd Annual Meeting of the Anjuman-e-Mufid-e-Ahl-e Islam was held yesterday in the Lawley Hall, Sir John Wallis, the President, being in the chair. There was a large and representative gathering, including the Hon'ble Mr. Abdur Rahim, the Hon'ble Mr. T. Sadasiva Iyer, the Hon'ble Mir. Asad Ali, Moulvi Ziauddin Sahib, Mr. Yakub Hasan, the Rev. Canon Goldsmith, the Hon'ble Shifa-ul-Mulk Zain-ul-abideen Sahib, etc.

THE REPORT.

The Secretary, Mr. Hameed Hassan, read the Annual Report for 1915-16, from which we take the following extracts :—

The maximum number of the boys, viz., 130, was maintained during the year. Compared with 110 admissions and 110 withdrawals during the preceding year, there were only 91 admissions and withdrawals during the year under report. The daily attendance for the year has been 100.5, against 96.6 in 1913-14. There was a slight increase in the outturn of the Carpentry Department, compared with the previous year. It has been proposed to teach upholstery to the Anjuman boys at an early date. A new wall has been raised at the western end of the Anjuman premises, and at the instance of Mr. James, the Standing Committee has resolved to erect a carpentry workshop. The thanks of the Anjuman were due to Sir John Wallis for the great help, guidance and encouragement the Anjuman has always received at his hands.

Mr. Justice ABDUR RAHIM, in moving the adoption of the report, said that the general financial condition of the Society seemed to be prosperous and they were able to make both ends meet. Mr. Jaffer Sait's contribution was a welcome addition to their income, having regard to the limited resources

at their disposal. The Anjuman was very much indebted to Mr. Srinivasa Iyengar for his donation of Rs. 250 and to Rao Sahib Ramanujam Chetty, from whom another handsome donation was announced by the President that evening. Mr. Chettiar always took a keen interest in the Anjuman. As regards the working of the institution, they had had 130 boys, the maximum number allowed, and they had been able to secure that maximum for some years. Their annual withdrawals amounted to almost the same number. Many of the withdrawals were at rather an early age, when the boys could not have benefited very much by the training received there. That was a problem which had been under their consideration for some time, but in future, as the usefulness of the Anjuman increased, it was hoped that there would be much fewer withdrawals at the earlier stages, and that the boys would realise that if they remained for the full term it would be greatly to their benefit. For completing the workshop they required Rs. 3,000 and deducting Rs. 1,400 and odd received as grant from the Government, it was hoped that the balance, which was not a large amount, would be found by the Anjuman to complete the scheme of the workshop. When they had a workshop in good working order, the usefulness of the Anjuman would be greatly increased and would attract a better class of boys than now. An institution of that character was what was wanted very much in this Presidency, and especially for their community, and he suggested to them that an institution like the Anjuman was really a model which ought to be copied wherever it was thought desirable to advance elementary education. Giving merely literary elementary education without a training in useful arts and industries could not be half as attractive or useful to the poorer classes as an institution where elementary education was combined with training in some useful industry. The past history of the Anjuman was a record of most useful work, and from year to year they had trained a number of boys well qualified to earn a living. With the completion of the workshop the scope of the Anjuman would be very much improved, and he strongly appealed to

the members of his community to regard the Anjuman as a most valuable asset of the community, and to do their utmost to add to its usefulness, by affording necessary financial help. The outturn in the workshop had been satisfactory in the two industries taught in the Anjuman, and they were indebted to Mr. James, a Vice President, for his idea of having a workshop and extending the work of the Anjuman. Mr. James's suggestions were always of a most practical character, and his continuance as Vice President would be to their benefit.

The Hon'ble Mr. ASAD ALI formally seconded the motion and the report was unanimously adopted.

OFFICE BEARERS.

Office-bearers for the next year were then elected as follows:—*President*—The Hon'ble Sir John Wallis; *Vice Presidents*—the Hon'ble Mr. Abdur Rahim and Mr. James; *Secretaries*—Mr. Walji Lalji and Mr. Hameed Hasan. A strong and representative Standing Committee and an Executive Committee were then formed.

THE CHAIRMAN'S SPEECH.

Sir JOHN WALLIS expressed to his regret that owing to unavoidable causes he had not been able to take that personal interest in the management of the affairs of the Anjuman which he had been able to take formerly, but he regretted it less because the concerns of the Society had never been in better hands than now, when it had as Vice Presidents Mr. Justice Abdur Rahim and Mr. James, and as Honorary Secretaries Khan Bahadur Walji Lalji Sait and Mr. Hameed Hasan, with whom he had worked so long. He looked forward with great hopes to the completion of the workshop and the new developments which should follow in the training of boys for the Anjuman. There was a prospect of an opportunity being afforded later on to the more promising boys in the carpentry section to have a course of artistic training, if they so desired. It was a gratifying feature that in these hard times the

Anjuman had been able to maintain and to increase slightly the sales in the past year. He was grateful to the Anjuman for electing him as their President and for the continued confidence shown in him, although he was not able to take that active share in the work of the society as he used to do some time ago.

With a vote of thanks to the chair, proposed by Mr. Yakub Hasan, the proceedings came to a close. "*Madras Mail*."

[TRANSLATION OF A SUNNAD GIVEN BY THE CHIEF ULAMA
OF MADRAS TO THE ANJUMAN-E-MUFID-E-AHL-E-ISLAM,
MADRAS, AND ITS SCHOOLS AND WORKSHOPS]

In the name of the Almighty and Omnipotent.

Know All Men by these presents that the business transactions of the Anjuman-e-Mufid-e-Ahl-e-Islam have been minutely observed, scrutinized, and approved by us. Undoubtedly it is a very useful institution, and it is mainly owing to the exertions of its office-bearers that this Association has done, and is doing, a great deal of good to a very large number of Muhammadans. For instance, in so short a period, as

it is from the time that this Anjuman was started, many of the ignorant and indolent persons of our religion have been taught to read and write and to work for their livelihood by legitimate means. Great care is also being taken to avoid such things as are against our religion. It is under consideration to start an Arabic School in connection with this Anjuman. The boys are now receiving lessons in religious and general subjects and in following trades, carpentry, turning, embroidery, carpet-manufacturing, etc. To encourage these students in their several industries, a suitable breakfast is given every morning to every one of them, and daily wages are given according to their attainments and, in addition to these, a substantial dinner is also given to all the boys that are engaged in the carpet, and advanced boys in other departments. By doing so, many illiterates have been made to study, and many poor and needy that were found starving here some years ago have now acquired the means of earning their bread. As the object of this Association is to increase the number of students and to help the needy as much as it lies in its power, pecuniary aid from various sources is indispensably needed, and without it the Anjuman can do nothing. We therefore recommend rich well-to-do and benevolent gentlemen to try as much as they can to help this Association so that it may be able to aim at higher objects of charity which it has in view. Oh! Mohamedans, assist mutually towards good and charity, and remember the saying of the prophet that faithful is for the faithful, as one brick is for the other in strengthening the foundation. We have nothing more than this to bring to the notice of the public.

THE STAFF.

There have been changes in the management and in the teaching staff. Mr. Cress, the late manager, was succeeded from the 1st January 1917 by Mr. V. Rama Rao, who was formerly Deputy Superintendent in the Indian Aluminium Co. Ltd. The Second Master, Nizamuddin Ahmed, resigned on the 5th of September 1916 and Muhammad Nurullah Husain was appointed in his place as a temporary measure till a trained teacher is secured.

CARPENTRY DEPARTMENT.

The new carpentry shed has been completed and the boys have now ample room to work in. Our thanks are due to Mr. James for the help he rendered us in connection with it and to his Assistant, Mr. Siva Rao, who supervised the construction. A grant of Rs. 1390/- has been received from the Government on the 31st of March 1917. towards the cost of the shed which amounted to Rs. 2862-5-11.

The out-turn in the Carpentry Department has increased during the last year as compared with the previous year. The actual sales during the year amounted to Rs. 3,118-13-9 against 3,097-2-11 for the year 1915-16. The work was turned out by the boys of the Advanced and Intermediate classes only.

THE CARPET DEPARTMENT.

There has been a considerable increase in the sales and outturn of the carpet department from Rs. 1283-1-6 in the previous year to Rs. 2659-4-8 in the year under report. We

have on hand an order from Messrs. Pushmen Bros., Chicago, for 192 carpets with a further promise. We have completed in March last an order of the same firm for 70 carpets and realised Rs. 1230/-.

DONATIONS.

We are glad to announce the following generous donations received in the year under review:—the Hon'ble the Prince of Arcot, Rs. 100 towards the Electric Installation, and Malung Ahmed Badshah Sahib B. A., Rs. 200 for the same purpose. Two more fans and eight lights have been fixed in the Lawley Hall.

TELEPHONE.

A telephone was put in on the 9th February and the Muslim League and the Muhammadan Educational Association of Southern India have each undertaken to subscribe Rs. 25 annually towards the cost. This will greatly facilitate the work of the institution.

We are glad to announce that the Anjuman boys secured 15 scholarships in the Carpentry Department of the total value of Rs. 40 per mensem.
