Sir,

In submitting herewith a copy of letter dated 28th
 February '17 of the Correspondent, Danish Mission High School,
 Tiruvannamalai, with a sketch referred to therein relating to
 the acquisition of a site for playground, I have the honour to
 recommend that it may be acquired under the Land Acquisition
 Act and that a grant not exceeding one-half of the total cost
 of acquisition may also be sanctioned. It is understood that
 its acquisition by private negotiation is difficult and would
 be expensive.

I have the honour to be,
 Sir,

Your most obedient servant,

R. A. Anand

Copy of letter from the Correspondent, Danish Mission High School, Tiruvannamalai, dated 28th February '17.

I have the honour to submit herewith an application for grant towards the cost of a playground in the prescribed form as directed by you in your letter Ref.197 A. 15/ 30.5.15.

I beg to state, that the reason for the long delay, has been financial difficulties, which have been felt especially at this time during the construction of a new building for the D.M. Secondary school. Only ^{now} ~~one~~ when this is nearly completed the Mission Home Board has found it possible to go in for further expenditure and sanctioned the necessary amount towards the Acquisition of a playground in the hope, that Government would be pleased to consider favourably an application for aid.

A suitable playground has been a great desideratum ever since the school was raised to the Secondary grade, and more especially during the latter time, when pupils are taking a rapidly growing interest in games. We have hitherto had to let the boys go a considerable distance outside the town, where the Mission owns a site for women's hospital. But as the Mission has sanctioned the building of this during this year, we will soon find ourselves unable to provide a place for games except other arrangements are made now.

The Mission has carefully watched every possibility of getting waste land, but all attempts have come to nought. Unless a site should be sought outside the municipality borders at a long distance, the only satisfactory site for the purpose is the one, I hereby beg to propose as shown in the accompanying sketch. It adjoins the school site. It has a very fine situation and it will keep sufficient open space round the school, where otherwise houses would spring up.

Further I beg to forward herewith an extract from the inspection reports of the two previous years, where the Inspector of schools, V Circle, has recommended the acquisition.

In order to ascertain the cost of the proposed site, which is

is intended to give room for two foot ball grounds of 60 x 110 yards, equal to 120 x 110 yards, I have addressed the Revenue Department, and the present Collector of North Arcot has informed me, that the cost will be Rs.3838-2-10. The former Collector, Mr. F. Richards, Esqr. M.A., was also greatly interested in the scheme and directed the Revenue authorities to facilitate the realisation thereof by all possible means.

It is therefore with a very sincere and earnest plea I now beg to make this application for aid towards the cost of the said site hoping that the matter may have your fullest sympathy and may meet with a favourable and early disposal.

Sir,

With reference to Government endorsement No. 190-1-1, dated the 11th May last, on the recommendation of the Director of Public Instruction, Madras, for the acquisition of certain lands in Tiruvannamalai Town for a play-ground for the local Danish Mission High School, I have the honour to state that the Divisional Officer, Tiruvannamalai, reports that the owners of the site under reference have no objection to part with their lands, but that, that they demand exorbitant rates of compensation, viz., Rs. 4,000 per acre in some cases and Rs 300 ² per cent in others. The former of the two rates is said to be the one at which the Danish Mission purchased a portion of the site occupied by their present school about three years
